INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Eclaro International Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eclaro International Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually

or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Eclaro International Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 2003, and most recently restated effective January 1, 2022, is a defined contribution plan covering all eligible employees of Eclaro International, Inc. and related companies (collectively, the "Company"), excluding union employees who are covered by a collective bargaining agreement, non-resident aliens who received no earned income which constitutes income from services performed with the United States, and other employees under Code Section 410(b)(6)(C). Employees who have attained 21 years of age and 3 months of service are eligible to make elective deferrals and receive matching contributions. The entry date for purposes of employee deferrals and matching contributions is the first day of the month coincident with or following the date all eligibility criteria have been met. Employees who have attained 21 years of age and at least 2 years of service are eligible to receive profit sharing contributions. The entry date for purposes of profit sharing contributions is immediate upon satisfying the eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 96% of pretax annual compensation, as defined by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company, at its discretion, may contribute matching contributions and profit sharing contributions to the Plan. The Company did not make any contributions to the Plan for the year ended December 31, 2023. Contributions are subject to certain statutory limitations.

The Plan includes an automatic enrollment feature under which newly eligible employees are automatically enrolled to make pre-tax contributions into the Plan at a rate of 3% of compensation, and their accounts under the Plan are automatically invested in the Plan's Qualified Default Investment Alternative ("QDIA"), unless the employee elects otherwise. The Plan has elected the Principal LifeTime Hybrid CIT series as its QDIA.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of Company profit sharing contributions, if any, plus Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their accounts into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions and Company profit sharing contributions, plus actual earnings thereon. Vesting in the Company matching contributions and earnings is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rate on outstanding loans at December 31, 2023 ranged from 4.75% to 9.50% per annum. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants are also entitled to receive in-service withdrawals upon attainment of age 59 ½ or as a hardship distribution, as defined in the Plan document.

Forfeited Accounts

At December 31, 2023 and 2022, there were no forfeited nonvested accounts. The Company uses forfeited accounts to reduce Company contributions or to pay administration expenses. For the year ended December 31, 2023, no forfeited amounts were allocated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and employer contributions from the Company, if any, are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance

for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. At December 31, 2023 and 2022, excess contributions payable were $35,823 and $0, respectively. The amounts due at December 31, 2023 were distributed back to the applicable participants prior to March 15th of the subsequent year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value, investments at contract value, and notes receivable from participants held at December 31, 2023 and 2022, and net change in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company ("Principal Life", certifying on behalf of itself and Principal Global Investors Trust Company), the trustee and insurance company, respectively, of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value

hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds
Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts
Collective Investment Trusts ("CITs") are not publicly quoted and are priced at net asset value ("NAV"). ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

Pooled Separate Accounts
Pooled Separate Accounts ("PSAs") are not publicly quoted and are priced at NAV. ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,266,970	$ -	$ -	$ 1,266,970
Total assets in the fair value hierarchy	1,266,970	-	-	1,266,970
Investments measured at NAV[(a)]				4,397,201
Investments at fair value	$ 1,266,970	$ -	$ -	$ 5,664,171

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 812,013	$ -	$ -	$ 812,013
Total assets in the fair value hierarchy	812,013	-	-	812,013
Investments measured at NAV[(a)]				3,767,827
Investments at fair value	$ 812,013	$ -	$ -	$ 4,579,840

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2023, are reported in net change in fair value of investments.

For the year ended December 31, 2023, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022, respectively.

	Fair Value at 12/31/23	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Trusts	$ 3,797,368	N/A	Daily	1 day
Pooled Separate Accounts	599,833	N/A	Daily	1 day
	$ 4,397,201			

	Fair Value at 12/31/22	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Trusts	$ 3,355,635	N/A	Daily	1 day
Pooled Separate Accounts	412,192	N/A	Daily	1 day
	$ 3,767,827			

5. GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was $108,239 and $63,126, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1% or greater than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with Principal Life. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The Plan Sponsor may terminate the agreement prior to the scheduled maturity date based on the terms detailed in the agreement.

6. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Principal Life is the recordkeeper of the Plan and therefore certain transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, administrative fees of approximately $39,000 were paid to Principal Life from the Plan.

Orenda Retirement, LLC ("Orenda") is the third party administrator of the Plan and therefore certain transactions qualify as party-in-interest transactions. For the year ended December 31, 2023, administrative fees of approximately $9,800 were paid to Orenda from the Plan.

Merrill Lynch ("Merrill") is the investment advisor of the Plan and therefore certain transactions qualify as party-interest transactions. For the year ended December 31, 2023, administrative fees of approximately $20,500 were paid to Merrill from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA and is relying on an opinion letter received from CCH Incorporated DBA ftwilliam.com dated June 30, 2020, stating that the IRS has determined that the pre-approved plan adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 12, 2024, the date the financial statements were available to be issued.

As a follow up to the 2019 Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act"), the SECURE 2.0 Act of 2022 ("SECURE 2.0") was signed into law on December 29, 2022. Plans are permitted to adopt these provisions immediately provided the Plan document is amended on or before December 31, 2026. Plan management intends to adopt the

following provisions of SECURE 2.0:

- For participants impacted by a federally declared disaster, the plan will permit the participant to borrow up to the lesser of $100,000 or 100% of their vested account balance (subject to any current plan limitations on the number of loans outstanding, the number of loans available in a 12-month period, limitations to specific contribution sources and any trading restrictions.) Loan payments on such loans may be delayed for one year.
- For participants impacted by a federally declared disaster, the plan will permit the participant to withdraw up to $22,000 of their vested account balance for each federally declared disaster. Such withdrawals are not treated as eligible rollover distributions. Such withdrawals may be repaid to the Plan.
- The plan will permit the withdrawal of a participant's vested account balance for purposes of meeting unforeseeable or immediate financial needs relating to necessary personal or family emergency expenses. An emergency expense withdrawal may not exceed the lesser of $1,000 or the excess of the participant's vested account balance over $1,000. A participant may only take one emergency expense withdrawal in any calendar year and shall not be permitted to take another such withdrawal within the next three calendar years unless they have repaid the distribution or have subsequently made elective deferrals to the Plan in an amount equal to the emergency expense withdrawal. Such withdrawals are not treated as eligible rollover distributions. Such withdrawals may be repaid to the Plan.
- The plan will permit the withdrawal of a participant's vested account balance if the participant is a victim of domestic abuse, as defined in SECURE 2.0. A domestic abuse withdrawal may not exceed the lesser of $10,000 or 50% of the participant's vested account balance in the Plan. Such withdrawal may be made during a one-year period beginning on any date of which the participant is a victim of domestic abuse.
- If the value of a participant's vested account balance in the Plan is greater than $1,000 but does not exceed $7,000, and the participant does not elect to receive a benefit payment, the participant's account balance will be automatically rolled into an IRA. If the value of a participant's vested account balance in the Plan is less than $1,000, and the participant does not elect to receive a benefit payment, the participant's account balance will be automatically paid out to the participant in a lump sum.
