Board of Directors and Management
Cap America, Inc.
Fredericktown, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of Cap America's 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cap America's 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cap America's 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cap America's 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cap America's 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cap America's 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) for December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplement schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAP AMERICA'S 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 PLAN DESCRIPTION

The following description of Cap America's ("Company") 401(K) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was adopted January 1, 1995 with amendments to the Plan in January 2018, October 2019 and January 2022.

General

The Plan is a 401(k) salary-reduction plan covering all full-time employees of the Company, 18 years of age or older, who have one year of service as defined in the Plan's articles, provided they have worked at least 1,000 hours during the Plan year. Employees who qualify to become participants enter the Plan on January 1 or July 1. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may defer a percentage of their eligible compensation (as defined by the Plan) on a pretax basis (i.e., salary reduction) up to a maximum allowed by law and limitations established by the IRS. Effective 1/1/22, the Company amended the Plan to allow Roth contributions. The Company makes matching contributions for eligible employees as follows: 100% of eligible employee contributions not to exceed 3% of participant compensation plus 50% of the amount matched employee contributions that exceed 3% but not to exceed 5%. The amounts may be a percentage of the participant's compensation or a discretionary dollar amount. The percentage or dollar amount must be on a uniform basis for all employees.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) plan earnings, and (c) charged with an allocation of any administrative expense. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant's contributed funds arising from salary reductions are fully vested. Vesting in the Company's contribution portion of each of their accounts is based on a graduated schedule beginning at 25% vesting after 1 year of continuous service and becoming fully vested after 4 years of service. The matching contributions made to satisfy the actual deferral percentage test safe harbor contribution requirements shall be fully (100%) vested. Additionally, employees are fully vested upon death, or total and permanent disability.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 PLAN DESCRIPTION (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in the investment options available through John Hancock Life Insurance Company. Participants may change their options at any time.

Loans Receivable from Participants

Participants may borrow from their fund accounts up to their respective vested interest in the Plan, with a minimum loan balance of \$1,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loan Receivable from Participant fund. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement, or termination of service for other reasons, and if the participant's vested account has never been more than \$5,000, it is paid in a single sum. The participant can also receive a partial withdrawal, provided the amount is at least \$1,000. If the participant's vested account is in excess of \$5,000, participants may elect to receive either a lump-sum amount equal to the value of their vested account balance, elect equal installments paid over a fixed period of time, or a series of flexible income payments based on life expectancy.

At December 31, 2023 and December 31, 2022, there were participants who withdrew from the Plan, either through termination or retirement with account balances that totaled \$229,021 and \$548,627, respectively.

Forfeited Accounts

At December 31, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$-0- and \$279 respectively. These amounts were used to reduce employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, as certified by John Hancock Life Insurance. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The change in market value from year-to-year and the gain (loss) on sale of investments are reported as net appreciation (depreciation) for the pooled separate account.

Notes Receivable from Participants

Notes receivable are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses were \$53,859 for 2023 and \$48,370 for 2022.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2024, the date the financial statements were available to be issued, and the date of management's review.

NOTE 3 **CERTIFIED INVESTMENTS**

Plan management may elect to have an audit as permitted by ERISA Section 103(a)(3)(C). When management elects an ERISA Section 103(a)(3)(C) audit, the audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or an insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Title 29 U.S. *Code of Federal Regulations* (CFR) Part 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (*qualified institution*).

Certain information (as summarized below) related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company.

Total Investment Income	\$ 740,975	\$ (760,869)

NOTE 4 **FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds and U.S government securities: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund/ Pooled separate accounts: Valued at the Net Asset Value per share of the underlying investment provided by such mutual fund, trust or portfolio as of the valuation date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and December 31, 2022:

Assets at Fair Value as of December 31, 2023

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

In October 2017, the plan entered into a Group Annuity Contract with John Hancock Life Insurance Company. The investment options available under this contract will increase or decrease to reflect the investment experience of the sub-accounts. The Company does not guarantee these values. The Company may terminate this contract at any time by requesting a withdrawal of the balance of all accounts, subject to the provisions outlined in the contract and to the applicable riders in force at the time of termination of the contract, and there are no charges associated with termination of the contract.

NOTE 6 PARTIES IN INTEREST TRANSACTIONS

Cap America, Inc. pays certain administration and professional fees on behalf of the Plan, which are considered exempt transactions.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax exempt. The Plan has open tax years that remain subject to examination by major tax jurisdictions for periods after December 31, 2019.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
