Ann Arbor, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the DaySmart Software, LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, serviced, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF THE PLAN

The following description of DaySmart Software, LLC (the “Company”) 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description or Plan document for a more complete description of the Plan’s provisions.

1. General. The Plan is a defined contribution plan covering all eligible employees of the Company, beginning on their date of hire. The Plan Administrative Committee of the Company controls and manages the operation and administration of the Plan. Advisor Trust Company (“Advisor Trust”) serves as the custodian of the Plan. PCS Retirement, LLC (“PCS”), serves as the Plan’s third-party administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On December 15, 2022, the governing bodies of Teamup Sports, Inc. and the Company, approved the merger of the Teamup 401(k) Plan (“Teamup Plan”) into the Plan effective January 1, 2023. As a result, all assets totaling \$536,293, were transferred from the Teamup Plan into the Plan on that date.

2. Contributions. Each year, participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Code (“IRC”) limitations. The limit for 2023 is \$22,500, with an additional “catch-up contribution” of \$7,500, allowed for participants who have attained age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. For the year ended December 31, 2023, the Company made safe harbor matches of 100% of deferrals up to 3% of all eligible employees’ compensation, as defined by the Plan, and 50% of deferrals over 3% up to 5% of all eligible employees’ compensation. Non-safe harbor matches are not allowed by the Plan, but the Company’s board of directors could vote to make non-elective contributions. No additional contributions were made for the year ended December 31, 2023.
3. Participant accounts. Each participant’s account is credited with the participant’s contribution and Company contributions, if any, as well as allocations of Plan earnings (losses). Participant accounts are charged with benefit payments and allocations of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. Vesting. Participants are vested immediately in their contributions, safe harbor matches, and non-elective contributions plus actual earnings thereon.
5. Notes receivable from participants. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant’s vested account balance. Loan terms range from 1-5 years, or a reasonable time determined at the time of the loan for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

A. DESCRIPTION OF THE PLAN (CONTINUED)

6. Investment options. Upon enrollment in the Plan, a participant may direct contributions to their account in any combination of investment options, which include a bank savings deposit account and mutual funds. Participants may change their investment options daily.
7. Payment of benefits. Upon termination of service due to death, disability, or retirement, a participant whose account exceeds \$1,000, may elect either to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or substantially equal monthly, quarterly, or annual installment options as provided by the Plan. For termination of service for other reasons, a participant may receive the vested balance as a lump-sum distribution. Participants may also request a hardship distribution from their vested contributions plus actual earnings thereon. The participant must be currently employed with the Company and qualify for a hardship distribution under the Internal Revenue Service ("IRS") guidelines.
8. Forfeitures. At times, the employer contribution payment remitted to the Plan could be in excess of the total needed. This overpayment is held in the forfeiture account and applied to reduce future employer contributions. There were no unused forfeitures at December 31, 2023, or December 31, 2022. There were no forfeitures used during 2023 to reduce employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting. The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
2. Estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates and assumptions, and those differences can be material.
3. Investment valuation and income recognition. Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., the exit price). See Note D for discussion of fair value measurements. The Plan's Investment Committee determines the Plan's valuation policies, utilizing information provided by the investment advisor and PCS.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recognized using the interest method. Related fees are recorded as administrative expenses and are expensed when they are incurred. Participants are not allowed to take out a loan in excess of half of the fair value of the vested interest in their account. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Plan Management does not consider an allowance for credit losses to be necessary based on the nature of the receivables.
5. Benefits. Benefits are recorded when paid.
6. Administrative expenses. The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Additionally, certain expenses of the Plan, primarily audit and regulatory compliance fees, are paid directly by the Company. As a result, those expenses paid by the Company are not included in the Plan's financial statements. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

C. INFORMATION PREPARED AND CERTIFIED BY ADVISOR TRUST

The accompanying financial statements and supplemental schedule of assets (held at end of year) include the following unaudited information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that was obtained from data that has been prepared and certified as complete and accurate by Advisor Trust.

	2023	2022
Investments, at fair value	\$ 11,808,240	\$ 8,485,852
Net appreciation in fair value of investments	1,625,609	
Dividends and interest	256,895	

The certification mentioned above includes all investment information discussed in Note D and in the supplemental schedule of assets (held at end of year).

D. FAIR VALUE OF ASSETS

U.S. GAAP establishes a framework for measuring fair value that includes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Inputs to the valuation methodology are quoted, unadjusted prices in active markets for identical assets that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Pricing inputs are unobservable and include situations where there is little, if any, market activity for the investment. Fair value for these investments is determined using valuation methodologies that consider a range of factors including, but not limited to, the price at which the investment was acquired, the nature of the investment, local market conditions, trading values on public exchanges for comparable securities, current and projected operating performance and financing transactions subsequent to the acquisition of the investment. The inputs into the determination of fair value require significant management judgment. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

E. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the change in net assets available for benefits between the financial statements and Schedule H of Form 5500 for the year ended December 31, 2023:

Increase in net assets available for benefits per	
financial statements	\$ 2,744,505
Less current year employer contribution receivables	(34,010)
Plus prior year employer contribution receivables	41,219
Less loans deemed in 2022 for terminated employees	<u>(42,132)</u>
 Increase in net assets available for benefits per	
Form 5500	<u><u>\$ 2,709,582</u></u>

F. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held in a bank savings deposit account at Modern Bank. Modern Bank is associated with the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Any fees paid to PCS are netted against earnings. For the year ended December 31, 2023, fees of \$58,204, were paid by the Plan for investment management services and certain administrative expenses.

G. TAX STATUS

The Plan is relying on the IRS approval of the non-standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by a letter dated June 30, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition or disclosure through September 16, 2024, the date that the financial statements were available to be issued. During 2023, the Company merged with RC Systems and See Jane Run dba Sawyer. The governing bodies of RC Systems, See Jane Run dba Sawyer, and the Company, approved the mergers of each entity's retirement plan into the Plan effective January 1, 2024. As a result, all investments and participant loan balances were transferred from the RC Systems Plan and the See Jane Run dba Sawyer Plan, into the Plan in 2024. Management did not identify any additional events that occurred subsequent to year-end that require disclosure in the financial statements.
