INDEPENDENT AUDITOR'S REPORT

To the Plan Administration and Participants
WRG 401(k) Plan and Trust
Deerwood, Minnesota

SCOPE AND NATURE OF THE *ERISA* SECTION 103(A)(3)(C) AUDIT

We have performed audits of the accompanying financial statements of WRG 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974 (ERISA)*, as permitted by *ERISA* Section 103(a)(3)(C) [*ERISA* Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with *ERISA* Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

(continued)

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

OTHER MATTER – SUPPLEMENTAL SCHEDULE REQUIRED BY *ERISA*

The supplemental Schedule H – Line 4(i) – Schedules of Assets (Held End of Year) as of December 31, 2023 (the supplemental Schedule H) on page 15, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental Schedule H, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental Schedule H that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

(continued)

In forming our opinion on the supplemental Schedule H, we evaluated whether the supplemental Schedule H, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*.

In our opinion –

- The form and content of the supplemental Schedule H, other than the information in the supplemental Schedule H that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*.
- The information in the supplemental Schedule H related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023 and 2022

NOTE 1 – SUMMARY DESCRIPTION OF THE PLAN

The following description of WRG 401(k) Plan and Trust (the Plan) provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan (the Plan Agreement).

A. General

The Plan is a defined contribution 401(k) plan under § 401(k) of the Internal Revenue Code (IRC) established by Rice Lake Contracting Corp. dba Rice Lake Construction Group (RLCG) on March 1, 1995, to provide retirement benefits for eligible employees of RLCG. RLCG is currently a subsidiary of Water Resources Group, Inc. (WRG) (the Company).

The Plan was amended to allow for the eligibility of employees of Rice Lake West, Inc., formerly Stanek Constructors, Inc. and Banner Utility Services, LLC, both subsidiaries of WRG, to be able to participate in the Plan.

Eligible employees of the Company include all nonexcluded employees, as defined by the Plan, who have completed one year of service, defined as the completion of 1,000 hours of service, and are age 21 or older. The Plan is subject to the provisions of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974 (ERISA)*, as amended.

B. Contributions

Each year, participants may contribute a specific percentage or dollar amount of annual compensation, as defined by the Plan, up to a maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants are permitted to designate a portion or all of their otherwise eligible deferral and rollover contributions as either pretax or post-tax Roth contributions. Participants direct the investment of their contributions and company matching contributions into various investment options offered by the Plan. The Company makes a basic safe harbor contribution to participants, based on eligible pay or compensation equal to 100 percent of the first 3 percent of salary deferral, plus 50 percent of the next 2 percent of salary deferral. The basic safe harbor contribution is allocated to participant accounts each payroll period, based on the participant's total deferrals for the entire plan year, and based on total compensation over the entire plan year.

The Company may also make discretionary nonelective contributions as declared by the Board of Directors of the Company. Discretionary nonelective contributions are allocated on a pro rata basis as a uniform percentage of participant compensation.

The Plan Agreement also contains an automatic enrollment feature, in which newly hired eligible employees are automatically enrolled within the Plan at a deferral rate of 5 percent unless they affirmatively opt out of the Plan.

PLAN AND TRUST

Notes to Financial Statements (continued)
December 31, 2023 and 2022

NOTE 1 – SUMMARY DESCRIPTION OF THE PLAN (CONTINUED)

C. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching or discretionary nonelective contributions, and an allocation of plan earnings, and is charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Notes Receivable – Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000, or 50 percent, of their vested account balance. The maximum number of loans outstanding at any one time is one. The loans are secured by the balance in the participant's account and bear interest at a rate equal to Prime plus 1 percent. Loans shall provide for level amortization, with payments to be made no less frequently than quarterly over a period not to exceed five years. If the loan was used to acquire the participant's principal residence, payments may be extended to a period up to 15 years. Principal and interest are generally paid ratably through biweekly payroll deductions. Loans become immediately due and payable upon a participant's termination of employment, death, or disability. A participant's loan shall be considered in default at the end of the calendar quarter following a calendar quarter for which there is outstanding any part of any payment due (principal or interest).

E. Vesting

Participants are vested immediately in their contributions and safe harbor contributions, plus actual earnings thereon. Company discretionary nonelective contributions, plus actual earnings thereon, are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less Than 2	– %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

F. Payment of Benefits

In the case of normal retirement, termination due to permanent disability or death, or termination of employment, a participant may elect to receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump sum distribution or in an alternative manner mutually agreed upon by the participant and the Administrative Committee. Certain mandatory distribution provisions apply to participant balances of \$5,000 or less.

WRG 401(k)
PLAN AND TRUST

Notes to Financial Statements (continued)
December 31, 2023 and 2022

NOTE 1 – SUMMARY DESCRIPTION OF THE PLAN (CONTINUED)

G. Forfeitures

Forfeitures represent the portion of a participant's account that is not vested at the time of distribution or on the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service.

Any forfeitures are first used to reduce plan expenses and any forfeitures in excess of plan expenses are used to reduce any discretionary nonelective contributions of the Company. At December 31, 2023 and 2022, there were no forfeited nonvested amounts and there was no application of forfeitures during the year ended December 31, 2023.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as reported by Alerus Financial of Grand Forks, North Dakota (Alerus), the Directed Custodian of the Plan, as of December 31, 2023 and 2022. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies. See Note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (or depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Notes Receivable – Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account when incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on terms of the Plan Agreement.

E. Payment of Benefits

Benefits are recorded when paid, with the exception of corrective distributions, which are recorded annually at year-end.

F. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and, therefore, are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in the net appreciation or depreciation in fair value of investments. Other administrative expenses may be paid out of the Plan's trust fund unless paid by the Company. Audit-related administrative expenses are paid by the Company (see Note 6).

G. Uncertain Tax Positions

The Plan follows recognition requirements for uncertain income tax positions as required by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Plan has analyzed tax positions taken for filing with the IRS, the DOL's Employee Benefits Security Administration, and the state jurisdiction where it operates. The Plan believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plan's financial condition or results of operations. Accordingly, the Plan has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2023.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

H. Subsequent Events

Subsequent events have been evaluated by management through September 19, 2024, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* for 2023 and 2022. Accordingly, Alerus, the Directed Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, the investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 4 – FAIR VALUE MEASUREMENTS

The FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest level of priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the assets or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value or net asset value (NAV). There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds – Consist of short-term, or less than one year, securities representing high-quality, liquid debt and monetary investments. Money market funds have the objective to earn interest for holders, while maintaining a NAV of \$1 per share. Money market funds held by the Plan are actively traded open-ended funds that are registered with the United States Securities and Exchange Commission (SEC).

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Registered Investment Companies – Consist of mutual funds and are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of plan termination, participants would become 100 percent vested in their employer discretionary nonelective contributions.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The investment portfolio is subject to advisory services provided by Carlson Capital Management (CCM), an independent advisory firm, which qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory services provided by CCM for the year ended December 31, 2023 totaled \$31,512, which were not covered by revenue sharing.

Notes receivable from participants and transactions with the Plan Sponsor also qualify as party-in-interest transactions.

The Company pays for contract administration services provided by Alerus, the third party administrator and custodian of the Plan. The Plan paid certain other fees for services provided by Alerus for the year ended December 31, 2023 totaling \$5,376.

Certain fees incurred by the Plan for investment management services are included in net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company pays for audit services provided by an unrelated independent public accounting firm.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of *ERISA*.

NOTE 7 – TAX STATUS

The Plan relies on the prototype nonstandardized profit sharing plan established by Alerus, which the IRS determined and informed Alerus by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 8 – RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

At December 31, 2023 and 2022, the Plan had investments totaling \$5,240,602 and \$3,257,617, respectively, that were concentrated in three and two funds, respectively.

NOTE 9 – PLAN TRANSFER

The net assets of Stanek Constructors, Inc. Profit Sharing Plan were transferred into the Plan with an effective date of August 1, 2023. The transfer was largely received in the form of cash and cash equivalents. Each participant's account balance was generally reinvested either in an index fund that coincides with each participants normal retirement date or a plan asset that most closely resembled the fund the participant was exiting. Transfers consisted of \$618,800 in cash.
