INDEPENDENT AUDITOR'S REPORT

Bend Surgery Center, LLC Profit Sharing Plan
Bend, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bend Surgery Center, LLC Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bend Surgery Center, LLC Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bend Surgery Center, LLC Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bend Surgery Center, LLC Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bend Surgery Center, LLC Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bend Surgery Center, LLC Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Company has an automatic enrollment policy. Participants becoming eligible are automatically enrolled to contribute 6 percent of their eligible compensation with the contribution rate being automatically increased by an additional 1 percent each year until the contribution rate reaches 12 percent of eligible compensation. Participants have the option to elect out of the automatic enrollment prior to the first contribution. Participants who are automatically enrolled can also opt out of the automatic annual contribution rate increases.

The Employer may make discretionary profit sharing contributions to participants allocated on an employee by employee basis in amounts determined by the Employer. Only those employees who have completed at least 12 consecutive months of service with 1,000 hours of service during the Plan year and are employed on the last day of the Plan year are eligible for profit sharing contributions. There are provisions in the Plan to permit eligibility for profit sharing contributions to participants whose death, disability, termination after normal retirement age or termination after early retirement occurs during the Plan year. Each participant's account is credited with the participant's contributions, the Employer's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, in accordance with the Plan's provisions. Participants may borrow a minimum of \$1,000 from their fund accounts or up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are permitted each year; however, only one loan may be outstanding at any point in time. The loans are secured by the balance in the participant's account and will bear a reasonable rate of interest. Principal and interest will be repaid ratably through monthly payroll deductions over a reasonable period of time, not to exceed five years. Loans for the purchase of a primary residence can be repaid over a period equal to the lesser of 30 years or the repayment period. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Forfeited Accounts

Forfeitures of terminated participants' non-vested portions of Employer contributions may be used to reduce subsequent Plan contributions or to fund administrative expenses. During the years ended December 31, 2023 and 2022, \$10,038 and \$25,817 respectively from the forfeited non-vested accounts was used to reduce employer contributions. As of December 31, 2023 and 2022, the balance of unused forfeitures was \$21,531 and \$4,162, respectively, all of which was applied to reduce the subsequent funding of Employer profit sharing contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Revenue Sharing

The Plan contains a revenue sharing expense offset arrangement where the Plan is credited a monthly amount based on a percentage of plan assets which is used to offset expenses. For the years ended December 31, 2023 and 2022, \$22,098 and \$24,555, respectively, was credited to the account and used to pay Plan expenses. There was no ending balance in the Plan's revenue sharing account as of December 31, 2023 and 2022.

Administrative Expenses

Certain administrative expenses such as loan fees and account maintenance fees for terminated employees are paid by the Plan from those affected participants' accounts. Other expenses such as professional fees may be paid by the Employer or the Plan, at the election of the Plan Administrator. Expenses paid by the Employer are excluded from these financial statements. Investment-related expenses, other than revenue-sharing credits paid directly to the Plan's financial advisor, are included in the net change in fair value of investments.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Standard Adopted

On January 1, 2023, the Plan adopted Accounting Standards Update (ASU) 2016-13 Financial Instruments – Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments, and all related amendments* (ASC 326), which replaced the incurred loss methodology for recognizing credit losses with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of lifetime expected credit losses to be recognized for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts, and for the financial assets to be presented at the net amount expected to be collected on the statements of net assets available for benefits. The financial assets held by the Plan that are subject to ASC 326 are employer contributions receivable and participant contributions receivable.

The Plan adopted ASC 326 effective January 1, 2023. There was no impact to the financial statements as a result of adopting this standard.

3. Information Prepared and Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, notes receivable from participants and related interest on notes receivable from participants, net change in fair value of investments, and dividend income for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the Plan's trustee. The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BEND SURGERY CENTER, LLC PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Registered investment companies: Quoted market prices are used to value each fund based on the net asset value (NAV) of shares held by the Plan at year end. All mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at Fair Value as of December 31, 2023			
Level 1	Level 2	Level 3	Total
Registered investment companies			
\$ 10,132,686	\$ -	\$ -	\$ 10,132,686
Assets at Fair Value as of December 31, 2022			
Level 1	Level 2	Level 3	Total
Registered investment companies			
\$ 7,947,329	\$ -	\$ -	\$ 7,947,329

5. Tax Status

The Plan has adopted a prototype non-standard profit-sharing plan with CODA. ADP, LLC, the sponsor of the prototype, obtained its latest opinion letter dated October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been made in the financial statements.

**BEND SURGERY CENTER, LLC PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

5. Tax Status, continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, based on the technical merits of the position. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Related Party Transactions

Administrative fees paid directly to an affiliate of Reliance Trust Company, the trustee, for recordkeeping services were \$25,137 and \$23,445 for the years December 31, 2023 and 2022, respectively. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their accounts.

9. Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications had no effect on previously stated net assets or changes in net assets.

10. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
