INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Cosmax 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Cosmax 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cosmax 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our Audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cosmax 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our Audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cosmax 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cosmax 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cosmax 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cosmax 401(K) Plan (formerly Nu-World 401(K) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Cosmax USA Corporation (the Company) who meet the eligibility requirements. Employees become eligible the first pay period of 90 days of service. Employees then have 30 days to elect out before being automatically enrolled into the plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The trustees are responsible for oversight for the Plan and determining the appropriateness of the Plan's investment offerings and monitors investment performance.

On September 1, 2017, a Joinder Agreement was signed with Nutribiotech USA, Inc. to adopt the Cosmax USA Corporation 401(k) Plan. Under the agreement all eligible employees of Nutribiotech USA, Inc. were eligible to participate effective September 1, 2017.

Contributions

The Plan operates with an auto enrollment policy. Participants will have deferrals taken automatically, if alternative choices are not made once they are notified by the Plan Administrator. Each year, participants may contribute a percentage of pretax annual compensation, not to exceed the limits of Internal Revenue Code Sections 401(k), 402, 404, and 415. Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as options.

The Company contributes a safe harbor non-elective contribution match on eligible employees' elective contributions equal to 100% of the matched employee contributions up to 4% of the employees' compensation. Contributions are subject to certain limitations. All contributions to the Plan are made in the form of cash contributions. For 2023, the Company's safe harbor non-elective contributions amounted to \$536,927.

There is no safe-harbor clause in the joinder agreement with Nutribiotech USA, Inc. The Company does not make any matching contributions to the Plan.

The employers may elect to make a profit-sharing contribution to the Plan. The amount of this contribution is determined annually by the employers. A profit-sharing contribution was not made for 2023 and 2022.

The employers may elect to make a discretionary matching contribution not to exceed \$1,000 to the Plan. The amount of this contribution is determined annually by the employers. A discretionary matching contribution was not made for 2023 and 2022.

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participants' Accounts

Each participant's account is credited with (a) the participant's deferral and employer matching contributions, (b) each participant's specific earnings from their participant directed accounts, and (c) allocations of any discretionary Company contributions.

Payment of Benefits

Upon termination of service a participant will generally receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. Upon termination of service, death, disability, or retirement, a participant with an account balance will automatically receive a payout equal to the value of the participant's vested interest. Participant's, who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial need.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in employer contributions is based on years of continuous service. Participant vesting in employer contributions is: zero (0%) percent after 1 year, twenty-five (25%) percent after 2 years, fifty (50%) percent after 3 years, seventy-five (75%) percent after 4 years, and one hundred (100%) percent after 5 years.

Nutribiotech USA, Inc. utilizes the following vesting schedule for any matching or profit-sharing contributions made: Participant vesting in the employer contributions is: zero (0%) percent after 1 year, twenty (20%) percent after 2 years, forty (40%) percent after 3 years, sixty (60%) percent after 4 years, eighty (80%) percent after 5 years and one hundred (100%) percent after 6 years.

Notes Receivable from Participants

Participants may borrow from their fund accounts from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty (50%) percent of their respective vested account balances. The loans are secured by the balance in the participants' accounts and bear interest. Participants may have no more than one (1) loan in any twelve (12) month period. All participant loans must be repaid within a five (5) year period. Principal and interest is paid ratably through weekly payroll deductions.

Forfeitures

Forfeitures of matching contributions are used to reduce the employer's matching contribution. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled to \$196,311 and \$70,486, respectively.

Merger

The Board of Directors of Cosmax USA approved the merger of Cosmax USA Coporation 401(k) Plan into this plan effective February 8 ,2023. As a result, all investments were transferred into this Plan on that date.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan sponsor or from Plan assets.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2024, which is the date the financial statements were available to be issued.

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEES

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the investment and net investment information in the accompanying financial statements and the supplemental schedule were derived from information certified as complete and accurate by Reliance Trust Company and was not subject to audit.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees:

	<u>December 31,</u>	
	<u>2023</u>	<u>2022</u>
Investments at fair value	\$7,149,445	\$3,257,883
Investments at contract value	1,324,549	410,474
Participant note receivables	108,657	90,519
Investment income	956,490	N/A
Interest income on notes receivable from participants	9,039	N/A
Other income	23,075	N/A

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan has implemented generally accepted accounting standards on fair value, which established a fair value hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes used in the methodologies used at December 31, 2023 and 2022:

- **Registered Investment Companies:** Valued at a unit value (fair value) which incorporates the net asset value (NAV) of the mutual fund at the close of each business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

December 31, 2023				
Description	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$7,149,445	\$ -	\$ -	\$7,149,445
Total assets at fair value	<u>\$7,149,445</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$7,149,445</u>
December 31, 2022				
Description	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$3,257,883	\$ -	\$ -	\$3,257,883
Total assets at fair value	<u>\$3,257,883</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$3,257,883</u>

Transfers Between Levels

The Plan's policy is to recognize any transfers into and out of levels as of the date of the event or change in circumstance that caused the transfer. For the year ended December 31, 2022, there were no significant transfers into or out of levels. For the year ended December 31, 2023, \$4,355,380 was transferred into the plan due to plan merger.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Reliance Trust Company and Voya Retirement Insurance and Annuity Company, the trustees of the Plan, as of and for the years December 31, 2023 and 2022. Contributions are maintained in general accounts that provide a guaranteed interest for a specified period of time. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Reliance Trust Company and Voya Retirement Insurance and Annuity Company, the trustees of the Plan, as of and for the years December 31, 2023 and 2022, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contracts at December 31, 2023 and 2022, was \$1,324,549 and \$410,474, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the trustees. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become one hundred (100%) percent vested in their balances.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company and Voya Retirement Insurance and Annuity Company. Reliance Trust Company and Voya Retirement Insurance and Annuity Company are the custodian and trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

These party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

COSMAX 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan has investments in registered investment companies and common collective trusts, which are investment securities exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - TAX STATUS

The Plan received a favorable determination letter dated March 31, 2014 in which the Internal Revenue Service ruled that the Plan, as then was designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
