INDEPENDENT AUDITORS' REPORT

Participants and Administrator
Calgon Carbon Corporation
Thrift/Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Calgon Carbon Corporation Thrift/Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CALGON CARBON CORPORATION THRIFT/SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Calgon Carbon Corporation Thrift/Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan originally established in 1985 and amended and restated effective January 1, 2024. The Plan covers all non-bargaining unit employees as well as bargaining unit employees at the Big Sandy and Neville Island plants of Calgon Carbon Corporation (the "Company"). The Plan is administered by the Company's Pension Committee and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2023, the Plan was amended to enhance the Plan's matching formula for non-bargaining unit participants. Additionally, the Plan was amended to increase the vested fixed company contributions amount for eligible bargaining unit participants. The Plan was restated effective January 1, 2024.

Contributions - Participants may contribute up to 50% of their annual base compensation as pre-tax contributions subject to maximum amounts permitted under the Internal Revenue Code ("IRC"). After-tax contributions between 1% and 10% are permitted.

The Plan includes an automatic enrollment feature for employees not covered under a collective bargaining agreement with pre-tax contributions of 3% of employee pay for new hires as soon as administratively practical after receipt of a 30 day notice, unless the contribution percentage is changed or suspended by the employee. Contributions made under the automatic enrollment provisions are allocated in accordance with procedures established by the Company. The Plan also provides for periodic automatic increases for those deferring less than 6% each May 1st, subject to advance notification to participants and opt out provisions.

For non-bargaining employees, Company matching contributions of 100% of pre-tax contributions, not to exceed 3% of total pay, plus 50% of pre-tax contributions in excess of 3% but not in excess of 6% of total pay, were made on a pay period basis from January 1, 2022 to December 31, 2022. Effective January 1, 2023, Company matching contributions of 100% of pre-tax contributions not to exceed 6% of total pay were made on a pay period basis. The Plan also allows for a safe harbor provision which allows the Company the option of making quarterly contributions of 3% of total pay in lieu of the matching contributions described above. Notification to participants of the election of the safe harbor provision is due by December 1st, for the following year. If the safe harbor provision is

elected, the predetermined safe harbor contribution is required irrespective of any earnings or net profits of the Company. In addition, discretionary Company contributions up to 4% of net pay on an annual basis may also be made. For the years ended December 31, 2023 and 2022, the Company elected the safe harbor provision; no discretionary company contributions were made.

The Company contributes up to 50% of the pre-tax contributions, not to exceed \$25 per month, to hourly employees of the Big Sandy Plant that also participate in the Calgon Carbon Corporation Pension Plan for Hourly-Rated Employees ("Big Sandy Plan").

In conjunction with the freeze of the Big Sandy Plan on June 9, 2010, employees of the Big Sandy Plant were offered the option to opt into the Plan, upon choosing to opt out of the Big Sandy Plan. All new employees of the Big Sandy Plant, are enrolled in the Plan. Participants who opt out of the Big Sandy Plan receive \$5,000 annually in additional Company contributions, to be paid for three years based on the anniversary of the opt-out date and must continue to be active employees participating in the Plan. All Big Sandy Plant participants in the Plan receive a Company contribution per hour worked on a pay period basis for the duration of their participation in the plan. The contribution rate was \$1.75 per hour effective June 20, 2021 increasing to \$1.85 on June 20, 2025.

Company contributions for employees of the Neville Island Plant covered under a collective bargaining agreement are contributed at a rate of \$3.05 per hour worked increasing to \$3.10 effective August 1, 2025. Employees covered by this provision are entitled to a minimum contribution of \$750, which is immediately vested at the time of the contribution.

Participant Accounts - Each participant's account is credited with the participant's contributions, share of Plan earnings or losses and, where applicable, employer contributions. Allocations are based on the participant's earnings, losses or account balances, as defined. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account balance upon termination or retirement. Participants have the option to designate the aggregate value of their accounts to one or more of the options offered by Fidelity Management Trust Company.

Vesting - Participants are immediately vested in their voluntary contributions and employer matching safe harbor contributions plus actual earnings thereon. Other various discretionary and Company contributions vest following two years of service or upon other events as provided by the Plan. Big Sandy Plant hourly paid employees are immediately 100% vested in the Company matching contributions.

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to matching contributions is utilized to reduce future employer contributions. Forfeitures were not significant for 2023 and 2022.

Withdrawals - A participant may withdraw 100% of the post-tax amount in his or her account, prior to termination, at any time after giving written notice to the Company.

Distributions - Partial or total distributions of pre-tax accounts are made upon notice to the Company when a participant attains age 59½. In the case of hardship, as defined in the Plan document, a distribution of any or all of the participant's available accounts will be made upon written request to the Plan. Upon death of a participant in the Plan, all accounts are distributed to the named beneficiary of the participant. Upon termination of employment, the amounts in participant accounts are distributed to the participant in a lump sum after age 72.

Notes Receivable from Participants - A participant may request a loan subject to the limitations of the Plan document. A participant may borrow up to the lesser of 50% of the vested value of his or her savings account or \$50,000. Effective August 1, 2015 with the restatement of the Plan, a participant may have only one loan outstanding; participants with more than one loan at August 1, 2015 are permitted to maintain the existing loans until paid, distributed or defaulted. Nonforfeitable Company matching contributions for Big Sandy Plant hourly workers are included in the loan provision. Loans are repaid through payroll deductions. The maximum repayment period is five years, except for loans pertaining to principal residences. The interest rate on loans is 1% above the prime rate on the origination date of the loan. The interest rates on the loans outstanding ranged from 4.25% to 9.50% at December 31, 2023 and 4.25% to 7.25% at December 31, 2022.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities including mutual funds and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1

measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2023 and 2022.

Mutual Funds and Common/Collective Trusts: Valued at the quoted market value of shares held by the Plan at year end (level 1 input).

Stable Value Fund: The units of participation are valued at the net asset value of the investment, which is based on the market value of the underlying investments (level 2 input).

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs - Administrative costs are principally paid by the Company, while management fees related to Fidelity Management Trust Company, which offset investment returns, are paid by the Plan.

Subsequent Events - The plan administrator has analyzed subsequent events for recognition and disclosure purposes through September 5, 2024, the date which the financial statements were available to be issued.

2. INVESTMENTS

A summary of the Plan's investments held by Fidelity Management Trust Company at December 31, 2023 and 2022 is as follows:

	<u>2023</u>	<u>2022</u>
Investments, at fair value		
Mutual funds and		
common/collective trusts	\$ 134,307,334	\$ 111,611,067
Stable Value Fund	<u>5,933,350</u>	<u>7,188,648</u>
Total	<u>\$ 140,240,684</u>	<u>\$ 118,799,715</u>

The Stable Value Fund seeks to invest in high-quality bonds with short to intermediate-term maturities as well as insurance contracts which aim to provide price stability on a day-to-day basis.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed by the trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated December 1, 2016, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP prescribes a comprehensive model for the financial statement recognition, measurement, presentation, and disclosure of uncertain tax positions taken or expected to be taken in income tax returns. Management believes there is no liability related to uncertain tax positions at December 31, 2023 or 2022. The Plan is no longer subject to tax examinations for the years before December 31, 2020.

5. CERTIFIED FINANCIAL INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, as shown in the statements of changes in assets available for benefits for the years ended December 31, 2023 and 2022.
- The accompanying schedule of assets held for investment purposes at December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. PARTIES-IN-INTEREST AND RELATED PARTIES

Fidelity Management Trust Company provides access to certain investments and, accordingly, is considered to be a party-in-interest.

Employees of the Company do not receive any compensation from the Plan.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of assets available for benefits to the Form 5500 at December 31, 2023 and 2022:
