Financial Statements and Supplemental Schedule

Year Ended December 31, 2022

Independent Auditor's Report

To the Plan Administrator
Rocla Concrete Tie, Inc. Retirement Savings Plan
Lakewood, Colorado

Opinion

We have audited the financial statements of Rocla Concrete Tie, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statements of Net Assets Available for Benefits - Modified Cash Basis as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the Statements of Net Assets Available for Benefits - Modified Cash Basis of Rocla Concrete Tie, Inc. Retirement Savings Plan as of December 31, 2022 and 2021, and the Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year ended December 31, 2022, in accordance with the modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rocla Concrete Tie, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rocla Concrete Tie, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rocla Concrete Tie, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rocla Concrete Tie, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Rocla Concrete Tie, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Rocla Concrete Tie, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Rocla Concrete Tie, Inc. (the Company) and its affiliated participating employers. Effective October 7, 2022, the Plan was amended and restated through the adoption of the Schwab Retirement Plan Services, Inc. pre-approved defined contribution plan. As part of the amendment and restatement, Charles Schwab Trust Bank became the Plan's trustee and custodian. The provisions of the Plan remained substantially the same. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Company (other than nonresident aliens and those covered by a collective bargaining agreement) are eligible to participate in the Plan after having attained eighteen years of age and having completed a year of service, as defined by the Plan. Upon the amendment and restatement of the Plan, effective October 7, 2022, the service requirement is met after a three month period of service, as defined by the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan provides for the Company to contribute a safe harbor contribution to all eligible participants equal to three percent of eligible compensation, as defined by the Plan, and profit-sharing contributions to all participants at its discretion. The discretionary profit-sharing contributions, if any, are allocated to each participant's account, based on a participant group allocation method, as a percentage of eligible compensation to those eligible participants who are employed on the last day of the Plan year. The Plan also provides for the Company to make discretionary matching contributions to eligible participants who have made deferral contributions during the Plan year, have worked a minimum of 1000 hours during the Plan year and are employed on the last day of the Plan year. During the year ended December 31, 2022, the Company made discretionary profit-sharing contributions and safe harbor contributions of \$635,161 and \$302,267, respectively, to the Plan. For the year ended December 31, 2022, the Company made no discretionary matching contributions to the Plan. Through October 6, 2022, the investment of contributions to participant accounts were directed by the former Trustees of the Plan into various investment options as directed by an investment policy for the Plan. Upon the amendment and restatement of the Plan, effective October 7, 2022, participants direct the investment of their account balance into various investments options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Rocla Concrete Tie, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, if any, and Company safe harbor contributions and allocations of (a) the Company's discretionary profit-sharing contribution, (b) Plan earnings or losses, and (c) forfeitures of terminated participants' nonvested accounts not used to pay Plan expenses. In addition, participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, Company safe harbor contributions plus actual earnings thereon. Vesting in the Company discretionary matching contributions and discretionary profit-sharing contributions plus actual earnings thereon is based on continuous service, as defined by the Plan. Through October 6, 2022, all other participants vest at a rate of 20% beginning with the second year of service and become fully vested after six years of service. Upon the amendment and restatement of the Plan, effective October 7, 2022, participants vest at a rate of 33% each year of service and become fully vested after three years of service.

Notes Receivable from Participants

Upon the amendment and restatement of the Plan, effective October 7, 2022, the Plan permitted notes receivable. Participants may borrow from their Plan account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance and loan terms may not exceed 5 years. The notes are secured by the vested balance in the participant's account and bear interest commensurate with local prevailing rates as determined by Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loans outstanding at December 31, 2022 bore interest at a 7.50% rate.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive the value of the participant's vested interest in his or her account in a lump sum, annual installments, or a joint and survivor or period certain annuity. In addition, hardship distributions are permitted if certain criteria are met, subject to the terms of the Plan document. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$28,922 and \$205,171, respectively. Pursuant to the Plan, forfeitures shall be used to pay administrative expenses of the Plan or allocated as a supplemental company contribution to Plan participants. During the year ended December 31, 2022, \$182,500 of forfeitures were used for such purposes.

Rocla Concrete Tie, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Purchases and sales of securities are recorded on the settlement date basis. Interest and dividend income is recognized when received and disbursements are recognized when paid.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a settlement date basis. Interest and dividend income is recognized when received and disbursements are recognized when paid. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Excess Contributions Payable

At December 31, 2022, amounts payable to participants totaling \$98,307 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023. There were no excess contributions for the year ended December 31, 2021.

Payment of Benefits

Benefits are recorded when paid.

Rocla Concrete Tie, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in total investment income.

Subsequent Events

The Plan has evaluated subsequent events through July 31, 2024, which is the date of the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Rocla Concrete Tie, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange traded funds: Valued at the closing price reported on the active market on which the funds are traded.

Cash, interest bearing: Cash, interest bearing includes investments in money market funds and are stated at cost which approximates fair value.

Common stocks held in self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,798,393	\$ -	\$ -	\$ 11,798,393
Self-directed brokerage accounts	4,277	-	-	4,277
Cash, interest bearing	39,162	-	-	39,162
Total investment assets at fair value	\$ 11,841,832	\$ -	\$ -	\$ 11,841,832

	Assets at Fair Value as of December 31, 2021

Rocla Concrete Tie, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 4: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments as of and for the year ended December 31, 2022 were managed by Charles Schwab Trust Bank, a custodian and trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments as of December 31, 2021 and for the year ended December 31, 2022 were managed by TD Ameritrade, a custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan pays certain service providers for record keeping and investment advisory services which qualify as party-in-interest transactions. A total of \$191,989 was incurred and paid to these service providers during the year ended December 31, 2022.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company discretionary matching and discretionary profit-sharing contributions.

Note 6: Tax Status

The Plan has adopted a nonstandard prototype plan document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
