INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
The Steak 'n Shake 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Steak 'n Shake 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE STEAK N SHAKE 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2023 AND 2022, AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of The Steak n Shake 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more comprehensive description of the Plan’s provisions.

General — The Plan is a defined contribution plan covering substantially all employees of Steak n Shake Inc. (the “Company” or “Plan Sponsor”) and its divisions, subsidiaries, or affiliated companies upon attaining age 21. The Company is a subsidiary of Biglari Holdings Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan’s trustee and recordkeeper are the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Retirement Solutions (“Principal”), respectively.

Contributions — Participants may make voluntary contributions up to 60% of their before-tax annual compensation, as defined in the Plan. The contributions are subject to certain limitations imposed by the Internal Revenue Code (the “Code”).

Effective July 31, 2022, the Company amended and restated the Plan and elected through a Principal prototype plan document, a Safe Harbor plan design that replaced its prior Plan document and was made available to all active employees over the age of 18. The Company matching contributions under the Safe Harbor 401(k) plan vest immediately and are equal to 100% of each eligible participant’s tax-deferred contributions up to 3% of the participant’s compensation plus 50% of the eligible participant’s tax-deferred contributions for the next 2% of compensation.

Rollovers from Other Qualified Employer Plans — The Plan allows for employees to transfer certain of their other qualified employer retirement plan assets to the Plan. There were employee rollovers of \$642,739 during the year ended December 31, 2023.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contribution and allocations of the Company’s matching or discretionary contributions and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan, including collective trust funds, mutual funds, and unitized common stock funds containing Biglari Holdings Inc. Class A and Class B common stock. All amounts in participant accounts are participant-directed.

Participants of the Plan may not contribute to or reallocate their funds to either of the Biglari Holdings Inc. classes of common stock if, at the time of such transfer, the aggregate value of Biglari Holdings Inc. common stock constitutes more than 50% of the participant’s account balance.

Vesting — With the adoption in 2022 of the Safe Harbor provisions, participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

Payment of Benefits — On termination of service due to death, disability, or retirement, a participant will automatically become 100% vested in his or her account and may receive a lump-sum distribution equal to the value of the account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the amount payable under the Plan to any participant is less than or equal to \$1,000, the benefits will be paid as a lump-sum distribution. The Plan also offers voluntary withdrawals from rollover contributions and financial hardship withdrawals, subject to Plan provisions.

Forfeitures — Amounts forfeited by participants are first used to reduce future employer contributions payable under the Plan. Any remaining amounts are used to pay administrative expenses. As of December 31, 2023 and 2022, nonvested forfeited accounts totaled \$0 and \$3,756, respectively. During the year ended December 31, 2023, employer contributions were reduced by \$7,033 from forfeited non-vested accounts.

Notes Receivable from Participants — The Plan allows for participant loans. The requested loan amount cannot be less than \$1,000; in addition, the amount borrowed cannot exceed the lesser of (1) 50% of the participant's total vested account balance, or (2) \$50,000 less the highest outstanding loan balance on the last 12 months. The outstanding loans are secured by the balance in the participant's account and bear interest at a fixed rate. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2023, loans mature through 2028, and bear interest at rates of 4.25% to 9.5%. Interest rates are fixed at 1% plus the current prime lending rate of Principal on the date the loan applications are requested. Principal and interest are paid through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting — The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Payment of Benefits — Benefit payments are recorded when paid. There were no participants who elected to withdraw from the Plan but had not yet been paid as of December 31, 2023 or 2022.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided by the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions — Employee contributions and employer matching contributions are recorded when withheld and submitted to Principal. The Plan is required to return contributions received during the Plan year in excess of Code limits.

Investment Valuation and Income Recognition — Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities, including related gains and losses, are recorded on a trade-date basis. Interest income is recorded as earned and dividend income is recorded on the date of declaration. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties — The Plan provides various investment options to its participants that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Investments — The Plan has a concentration of investments in two collective trust funds in 2023 and 2022, and in two mutual funds in 2023 and one mutual fund in 2022. At December 31, 2023 and 2022, these funds represented 60% and 54%, respectively, of the Plan's investments at fair value. A significant change in the value of these funds could cause the value of the Plan's net assets available for benefits to change due to this concentration.

Use of Estimates — The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

3. FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurements and Disclosures", provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022.

Mutual Funds — Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock Funds — A separately managed account that is a unitized stock fund that operates similarly to a mutual fund, in that it is composed of stock, and a small percentage of cash or another short-term interest-bearing vehicle. The Biglari Holdings Inc. unitized funds are comprised of Biglari Holdings Inc. Class A and Class B common stock and cash equivalents. The inclusion of cash provides liquid assets to allow for the daily processing of transfers, loans, and withdrawals. The value of a unit in a unitized stock fund is based on the Net Asset Value (NAV), which is the value of the underlying common stock and any cash held by the fund, divided by the number of units outstanding. Therefore, the NAV of the fund (the “unit price”) will, as a rule, be different from the closing price of the underlying stock on the applicable exchange. The individual assets of a stock fund are considered separately as individual investments for financial statement reporting purposes.

Collective Trust Funds — Collective trust funds are valued at the net asset value which are provided by the trustee. Net asset value is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level within the fair value hierarchy a summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2023 and 2022.

The Great Gray collective investment trust fund is primarily invested in MetLife Group Annuity Contract No. 25554, and the investment objective of the fund is to provide safety of principle, adequate liquidity and a competitive yield with low return volatility.

There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Principal, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of net assets:		
Participant-directed investments—at fair value	\$ 16,497,989	\$ 15,079,387
Notes receivable from participants	89,275	81,588
Statement of changes in net assets:		
Investment income:		
Net appreciation in fair value of investments	\$ 2,021,491	
Interest and dividends	227,108	
Other Income	25,767	
Interest income on notes receivable from participants	2,178	

Note 3: All investment balances in the note, excluding the level of investments.

Supplemental schedule: All investment balances and investment information included in the supplemental schedule of assets (held at end of year).

5. RELATED-PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of collective trust funds sponsored by Principal. Steak n Shake Inc. is the Plan Sponsor and Principal is the trustee and recordkeeper, as defined by the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

At December 31, 2023, the Plan held 111 shares of Biglari Holdings Inc. Class A common stock and 651 shares of Class B common stock within unitized stock funds, with a cost basis of \$107,775 and \$124,672, respectively. At December 31, 2022, the Plan held 105 shares of Biglari Holdings Inc. Class A common stock and 658 shares of Class B common stock within unitized stock funds, with a cost basis of \$104,039 and \$127,462, respectively.

6. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Principal. Principal received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype document satisfies applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 25, 2024, the date the financial statements were available to be issued. No events occurred that would require disclosure or adjustments to the Plan's financial statements.
