Independent Auditor's Report

The Plan Administrator
Mott MacDonald 401(k) Plan
Iselin, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Mott MacDonald 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mott MacDonald 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Mott MacDonald 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering eligible employees (as defined) of Mott MacDonald Holdings, Inc. (MM) and Mott MacDonald, Inc. (MMI), collectively referred to as "Plan Sponsors" or "Employers" for the year ended December 31, 2021. Effective January 1, 2022, MMI became a subsidiary of Mott MacDonald Group, Inc., and MM was liquidated into Mott MacDonald Group, Inc., thus Mott MacDonald Group, Inc. became the Plan Sponsor of the Plan. Employees of the Plan Sponsors are eligible to enter the Plan on the first day of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Boards of Directors of the Employers are responsible for oversight of the Plan. The 401(k) Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employers' Boards of Directors.

The Plan is administered by the Administrative Committee of the Plan, and Charles Schwab Bank (Schwab) serves as the trustee.

Contributions

Participants may elect to contribute to the Plan a percentage of their compensation (as defined by the Plan) each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund based on their age until changed by the participant. The Employers contribute for each participant an amount equal to 50% of the participant's contributions up to 6% of compensation (Employers Contribution).

At their discretion, the Plan Sponsors may also make an additional contribution (pension contribution) to the Plan for certain employees of Elson T. Killam Associates, Inc., as defined in the Plan, employed prior to September 1, 1996 who continue their employment. The amount of the pension contribution allocated to each participant shall be equal to his/her compensation for the period times an allocation factor, which varies by the age of the participant.

Each Plan year, the Boards of Directors of the Employers shall determine the amount of a bonus contribution to be made on behalf of employees meeting certain eligibility requirements. Effective January 1, 2013, the Employers adopted a Safe Harbor profit-sharing contribution. The Safe Harbor profit-sharing contribution is allocated to the investment options in the same proportions as the participants' contributions. To be eligible for the Safe Harbor profit-sharing contribution, employees must be participants of the Plan, as defined above, and not belong to an ineligible class of employees, as defined in the Plan document. Effective January 1, 2016, the Safe Harbor profit-sharing contribution was amended to be a bonus contribution; this contribution is

Mott MacDonald 401(k) Plan

Notes to Financial Statements

discretionary. The bonus contribution for the year ended December 31, 2023 was equal to 3% of compensation, as defined, for all eligible employees of the Employers, and vested immediately.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsors' contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who receive pension contributions and bonus contributions are immediately vested in those amounts. Vesting in the Employers contributions plus actual earnings thereon is based on years of continuous service. Employees do not vest until completion of three years of service, at which time they become 100% vested.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by a participant's highest outstanding loan balance during the preceding 12-month period) or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the prevailing rate at the time of the loan, as determined by the Administrative Committee. Principal and interest are paid ratably through monthly payroll deductions. Loans may be issued for a period not to exceed five years unless the loan is issued for the purpose of the purchase of the participant's primary residence, in which case the loan may be issued for a period of up to 30 years. A maximum of three loans may be outstanding to a participant at any one time.

Benefit Payments and Withdrawals

Participants or their beneficiaries may elect a lump-sum payment or installment payments upon separation from service or death. Regular withdrawals may be made from a participant's before-tax account and after-tax account only if the participant is over 59½ years old. A participant may elect, by filing a written application, to withdraw up to 100% of the participant's before-tax account in a lump sum. Withdrawals by participants who have attained age 59½ may be made for any reason. For participants who have not attained age 59½, the reasons for such withdrawals are limited to the amount of a financial hardship, as defined by the Plan. Withdrawals also may be made upon death, disability, retirement, termination of employment, or for other reasons under provisions of the Plan. All withdrawals must be approved in accordance with Plan provisions.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$166,910 and \$198,622, respectively. These amounts will be used to fund future Plan Sponsors' contributions. During the year ended December 31, 2023, forfeitures used to reduce Plan Sponsors' contributions, in accordance with the Plan document, totaled \$443,747.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsors. Expenses that are paid by the Plan Sponsors are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Mott MacDonald 401(k) Plan

Notes to Financial Statements

3. Information Certified by The Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Schwab, the Plan's trustee, has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment loss, and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown in the ERISA-required supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and involve significant estimates/judgments to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mott MacDonald 401(k) Plan

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used as of December 31, 2023 and 2022.

Mutual Funds - Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV).

Self-Directed Brokerage Account - Balances are invested in mutual funds and Exchange Traded Funds which are traded on national security exchanges.

Collective Trust Funds - Balanced Funds - Collective trust balanced funds are valued at the NAV of units held. The NAV, as provided by the trustee of the collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective trust will sell for an amount different than the reported NAV. These are direct filing entities. There are no unfunded commitments related to these investments.

Collective Trust Funds - Stable Value Fund - The Morley Stable Value Fund is comprised entirely of fully benefit-responsive investment contracts and is valued at the NAV per unit of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. The NAV is calculated by the fund based on "net assets," which include fully benefit-responsive investment contracts at contract value. The NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Withdrawals from the Morley Stable Value Fund for benefit payments and participant transfers to noncompeting options are made to Plan participants promptly upon request but in all cases within 30 days after written notification has been received. All Plan Sponsor-directed full or partial withdrawals are subject to a 12-month advance written notice requirement, though the Morley Stable Value Fund may waive this requirement at its discretion. No events are probable of occurring that might limit the ability of the Plan to transact at NAV with the fund, and also that limit the ability of the Plan to transact at NAV with participants. There are no unfunded commitments related to this investment.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Collective trust funds (stable value and balance) measured at NAV ⁽¹⁾				124,996,124

⁽¹⁾ Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31,

	Fair Value		Redemption Frequency	Redemption Notice Period
	2023	2022		
Stable value collective trust fund	\$ 24,560,398	\$ 28,782,077	Daily	Daily
Balanced collective trust funds	116,008,563	96,214,047	Daily	Daily
	\$ 140,568,961	\$ 124,996,124		

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Schwab, the trustee of the Plan. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsors reserve the right to terminate the Plan at any time, subject to Plan provisions and applicable provisions of ERISA. If the Plan is terminated or if Employers' contributions are completely discontinued, participants would become 100% vested in their Employers' contributions. The balance in accumulated investments credited to each participant shall be distributed to the participant or, if then-deceased, to the participant's beneficiary.

7. Tax Status

Effective January 1, 2022, the Plan adopted Schwab's pre-approved profit-sharing Plan. Accordingly, the Plan is permitted to rely on the opinion letter dated September 21, 2020 from the Internal Revenue Service (IRS) which stated that the pre-approved profit sharing plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Once qualified, the

Mott MacDonald 401(k) Plan

Notes to Financial Statements

Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed and is currently being operated, in all material respects, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan's management has evaluated subsequent events through September 25, 2024, the date on which the financial statements were available to be issued.
