Report of Independent Auditor

To,
The Participants and the Plan Administrator,
Dako Resources, L.L.C. 401(k) Profit Sharing Plan & Trust
(Formerly known as Dako Resources, Inc. 401(k) Profit Sharing Plan & Trust)

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the accompanying financial statements Dako Resources, L.L.C. 401(k) Profit Sharing Plan & Trust (formerly known as Dako Resources, Inc. 401(k) Profit Sharing Plan & Trust) (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and December 31, 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023, and December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023, and December 31, 2022, and for the years ended December 31, 2023, and December 31, 2022, stating that the certified investment information, as described in note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audits of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

2024-266-US

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - Supplemental schedules required by ERISA.

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2023, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2023 (under supplemental information), are presented for purposes of additional analysis and not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Dako Resources, L.L.C. 401(k) Profit Sharing Plan & Trust (formerly known as Dako Resources, Inc. 401(k) Profit Sharing Plan & Trust) ("Plan") provides only general information. Participants should refer to the Summary Plan Description of the Plan for a complete overview of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all the employees of Dako Resources, L.L.C. (formerly known as Dako Resources, Inc.) ("Dako/ the Company/ Plan Sponsor"). An employee becomes eligible to participate in the Plan upon completion of three months of service and attaining the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Administrative expenses relating to investment transactions and recordkeeping are paid by the Plan, and all other expenses are paid by the Company.

Contributions

Each year participants may contribute an amount of after-tax (Roth) or pre-tax compensation not to exceed the limits established by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan through the John Hancock Trust Company LLC, the trustee of the Plan. Dako may make matching and or discretionary contributions to the Plan each year as defined in the Plan document. Matching contributions are equal to a percentage of the employee's salary and are determined annually by Dako's management.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable), and (b) Plan earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts (if applicable) is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits

At the time a participant is entitled to receive a distribution under the Plan, the administrator will direct the distribution of the benefits to the participant in one lump-sum cash payment. In-service withdrawals and hardship distributions can also be paid under certain circumstances.

Plan termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan in whole or in part, subject to the provisions set forth in ERISA. Upon termination of the Plan, all of the accrued benefits of each participant in the Plan shall be determined as of the date of such event and shall be

considered fully vested.

Forfeited accounts

Non-vested account balances of terminated employees are forfeited after five consecutive one-year breaks in service, as defined in the Plan agreement. The employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan by the employer, as defined in the Plan agreement. As of December 31, 2023, and December 31, 2022, non-vested forfeited accounts totaled \$123,291 and \$14,843, respectively. For the years ended December 31, 2023, and December 31, 2022, forfeitures of terminated employees' non-vested accounts totaled \$112,396 and \$52,834, respectively. During the year ended December 31, 2023, \$NIL was used to reduce employer contributions, and \$7,308 was used to pay plan expenses. During the year ended December 31, 2022, \$36,243 was used to reduce employer contributions, and \$8,504 was used to pay plan expenses.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates in financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments, excluding the Stable value funds, are reported at fair values. All investment income is recorded when earned.

Stable value funds, at contract value.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Certain events limit the ability of the Plan to transact at contract value with the Met Life Stable Value Solution. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) election by the employer to withdraw from a stable value fund in order to switch to a different investment provider, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable to occur.

(Formerly known as Dako Resources, Inc. 401(k) Profit Sharing Plan & Trust)

Financial Statements

December 31, 2023, and December 31, 2022

Other

Benefits are recorded when paid. Contributions receivable as of December 31, 2023, and December 31, 2022, are based on subsequent cash receipts. Management believes all contributions are collectible and that no allowance for doubtful accounts is necessary.

NOTE 3: TAX STATUS

For the years ended December 31, 2023, and December 31, 2022, the plan entered into a non-standardized adoption agreement of John Hancock Retirement Plan Services LLC, a Non- Standardized Pre-Approved Profit-Sharing Plan/ Money Purchase/Cash or Deferred Arrangement (“CODA”). John Hancock Retirement Plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, that states that the form of the non-standardized pre-approved profit-sharing plan is acceptable under Section 401 of the Internal Revenue Code (IRC.) It is the opinion of the Plan trustee and the Plan’s attorney that the Plan is in compliance with all applicable laws and regulations.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, and December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 5: INFORMATION CERTIFIED BY JOHN HANCOCK TRUST COMPANY LLC (“TRUSTEE”) (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the investment values at December 31, 2023, and December 31, 2022, and the related investment transactions for the years then ended included in the financial statements and supplemental schedules for the year ended December 31, 2023, were obtained from the data that has been prepared and certified to as complete and accurate by the trustee of the Plan. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. The following tabulation presents the fair values of investments, as determined by the trustee.

Investments at fair value (except Stable value fund) as determined by quoted market price by the trustee:

Net income (loss) as per form 5500	3,817,602	(1,811,522)

NOTE 7: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Quoted prices in active markets for identical securities.

Level 2 - Prices determined using other significant observable inputs. Observable inputs that other market participants would use in pricing a security, including quoted prices for similar securities.

Level 3 - Prices determined using significant unobservable inputs. Unobservable inputs reflect the investment's own assumptions about the factors market participants would use in pricing an investment and would be based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for assets measured at fair value. There

have been no changes in the methodologies used at December 31, 2023 and December 31, 2022.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Money market funds are considered cash equivalents.

Common/collective trusts ("CCT") are valued using the NAV practical expedient of the CCT as reported by the issuer of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

Stable value funds are investment contracts held by a defined contribution plan that are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and December 31, 2022:

Description	Amount (\$)	<u>2023</u>			Others

During the years ended December 31, 2023, and December 31, 2022, the Plan's investments (including gains and losses of investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

	December 31, 2023	December 31, 2022
Net appreciation (depreciation) in fair value of investments	2,462,136	(3,063,366)
Interest and dividend income	357,829	251,169

NOTE 9: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2022, due to unintentional delays, the Company failed to deposit payroll withholdings amounting to \$216,820 after the time frame deemed to be within the Department of Labor's (DOL) regulations for timely remittances. During the year 2023, the Company corrected delinquent contributions by calculating and remitting lost earnings using DOL guidelines for late deposits.

NOTE 10: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2023, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
