Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		12000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☒		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☒		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

To the Plan Administrator
Atlantic Union Bankshares Corporation 401(k) Profit Sharing Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Atlantic Union Bankshares Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Atlantic Union Bankshares Corporation 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1993 by Atlantic Union Bankshares Corporation and subsidiaries (collectively, the Company, Employer, Plan Administrator). The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 8, 2022, the Company's Board of Directors approved the merger in of the Atlantic Union Bankshares Corporation Employee Stock Ownership Plan and Trust. Effective January 1, 2023, the Plan was restated to permit ESOP provisions within the Plan. The merger was effective January 1, 2023. In January 2023, 752,966 shares of Company common stock totaling \$27,209,123 were transferred to the Plan from the Atlantic Union Bankshares Employee Stock Ownership Plan and Trust.

On April 1, 2022, Empower Annuity Insurance Company of America acquired the full-service retirement business of Prudential Financial, Inc. In connection with that transaction, Empower acquired all shares of the following entities: Prudential Retirement Insurance and Annuity Company (PRIAC) and Prudential Bank & Trust, FSB (PB&T). Prior to March 31, 2023, Prudential Bank & Trust, FSB (PB&T) served as the trustee of the Plan. Effective March 31, 2023, PB&T merged into Empower Trust Company, LLC (Empower), and all services performed by PB&T were assumed by Empower. Recordkeeping services are performed by an affiliate of the trustee, Empower Annuity Insurance Company (formerly PRIAC).

Eligibility

Employees of the Company who have attained age 18 are considered eligible for participation in the Plan, except for: (1) residents of Puerto Rico; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) leased employees; (4) independent contractors; and (5) part-time, temporary or seasonal employees whose regularly scheduled service is less than 1,000 hours per plan year. An eligible participant can enter the Plan immediately upon meeting the eligibility requirements.

To be considered eligible for participation in the ESOP portion of the Plan, the participant must also complete six months of service. An eligible participant enters the ESOP portion of the Plan on the first day of each semi-annual plan year end (January 1 and July 1).

Contributions

Each year, participants may contribute from 1 percent to 75 percent of their annual compensation, as defined in the Plan. The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Atlantic Union Bankshares Corporation

401(k) Profit Sharing Plan

Notes to Financial Statements

Participants may also contribute amounts representing distributions from qualified defined benefit or defined contribution plans (rollover).

The Plan includes an automatic enrollment provision whereby newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants defer 5 percent of their eligible compensation each payroll period upon entry. Automatic enrollment deferral contributions increase 1 percent annually up to a maximum of 10 percent unless the employee enters into a salary reduction agreement or the employee chooses to opt-out of participation in the Plan.

The Company provides safe harbor matching contributions equal to 100 percent of a participant's deferrals up to 3 percent of eligible compensation, plus 50 percent of a participant's deferrals that exceed 3 percent but do not exceed 5 percent of eligible compensation. Safe harbor matching contributions totaled \$7,858,985 for the Plan year ended December 31, 2023.

The Plan also permits discretionary employer matching contributions. If the Company's Board of Directors approves a discretionary employer matching contribution, the contribution would be allocated to participants. There were no discretionary employer matching contributions for the year ended December 31, 2023.

Effective January 1, 2023, the Plan was restated to allow the Company to make discretionary non-elective employer ESOP contributions to the Plan. ESOP contributions are able to be contributed to the Plan in shares of Company common stock or in cash that is converted to shares of Company common stock. To be eligible for an allocation of the ESOP contribution during a Plan year, participants must have completed at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. The Company authorized an ESOP contribution of \$803,633 for the Plan year ended December 31, 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions and allocations of (a) the Company's discretionary contributions, and (b) net Plan earnings or losses. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are vested immediately in elective deferrals, Roth, and rollover contributions and the allocated earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of continuous service. For safe harbor matching contributions, employer matching contributions, and non-elective contributions and earnings thereon, a participant is 100% vested after 2 years of credited service.

Atlantic Union Bankshares Corporation
401(k) Profit Sharing Plan
Notes to Financial Statements

ESOP contributions and earnings thereon are subject to the following vesting schedule:

<i>Vesting Service (in Years)</i>	<i>Vesting Percentage (%)</i>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 years or more	100%

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan. Different vesting schedules may apply to certain participants as described in the Plan document due to prior plan provisions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan terms range to a maximum of 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate for a participant loan from the Plan is comparable to the current interest rates charged by financial institutions for similar loans. For participants within the Plan the interest rate will be determined by the current U.S Federal Reserve bank prime rate plus 1 percent and will remain that way over the lifetime of the loan. The interest rate on participant loans is declared quarterly. Interest rates on current loans within the Plan range from 3.25 percent to 9.50 percent. Principal and interest is paid ratably through regular payroll deductions. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Internal Revenue Code (IRC).

Investment Options

Plan participants are given the option to direct account balances and all contributions made into any of the remaining investment options provided by the Plan other than the ESOP Account. Participants may change their investment options through an internet website or via telephone to a customer service center. ESOP contributions are invested in Company common stock when contributed. Participants may elect to move amounts in the ESOP Account to another investment option available under the Plan subject to the certain Plan provisions; however, amounts may not be redirected to the ESOP account from another investment option.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account (excluding his or her ESOP Account) in the form of a lump sum amount or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account (excluding his or her ESOP Account) as a lump sum distribution. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$1,000 or less. Withdrawals may also be made upon attainment of age 59 ½ and circumstances of financial hardship, as defined in the Plan.

Upon retirement, termination of employment, death, or disability, participants or their beneficiaries may elect to receive the value of the vested interest in their ESOP Account. Distributions of ESOP Accounts are made in cash or, if a participant elects, in the form of Company common shares, plus cash for any fractional shares. ESOP Accounts are payable in substantially equal payments over a period not to exceed the greater of five years. If a participant's ESOP Accounts balance are over a certain threshold, the payments are made over a period of six years.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$371,602 and \$181,852, respectively. These accounts may be used to pay Plan administrative expenses, be allocated as additional discretionary non-elective contributions, or reduce future employer matching contributions. During the year ended December 31, 2023, \$494,448 of the forfeited nonvested accounts were used to reduce employer matching contributions. Additionally, forfeitures of \$73,252 were reallocated to ESOP accounts during the year ended December 31, 2023.

Voting Rights

Each participant holding Company common stock is entitled to direct the Trustee as to the exercise of any voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. If a participant does not timely exercise the right to vote the shares, the Trustee shall vote in the same proportion as to which voting instructions have been received, unless otherwise directed by the Plan Administrator.

Put Option

In the event Company common stock distributed from the Plan is not readily tradable on an established market at the time of distribution, the Company shall provide a put option to any participant (or beneficiary) who receives a distribution of Company common stock. The put option shall permit the participant (or beneficiary) to sell such Company common stock to the Company at any time during two put option periods.

The first put option period is the period of 60 days beginning on the date following the date the Company common stock was distributed to the participant or beneficiary. The second put option period is a period of at least 60 days in the following Plan year. The price to be paid for Company common stock sold pursuant to a put option shall be fair market value. The Company may allow the Trustee to purchase any shares of Company common stock covered by the put option. The Company may pay for the purchase with interest over a period of five years.

Diversification

Diversification, which is a form of in-service distributions, is offered to participants close to retirement so that they may have the opportunity to withdraw a portion of their investment in Company stock. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to withdraw a portion of their account. Diversification is offered to each eligible participant over a six-year period. In the first five years of that period, a participant may elect to withdraw an amount which does not exceed 25 percent of the number of shares of Company stock allocated to his or her account since the inception of the Plan, less all shares previously withdrawn under the diversification plan provision. In the sixth year, the participant may elect to withdraw an amount which does not exceed 50 percent of the balance in his or her account since the inception of the Plan, less all amounts previously withdrawn under the diversification plan provision.

Withdrawals under this plan provision shall be made in cash or Company stock, as elected by the participant. Alternatively, the participant may elect to transfer the diversification amount to the 401(k) component of the Plan or another qualified plan maintained by the Company, provided the plan provides at least three investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the 2022 financial statements have been reclassified to conform to the current year financial statement presentation. These reclassifications had no effect on the net assets available for benefits or the net increase in the net assets available for benefits as previously reported.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of the Stable Value Fund, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies using information provided by the Plan's investment advisors, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Atlantic Union Bankshares Corporation

401(k) Profit Sharing Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis (i.e., the date on which the security trade occurs). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date (i.e., the date on which a stockholder must hold a security in order to be entitled to receive a dividend or distribution). Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contribution Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Other employer contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Upon default, the participant will have the opportunity to resume current status by paying any missed payments and interest. If the loan remains in default, the Plan Administrator will offset the participant's vested account balance with the outstanding balance of the loan. The participant remains obligated for any unpaid principal and accrued interest. Participants who have defaulted on a loan are not allowed any additional loans from the Plan. Since participant loans are limited to 50 percent of the vested account balance, a loan is fully secured by the remaining account balance and therefore no allowance for loan loss is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments. A Plan Fee Recapture Account is maintained by the third-party administrator which may be used to pay Plan expenses. During the year ended December 31, 2023, the Plan received and utilized \$110,032 from this account to pay certain Plan expenses.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

Atlantic Union Bankshares Corporation
401(k) Profit Sharing Plan
Notes to Financial Statements

Effective April 1, 2024, the Company acquired American National Bank and Trust Company (AMNB). AMNB sponsors the American National Bank & Trust Company Employees' Savings Plan (AMNB Plan) and, for the remainder of 2024, employees eligible to participate in the AMNB Plan immediately prior to the acquisition will continue to be eligible to participate in the AMNB Plan. Effective as of April 1, 2024, the Atlantic Union Bankshares Corporation 401(k) Profit Sharing Plan was amended to exclude employees who are eligible to participate in the AMNB Plan.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, net appreciation in fair value of the investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Prudential Trust Company, qualified institutions.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

401(k) Profit Sharing Plan

Notes to Financial Statements

There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Company Common Stock: The Company's common stock held by the Plan is valued at the quoted market price as traded on the NASDAQ exchange under the symbol AUB.

Pooled Separate Accounts: Valued at the NAV of units of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Empower Annuity Insurance Company is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV.

Collective Investment Trusts (CITs): Collective investment trusts are valued at the NAV of units held. The NAV, as provided by the trustee of the CITs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient is not used when it is determined to be probable that the CITs will sell for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2023</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

5. Investments at Contract Value

The Plan holds the Prudential Stable Value Fund. The Prudential Stable Value Fund is a stable value fund that investments in a group annuity contract (a synthetic guaranteed investment contract (GIC)) issued by The Prudential Insurance Company of America (PICA) and the Prudential Core Conservative Intermediate Bond Fund, a fixed income common trust. The objective of the fund is to provide safety of principal and competitive, stable guaranteed returns. The synthetic GIC held by the Plan includes a wrapper contract that provides a guaranteed interest crediting rate, which is reset quarterly and cannot fall below 0%.

The Plan's investment in the Prudential Stable Value Fund is fully benefit-responsive and therefore, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to this investment. Contract value is the relevant measure because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Prudential Stable Value Fund at contract value. The Prudential Stable Value Fund is valued based on information reported by the fund's issuer. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Atlantic Union Bankshares Corporation
401(k) Profit Sharing Plan

Notes to Financial Statements

Certain events may limit the ability of the Stable Value Fund or the Plan with respect to the Stable Value Fund to transact at contract value. Withdrawals from the Stable Value Fund prompted by the Plan or the Company, such as withdrawals resulting from adjustments to the Plan's investment options, may be paid at less than full contract value. The Plan administrator does not believe that the occurrence of any such events is probable.

6. Nonparticipant-Directed Investments

Investments in Company common stock within the ESOP Accounts and related earnings thereon are nonparticipant-directed. Participants may transfer their funds out of Company common stock as described in the Plan document, but transfers back into Company common stock are prohibited. Effective January 1, 2023, nonparticipant-directed investments totaling \$27,209,123 were merged into the Plan as described in Note 1.

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

<i>December 31,</i>	2023
---------------------	-------------

Net assets:

Company common stock	\$ 24,849,900
Employer contribution receivable	803,633

25,653,533

<i>Year ended December 31,</i>	2023
--------------------------------	-------------

Changes in net assets:

Employer contributions	\$ 803,633
Net appreciation from Company common stock	751,737
Dividends on Company common stock	879,532
Transfers out	(490,964)
Benefits paid to participants	(3,499,528)

\$ (1,555,590)

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Atlantic Union Bankshares Corporation
401(k) Profit Sharing Plan
Notes to Financial Statements

8. Tax Status

The Plan uses a pre-approved plan document sponsored by CCH Incorporated, DBA ftwilliam.com. CCH Incorporated received an opinion letter from the IRS dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by affiliates of the trustee, including Empower Annuity Insurance Company and Empower Life & Annuity Insurance Company. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers and also received revenue credits from Empower. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

The Plan also invests in Company common stock. As of December 31, 2023, the Plan held 680,074 shares of Company common stock, with a cost basis of \$11,119,401. As of December 31, 2023, the Plan held no shares as the ESOP was not merged into the Plan until January 2023 as described in Note 1. During the Plan year ended December 31, 2023, the Plan recorded dividend income related to the Company common stock of \$879,532.

10. Risks and Uncertainties

The Plan holds various investment securities, including Company common stock. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
