Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **37-0859910**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditors' Report

To the Participants and Plan Administrator of
Chesapeake Utilities Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Chesapeake Utilities Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Chesapeake Utilities Corporation Retirement Savings Plan

Notes to the Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Chesapeake Utilities Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Chesapeake Utilities Corporation (the "Company") and its subsidiaries, who have completed three months of employment, as defined in the plan document. A portion of the Plan is a stock bonus plan designated as an employee stock ownership plan within the meaning of Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") of 1986, as amended, and the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is subject to the provisions of ERISA. The Board of Directors of the Company has delegated the administration of the Plan to the Company's Employee Benefits Committee. The Employee Benefits Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The assets of the Plan are held by Fidelity Investments ("Fidelity"), the plan trustee and custodian.

On November 30, 2023, the Company completed the acquisition of Florida City Gas ("FCG") for \$922.8 million in cash, including working capital adjustments pursuant to the stock purchase agreement with Florida Power & Light Company. In connection with the acquisition, 178 former FCG employees joined the Company and were immediately eligible to enroll and begin contributing to the Plan on their first day of employment. The former FCG employees previous retirement savings plan was not acquired by the Company in connection with the transaction.

The Plan has evaluated events and transactions occurring after the balance sheet date through September 20, 2024, the date the financial statements were available to be issued. There have been no events or transactions requiring additional disclosure.

Participation

An employee becomes a participant in the Plan on the first day of the calendar month that coincides with or immediately follows the date eligibility requirements are met. If the employee does not make an affirmative or negative election to participate, they will be automatically enrolled in the Plan.

Service Rules

Employees are credited with a year of service for each plan year during which they have at least 1,000 hours of service.

Contributions

Each year, participants may contribute up to 80 percent of their pretax annual compensation subject to IRC limitations, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows eligible plan participants to make Roth contributions and Roth catch-up contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants or rollover contributions are received. Participants direct the investment of their contributions into various investment options offered by the Plan, except for the Chesapeake Utilities Corporation Common Stock Fund ("Stock Fund"). The Plan currently offers various mutual funds, common collective trusts and an insurance guaranteed investment contract as investment options for its participants.

Chesapeake Utilities Corporation Retirement Savings Plan

Notes to the Financial Statements December 31, 2023 and 2022

The Company's matching contribution is 100 percent of the participant's pretax contributions (excluding catch-up contributions), up to a maximum of six percent of the participant's compensation. Company matching contributions will be made in one or more installments of cash. The Company's matching contribution is designed to meet a "safe harbor" provision under the IRC that ensures the contribution is not discriminatory.

In addition to the Company's matching contribution, the Company may make a supplemental contribution, without regard to whether or not participants make pretax contributions. The amount of any supplemental contribution may vary among the different subsidiaries and business units of the Company. To be eligible for the supplemental contribution, a participant must have completed at least 1,000 hours of service for the plan year for which the supplemental contribution is made. The supplemental contribution will generally be made in Company stock, however it may also be made in cash. Supplemental contributions of \$1,199,999 and \$1,399,990 were made for 2023 and 2022, respectively.

New employees who do not make an election to contribute and do not opt out of the Plan will be automatically enrolled at a deferral rate of three percent, and the automatic deferral rate will increase by one percent per year up to a maximum of ten percent. All contributions and matched funds can be invested among the mutual funds, common collective trusts and an insurance guaranteed investment contract available for investment.

A participant can elect to receive dividends from their investment in the Company Stock Fund in cash or have the dividends reinvested. Allocations of dividends to each participant will be proportionate to the participant's interest in the Company Stock Fund on the last business day preceding the ex-dividend date.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) the Plan's earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled represents the amount in the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the employer match and supplemental employer contribution, employees are 100 percent vested after two years of service or upon reaching 55 years of age while still employed by the Company.

Payment of Benefits

Upon death, vested account balance will be distributed as a death benefit to the surviving spouse or other beneficiary, as soon as administratively possible.

Upon termination of service, retirement or disability, a participant will receive a lump sum payment if the total of their vested account balance does not exceed \$1,000. If the participant's vested account balance exceeds \$1,000 but is less than \$5,000, any distribution shall be automatically rolled over to an individual retirement account in the name of the participant, unless the participant otherwise requests a lump sum distribution. If the participant's vested account balance exceeds \$5,000, they may keep their assets in the Plan. However, terminated participants may elect to receive their vested accounts following termination. In addition, the Plan allows for hardship distributions if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of a participant's vested account balance. The loans are secured by the balance in

Chesapeake Utilities Corporation Retirement Savings Plan

Notes to the Financial Statements December 31, 2023 and 2022

the participant's account and bear interest at rates that range from 3.25% to 8.50% and 3.25% to 6.50% at December 31, 2023 and 2022, respectively, which are commensurate with prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions, and terms range from one to five years or greater for the purchase of a primary residence. Participants may have no more than two loans outstanding at any one time.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$152,945 and \$114,876, respectively. These funds are used to reduce future Company contributions. For the year ended December 31, 2023 and 2022, forfeitures used to reduce Company contributions were \$20,000 and \$0 respectively. The Plan allows for restoration of forfeited account balances to terminated participants who are reemployed by the Company prior to five years of separation of service, as defined by the plan document.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account invested in the Company Stock Fund and is notified by Fidelity prior to the time that such rights are to be exercisable. If instructions are not given to Fidelity, the stock will be voted in accordance with the direction of the Company's Employee Benefits Committee.

Diversification

A plan participant, as defined in the plan document, may elect to divest any or all of the amounts contributed to their account attributable to matching contributions invested in the Company Stock Fund without restriction.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value represents the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Plan Administrator. See Note 3 for discussion of fair value measurements.

Chesapeake Utilities Corporation Retirement Savings Plan

Notes to the Financial Statements December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are loans measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a distribution is recorded, based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Investment Fees and Expenses

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense on the Statements of Changes in Net Assets Available for Benefits.

The Plan's administrative expenses may be paid by the Company or deducted from participant account balances. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain plan expenses, also referred to as administrative expenses, such as annual audit fees, are paid by the Company and are not reflected in the accompanying financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Chesapeake Utilities Corporation Retirement Savings Plan

Notes to the Financial Statements December 31, 2023 and 2022

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value of the Company Stock Fund is comprised of the Company's common stock valued based on the closing price of the common stock as reported in the active market on which the individual security is traded. The Company Stock Fund is held in a brokerage link account.

The common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31,	
	2023	2022
Mutual Funds ^(a)	\$ 66,372,999	\$ 56,416,004
Chesapeake Utilities Corporation Stock Fund ^(a)	39,448,246	46,962,661
Total Assets in the Fair Value Hierarchy	105,821,245	103,378,665
Common Collective Trusts ^(b)	77,207,074	60,237,149
Total Investments at Fair Value	<u>\$ 183,028,319</u>	<u>\$ 163,615,814</u>

(a) All Mutual Funds and the Chesapeake Utilities Corporation Stock Fund are classified as Level 1 within the Fair Value hierarchy.

(b) Investments in common collective trusts are measured at NAV per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments in the Plan presented above.

The common collective trust funds seek to provide the highest total return over time consistent with an emphasis on both capital growth and income. The common collective trust funds invest in underlying commingled T. Rowe Price Trusts, each one emphasizing a different market sector or investment strategy. Over time, the common collective trust funds' allocation to fixed income securities will increase and its allocation to equities will decrease. The common collective trust funds will reach their final, most conservative allocation of approximately 20 percent equities and 80 percent fixed income securities 30 years after reaching their target dates.

Notes to the Financial Statements
December 31, 2023 and 2022

4. Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that is considered a traditional investment contract. This contract meets the fully benefit-responsive annuity contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive annuity contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals. The contract value of the traditional investment contract at December 31, 2023 and 2022 was \$11,975,695 and \$16,821,655, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC; (2) premature termination of the contract; (3) Plan termination or merger; (4) changes to the Plan's prohibition on competing investment options; and (5) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreements without the consent of the issuer.

5. Information Certified by Trustee and Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2023 and 2022. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 and the supplemental Schedule H, Line 4(i)-Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the

Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party and Party-In-Interest Transactions

The Company contributes to the Plan's Company Stock Fund and allocates shares to the participants' accounts. These transactions qualify as party in interest transactions, exempt from the prohibited transaction rules of ERISA. The Plan held 373,442 and 397,372 shares of Company common stock with a fair value of \$39,448,246 and \$46,962,661 and cost basis of \$18,336,519 and \$17,974,923 as of December 31, 2023 and 2022, respectively.

Certain of the Plan's investments are managed by Fidelity, and therefore, these transactions qualify as party in interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. All other transactions which may be considered parties in interest transactions relate to normal plan management and administrative services, and the related payment of fees. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity. Fidelity invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

10. Risks and Uncertainties

The Plan invests in various investment securities, including the Company's Stock Fund. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

From time to time, the Plan and the Company review the deferral and matching contribution related to the participants of the Plan who also participate in a supplemental non-qualified retirement savings plan sponsored by the Company, and may be required to make adjustments, as needed. Any adjustments resulting from these reviews would not be material to the overall financial statements of the Plan.

As of December 31, 2023 and 2022, the fair value of Company Stock Fund was \$39,448,246 and \$46,962,661, respectively, which represented more than 10% of the Plan's investments.
