Part I

Service Provider Information (see instructions)

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		1470486
l Transfers of assets:			
(1) To this plan	2l(1)		0
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KAHN, LITWIN, RENZA & CO., LTD.**

(2) EIN: **05-0409384**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	☒	☐	16350
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	☐	☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	☐	☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	☐	☒	
e Was this plan covered by a fidelity bond?	☒	☐	500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	☐	☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	☐	☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	☐	☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒	☐	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☐	☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☐	☒	
l Has the plan failed to provide any benefit when due under the plan?	☐	☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☐	☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☐	☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110 2023 This Form is Open to Public Inspection.
---	--	---

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
ROM Technologies, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the ROM Technologies, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

1. Description of the Plan

The following description of the ROM Technologies, Inc. Retirement Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan covering substantially all employees of ROM Technologies, Inc. (the Plan Administrator) and the three members of the controlled group, HealthROM, Inc.; ROMTherapy, Inc.; and Rehab2Fit Technologies, Inc. (collectively, the Employer or Plan Sponsor) who have completed one month of service. Participation in the Plan is voluntary. Employees are eligible to enter the Plan on the first day of the month coinciding with, or next following the date of satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As Plan Administrator, ROM Technologies, Inc. has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the appointed trustee of the Plan and acts at the direction of the Plan Administrator. Fidelity is also the broker for the self-directed brokerage accounts offered by the Plan.

Contributions

Participants may contribute up to 90% of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to 100% of their eligible compensation. The Plan allows for rollover and Roth contributions subject to the restrictions as defined by the Plan.

The Employer may also make non-elective discretionary contributions. No non-elective contributions were made for the year ended December 31, 2023.

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, their allocation of the Employer's contributions, and their allocation of Plan earnings/losses and administrative expenses. The allocation of earnings and losses and administrative expenses is based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollovers, and actual earnings thereon. Participants become fully vested in Employer non-elective contributions and the actual earnings thereon after six years of service as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years.

Participant Notes Receivable

The Plan does not provide for participants to borrow from their account. However, included in the 2022 transfer from the Employer's prior retirement plan were certain participant loans. These note terms range from one year to five years. The notes are secured by the vested balance in the participant's account and bear interest at 4.25% per annum. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive 100% of their vested account balance, payable in a single lump-sum amount, installment payments, a partial withdrawal, or a rollover to a qualifying retirement account, or defer receiving payments until age 70½. Participants who have reached the age of 59½ may elect to withdraw all or a portion of their account while still employed by the Employer.

If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance in a single lump-sum distribution. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the trustee, unless otherwise directed by the participant.

A hardship withdrawal may be authorized by the Employer in an amount up to 100% of the vested portion of a participant's elective deferrals.

Forfeitures

Participants in the Plan who terminate employment with the Employer before completing six years of service forfeit the non-vested portion of their accounts. Forfeitures may be used to pay Plan expenses, to reduce future Employer contributions or to reallocate to participants. At December 31, 2023 and 2022, there were no forfeited non-vested accounts.

2. Summary of Significant Accounting Policies***Basis of Accounting***

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participants' account. Interest income on participant notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. There were no delinquent participant notes receivable at December 31, 2023 and 2022.

Contributions

Participant contributions are recorded bi-weekly and semi-monthly, when the Employer remits the payroll deductions for investment into the Plan. Employer non-elective discretionary contributions, if any, are recorded at the end of the year and remitted the following year.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer, unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

The Plan invested in one mutual fund that accounted for approximately 22% of total Plan investments at December 31, 2023. The Plan invested in two mutual funds that accounted for approximately 39% of total Plan investments at December 31, 2022.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Effective March 1, 2024, the Plan was amended to provide for Employer non-discretionary matching contributions of 100% of the amount a participant contributes to the Plan, up to a maximum of 2% of eligible compensation. Participants who have completed six months of service are eligible for Employer non-discretionary matching contributions.

Management has evaluated subsequent events through September 25, 2024, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in the Putnam Stable Value Fund 20, which is valued at the NAV of units of a collective trust. The NAV, as provided by Putnam, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed Brokerage Accounts: Valued at the daily closing price reported on the active market on which the individual securities are traded. These accounts consist primarily of cash and common stock.

At December 31, 2023 and 2022, the Plan's investments in the money market fund, mutual funds and self-directed brokerage accounts are reported at level 1 within the fair value hierarchy. The Plan's investments are as follows:

	2023	2022
Money market fund	\$ 180	\$ 23
Mutual funds	2,894,932	1,491,216
Self-directed brokerage accounts	56,309	26,351
Total assets in the fair value hierarchy	<u>2,951,421</u>	<u>1,517,590</u>
Common collective trust measured at NAV (a)	<u>71,446</u>	<u>18,236</u>
Total investments at fair value	<u>\$ 3,022,867</u>	<u>\$ 1,535,826</u>

(a) In accordance with Subtopic 820-10, the common collective trust fund was measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

4. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would be entitled to receive all amounts credited to their accounts.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

5. Income Tax Status

The Plan has been designed using a pre-approved plan document designed by Fidelity. Fidelity received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by Fidelity, the trustee:

Statements of Net Assets Available for Plan Benefits at December 31, 2023 and 2022, except for contributions receivable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2023.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets at December 31, 2023 are in agreement.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the trustee for administrative services totaling \$9,950 for the year ended December 31, 2023. The Plan also made direct payments to its investment advisors of \$10,368 for the year ended December 31, 2023. Participant notes receivable also qualify as party-in-interest transactions.

9. Non-exempt Transactions

During 2022 and 2023, the Employer failed to remit participant contributions of \$5,880 and \$10,470, respectively, to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer. The Employer remitted these delinquent participant contributions, along with lost earnings associated with these late remittances, during 2023.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
ROM Technologies, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the ROM Technologies, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

1. Description of the Plan

The following description of the ROM Technologies, Inc. Retirement Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan covering substantially all employees of ROM Technologies, Inc. (the Plan Administrator) and the three members of the controlled group, HealthROM, Inc.; ROMTherapy, Inc.; and Rehab2Fit Technologies, Inc. (collectively, the Employer or Plan Sponsor) who have completed one month of service. Participation in the Plan is voluntary. Employees are eligible to enter the Plan on the first day of the month coinciding with, or next following the date of satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As Plan Administrator, ROM Technologies, Inc. has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the appointed trustee of the Plan and acts at the direction of the Plan Administrator. Fidelity is also the broker for the self-directed brokerage accounts offered by the Plan.

Contributions

Participants may contribute up to 90% of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to 100% of their eligible compensation. The Plan allows for rollover and Roth contributions subject to the restrictions as defined by the Plan.

The Employer may also make non-elective discretionary contributions. No non-elective contributions were made for the year ended December 31, 2023.

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, their allocation of the Employer's contributions, and their allocation of Plan earnings/losses and administrative expenses. The allocation of earnings and losses and administrative expenses is based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollovers, and actual earnings thereon. Participants become fully vested in Employer non-elective contributions and the actual earnings thereon after six years of service as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years.

Participant Notes Receivable

The Plan does not provide for participants to borrow from their account. However, included in the 2022 transfer from the Employer's prior retirement plan were certain participant loans. These note terms range from one year to five years. The notes are secured by the vested balance in the participant's account and bear interest at 4.25% per annum. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive 100% of their vested account balance, payable in a single lump-sum amount, installment payments, a partial withdrawal, or a rollover to a qualifying retirement account, or defer receiving payments until age 70½. Participants who have reached the age of 59½ may elect to withdraw all or a portion of their account while still employed by the Employer.

If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance in a single lump-sum distribution. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the trustee, unless otherwise directed by the participant.

A hardship withdrawal may be authorized by the Employer in an amount up to 100% of the vested portion of a participant's elective deferrals.

Forfeitures

Participants in the Plan who terminate employment with the Employer before completing six years of service forfeit the non-vested portion of their accounts. Forfeitures may be used to pay Plan expenses, to reduce future Employer contributions or to reallocate to participants. At December 31, 2023 and 2022, there were no forfeited non-vested accounts.

2. Summary of Significant Accounting Policies***Basis of Accounting***

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participants' account. Interest income on participant notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. There were no delinquent participant notes receivable at December 31, 2023 and 2022.

Contributions

Participant contributions are recorded bi-weekly and semi-monthly, when the Employer remits the payroll deductions for investment into the Plan. Employer non-elective discretionary contributions, if any, are recorded at the end of the year and remitted the following year.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer, unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

The Plan invested in one mutual fund that accounted for approximately 22% of total Plan investments at December 31, 2023. The Plan invested in two mutual funds that accounted for approximately 39% of total Plan investments at December 31, 2022.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Effective March 1, 2024, the Plan was amended to provide for Employer non-discretionary matching contributions of 100% of the amount a participant contributes to the Plan, up to a maximum of 2% of eligible compensation. Participants who have completed six months of service are eligible for Employer non-discretionary matching contributions.

Management has evaluated subsequent events through September 25, 2024, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in the Putnam Stable Value Fund 20, which is valued at the NAV of units of a collective trust. The NAV, as provided by Putnam, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed Brokerage Accounts: Valued at the daily closing price reported on the active market on which the individual securities are traded. These accounts consist primarily of cash and common stock.

At December 31, 2023 and 2022, the Plan's investments in the money market fund, mutual funds and self-directed brokerage accounts are reported at level 1 within the fair value hierarchy. The Plan's investments are as follows:

	2023	2022
Money market fund	\$ 180	\$ 23
Mutual funds	2,894,932	1,491,216
Self-directed brokerage accounts	56,309	26,351
Total assets in the fair value hierarchy	<u>2,951,421</u>	<u>1,517,590</u>
Common collective trust measured at NAV (a)	<u>71,446</u>	<u>18,236</u>
Total investments at fair value	<u>\$ 3,022,867</u>	<u>\$ 1,535,826</u>

(a) In accordance with Subtopic 820-10, the common collective trust fund was measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

4. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would be entitled to receive all amounts credited to their accounts.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

5. Income Tax Status

The Plan has been designed using a pre-approved plan document designed by Fidelity. Fidelity received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by Fidelity, the trustee:

Statements of Net Assets Available for Plan Benefits at December 31, 2023 and 2022, except for contributions receivable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2023.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets at December 31, 2023 are in agreement.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the trustee for administrative services totaling \$9,950 for the year ended December 31, 2023. The Plan also made direct payments to its investment advisors of \$10,368 for the year ended December 31, 2023. Participant notes receivable also qualify as party-in-interest transactions.

9. Non-exempt Transactions

During 2022 and 2023, the Employer failed to remit participant contributions of \$5,880 and \$10,470, respectively, to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer. The Employer remitted these delinquent participant contributions, along with lost earnings associated with these late remittances, during 2023.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
ROM Technologies, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the ROM Technologies, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

1. Description of the Plan

The following description of the ROM Technologies, Inc. Retirement Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution 401(k) plan covering substantially all employees of ROM Technologies, Inc. (the Plan Administrator) and the three members of the controlled group, HealthROM, Inc.; ROMTherapy, Inc.; and Rehab2Fit Technologies, Inc. (collectively, the Employer or Plan Sponsor) who have completed one month of service. Participation in the Plan is voluntary. Employees are eligible to enter the Plan on the first day of the month coinciding with, or next following the date of satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As Plan Administrator, ROM Technologies, Inc. has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the appointed trustee of the Plan and acts at the direction of the Plan Administrator. Fidelity is also the broker for the self-directed brokerage accounts offered by the Plan.

Contributions

Participants may contribute up to 90% of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to 100% of their eligible compensation. The Plan allows for rollover and Roth contributions subject to the restrictions as defined by the Plan.

The Employer may also make non-elective discretionary contributions. No non-elective contributions were made for the year ended December 31, 2023.

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, their allocation of the Employer's contributions, and their allocation of Plan earnings/losses and administrative expenses. The allocation of earnings and losses and administrative expenses is based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollovers, and actual earnings thereon. Participants become fully vested in Employer non-elective contributions and the actual earnings thereon after six years of service as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years.

Participant Notes Receivable

The Plan does not provide for participants to borrow from their account. However, included in the 2022 transfer from the Employer's prior retirement plan were certain participant loans. These note terms range from one year to five years. The notes are secured by the vested balance in the participant's account and bear interest at 4.25% per annum. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive 100% of their vested account balance, payable in a single lump-sum amount, installment payments, a partial withdrawal, or a rollover to a qualifying retirement account, or defer receiving payments until age 70½. Participants who have reached the age of 59½ may elect to withdraw all or a portion of their account while still employed by the Employer.

If a participant's vested balance is equal to or less than \$1,000, the participant will receive an immediate cash-out of their vested account balance in a single lump-sum distribution. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the trustee, unless otherwise directed by the participant.

A hardship withdrawal may be authorized by the Employer in an amount up to 100% of the vested portion of a participant's elective deferrals.

Forfeitures

Participants in the Plan who terminate employment with the Employer before completing six years of service forfeit the non-vested portion of their accounts. Forfeitures may be used to pay Plan expenses, to reduce future Employer contributions or to reallocate to participants. At December 31, 2023 and 2022, there were no forfeited non-vested accounts.

2. Summary of Significant Accounting Policies***Basis of Accounting***

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participants' account. Interest income on participant notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. There were no delinquent participant notes receivable at December 31, 2023 and 2022.

Contributions

Participant contributions are recorded bi-weekly and semi-monthly, when the Employer remits the payroll deductions for investment into the Plan. Employer non-elective discretionary contributions, if any, are recorded at the end of the year and remitted the following year.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer, unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

The Plan invested in one mutual fund that accounted for approximately 22% of total Plan investments at December 31, 2023. The Plan invested in two mutual funds that accounted for approximately 39% of total Plan investments at December 31, 2022.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Effective March 1, 2024, the Plan was amended to provide for Employer non-discretionary matching contributions of 100% of the amount a participant contributes to the Plan, up to a maximum of 2% of eligible compensation. Participants who have completed six months of service are eligible for Employer non-discretionary matching contributions.

Management has evaluated subsequent events through September 25, 2024, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in the Putnam Stable Value Fund 20, which is valued at the NAV of units of a collective trust. The NAV, as provided by Putnam, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed Brokerage Accounts: Valued at the daily closing price reported on the active market on which the individual securities are traded. These accounts consist primarily of cash and common stock.

At December 31, 2023 and 2022, the Plan's investments in the money market fund, mutual funds and self-directed brokerage accounts are reported at level 1 within the fair value hierarchy. The Plan's investments are as follows:

	2023	2022
Money market fund	\$ 180	\$ 23
Mutual funds	2,894,932	1,491,216
Self-directed brokerage accounts	56,309	26,351
Total assets in the fair value hierarchy	<u>2,951,421</u>	<u>1,517,590</u>
Common collective trust measured at NAV (a)	<u>71,446</u>	<u>18,236</u>
Total investments at fair value	<u>\$ 3,022,867</u>	<u>\$ 1,535,826</u>

(a) In accordance with Subtopic 820-10, the common collective trust fund was measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

4. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would be entitled to receive all amounts credited to their accounts.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

5. Income Tax Status

The Plan has been designed using a pre-approved plan document designed by Fidelity. Fidelity received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by Fidelity, the trustee:

Statements of Net Assets Available for Plan Benefits at December 31, 2023 and 2022, except for contributions receivable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2023.

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets at December 31, 2023 are in agreement.

ROM TECHNOLOGIES, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2023 and Period from March 1, 2022 to December 31, 2022

8. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the trustee for administrative services totaling \$9,950 for the year ended December 31, 2023. The Plan also made direct payments to its investment advisors of \$10,368 for the year ended December 31, 2023. Participant notes receivable also qualify as party-in-interest transactions.

9. Non-exempt Transactions

During 2022 and 2023, the Employer failed to remit participant contributions of \$5,880 and \$10,470, respectively, to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer. The Employer remitted these delinquent participant contributions, along with lost earnings associated with these late remittances, during 2023.
