Dear Kenyon, Joseph, Robin and Jon:

We are in the process of planning and executing the audit of the financial statements of the KC Group 401(k) Plan (the "Plan") for the year ended December 31, 2023.

An important aspect of planning for the audit is communication with those who have responsibility for overseeing the strategic direction of the Plan and obligations related to the accountability of the Plan. At KC Transportation, Inc. 401(k) Plan these responsibilities and obligations are held by the Plan's governance committee members (noted above) collectively and individually; therefore, it is important for us to communicate with each of you in your role.

As part of this communication process, we have spoken at length with Mr. Joe Smith regarding our responsibilities under U.S. generally accepted auditing standards and the planned scope and timing of our audit. The purpose of this letter is to provide each of you with a summary of those discussions and to provide you with the opportunity to communicate with us on matters that may impact our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter addressed to Mr. Joe Smith and dated May 20, 2024 we will conduct an audit in accordance with professional standards, except that, management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We will not perform any auditing procedures with respect to certified information except for obtaining and reading the certification and comparing such information to the related information included in the financial statements. Because of the significance of the information that we will not audit, we will not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information will be audited by us in accordance with auditing standards generally accepted in the United States of America and will be subjected to tests of your accounting records and other procedures as we consider necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the Plan's financial statements does not relieve you or management of your respective responsibilities.

Overview of the Planned Scope and Timing of the Audit

Our audit fieldwork includes three phases. The planning and preliminary information gathering phase and the risk assessment phase occurred in June/July 2024; and the rest of our audit procedures will be completed shortly.

To plan an effective audit, we must identify significant risks of misstatement in the Plan's financial statements, including those related to changes in the financial reporting framework or changes in the entity's environment, financial condition, or activities and design procedures to address those risks.

Because management is in a unique position to perpetrate fraud due to its ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively, generally accepted auditing standards require that we always consider this to be a significant risk.

- To address the significant risk related to management override, Plante Moran plans to test journal entries recorded in the Plan's accounting and financial records and other adjustments made in the preparation of the financial statements.

Plante Moran also plans to focus on overall testing of contributions and benefit payments, including performing detail tests on a sample of contributions, particularly auto enrollment and benefit payments. Because investments are certified in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, we will not perform any auditing procedures with respect to investment balances and investment income except for comparing such information to the related information included in the financial statements.

We will gain an understanding of accounting processes and key internal controls through a review of the Accounting Procedures Questionnaires and Control Procedures Questionnaires prepared by management. We will confirm through observation and inspection procedures that accounting procedures and controls included in the questionnaires have been implemented. We will also consider controls at your service organizations, Fidelity and ADP, by obtaining and reviewing SOC-1 reports as well as reviewing user controls in place. We will not express an opinion on the effectiveness of internal control over financial reporting; however, we will communicate, to you, significant deficiencies and material weaknesses identified in connection with our audit.

Internal audit will not be involved in this audit.

The concept of materiality is inherent in our work. We place greater emphasis on those items that have, on a relative basis, more importance to the Plan's financial statements and greater possibilities of material error than with those items of lesser importance or those in which the possibility of material error is remote.

Information from You Relevant to Our Audit

An important aspect of this communication process is the opportunity for us to obtain from you, information that is relevant to our audit. Your views about any of the following are relevant to our audit:

- The areas of risks that may result in material misstatements
- Matters that you consider warrant particular attention during the audit, and any areas where you want to request additional procedures be undertaken
- Significant communications between the entity and regulators
- Understanding of the Plan's relationships and transactions with related parties or parties-in-interest that are significant to the Plan, and any concerns regarding those relationships or transactions
- The attitudes, awareness and actions concerning:
 - The Plan's internal control and its importance to the Plan, including how those charged with governance oversee the effectiveness of internal control and the detection or possibility of fraud

- The detection or possibility of fraud, including whether those charged with governance has knowledge of any actual, suspected, or alleged fraud affecting the entity
- Any significant unusual transactions the Plan has entered into
- The actions of management and those charged with governance in response to developments in accounting standards, regulations, laws, previous communications from us and other related matters, and the effect of such developments on, for example, the overall presentation, structure and content of the financial statements, including the following:
 - The relevance, reliability, comparability, and understandability of the information presented in the financial statements
 - Whether all required information has been included in the financial statements, and whether such information has been appropriately classified, aggregated or disaggregated, and presented

If you have any information to communicate to us regarding the above or any other matters you believe are relevant to the audit, or if you would like to discuss the audit in more detail, please call me at (734)302-6945 or e-mail me at Kristen.Stumpo@plantemoran.com as soon as possible.

Thank you for your time and consideration in this important aspect of the audit process. You can expect to hear from us again after the completion of our audit when we will report to you the significant findings from the audit.

Very truly yours,

Plante & Moran, PLLC

To the Plan Administrator
KC Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of KC Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following brief description of KC Group 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective on December 31, 1996, is a defined contribution plan. Employees of KC Transportation, Inc.; Markare Services, Inc.; Tran Tech, Inc; and KACE Logistics, LLC (collectively, the "Companies") are eligible to participate in the Plan after attaining the age of 18 and completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and qualifies under Internal Revenue Code Sections 401(a) and 401(k). During 2020, KACE Logistics, LLC ceased operations, and its participants were terminated.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code on a pretax or post-tax basis. Participants made pretax contributions of \$1,250,912 and post-tax (Roth) contributions of \$82,090 during the year ended December 31, 2023. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employees are automatically enrolled in the Plan upon meeting the eligibility requirements, unless opted out.

The Companies provide discretionary matching contributions in amounts equal to 25 percent of each participant's contributions to the Plan, not to exceed \$1,000 per participant. As a result, the Companies made matching contributions net of forfeitures totaling \$54,491 during the year ended December 31, 2023.

The Companies may also make annual discretionary contributions; however, there were no discretionary contributions for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Participants may also request in-service withdrawals from their accounts upon attainment of age 59½ in amounts equal to or exceeding \$1,000.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan sponsor must approve any such hardship withdrawals.

Vesting

Participants are immediately vested in employee and rollover contributions and any income or loss thereon and are vested at 20 percent in employer contributions after completing two years of service and an additional 20 percent per year thereafter.

December 31, 2023 and 2022**Note 1 - Plan Description (Continued)*****Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 2023 and 2022, the forfeitures balance totaled \$30,986 and \$212,961, respectively. During 2023, the Plan used approximately \$198,700 and \$18,200 of forfeitures to fund employer contributions and pay administrative expenses, respectively.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies***Investment Valuation***

The Plan's investments are valued based on quoted market prices reported in active markets.

See Note 5 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Companies.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2023 and 2022**Note 2 - Summary of Significant Accounting Policies (Continued)*****Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 17, 2024, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The preapproved plan has received a favorable notification letter from the IRS dated June 30, 2020. The Plan has not individually sought its own determination letter.

Note 4 - Certified Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 5 - Fair Value Measurements

Accounting standards require that certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Notes to Financial Statements

December 31, 2023 and 2022

Note 5 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2023
