INDEPENDENT AUDITOR'S REPORT

To the Trustee, and Plan Administrator of
Arizona Machinery Group Employees' Profit Sharing Retirement Plan
Avondale, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arizona Machinery Group Employees Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arizona Machinery Group Employees Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arizona Machinery Group Employees Profit Sharing Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation,

and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arizona Machinery Group Employees Profit Sharing Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arizona Machinery Group Employees Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arizona Machinery Group Employees Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Summary of significant plan provisions

The following description of the Arizona Machinery Group Employees' Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan sponsored by Arizona Machinery Group, Inc., an S corporation, (the "Company") and was established in 1969. The Plan was subsequently amended and restated on several occasions. Since January 1, 2007 restatement, the Plan was amended effective January 1, 2008 and 2009, to comply with various rules of the Internal Revenue Code (IRC) and other regulations. The Plan was amended effectively August 1, 2016 that the form of the Plan is a Cash or Deferred Profit Sharing Plan as authorized under IRC sections 401(a), 401(k), 402(g), 401(m) and 501(a). The Plan was amended effectively April 1, 2018 to change the Trustee and to allow Roth contributions. In addition, an employee can enter the Plan on the first day of the following month when the employee becomes eligible. The Plan was amended effectively June 1, 2018 to change the maximum amount of a loan. Effective May 13, 2019, the Plan was amended to comply with the Bipartisan Budget Act of 2018 to include additional expenses eligible for hardship distributions as well as to remove the six-month suspension of elective deferrals. During 2020, the Plan has adopted provisions of the CARES Act, which contains several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for loan payments. The provisions of the CARES Act may be effective and operationalized immediately. Plan amendments are not required until the end of the 2022 Plan Year. The Plan has chosen not to amend the adopted provisions of the CARES Act. The Plan was amended effectively January 1, 2022 to include Stown Properties LLC as a related entity and to add a Trustee.

The Plan is a single-employer plan consisting of related entities: Arizona Machinery, LLC, Stotz Farms, Inc., Stown Properties LLC, and Agrarian Labs, LLC (collectively the "Employer").

The Employer may make two types of contributions to the Plan, a 401(k) matching contribution and a discretionary profit sharing contribution, in an amount as determined by the board of directors of the Employer.

Plan administration

The Company is the Plan Sponsor and the Plan Administrator. The Plan Administrator is responsible for carrying out the duties imposed under the Employee Retirement Income Security Act of 1974 (ERISA). Under the agreement, the assets of the Plan are controlled by the Custodian who is responsible for investing them according to the provisions of the service contract. The participant makes all investment selections.

Note 1 - Summary of significant plan provisions, (continued)

Eligibility

All employees, not covered by a collective bargaining agreement, who have 90 days of service and are 18 years of age or older are eligible to participate in the Plan. Participation in the Plan is voluntary and eligible employees may enter the Plan on the first day of each calendar month of the plan year, coincident with or next following satisfaction of the eligibility requirements. The Plan is subject to the provisions of ERISA.

Contributions

Under the provisions of the Plan, the Company's 401(k) matching contributions shall not exceed an amount, which constitutes an allowable tax deduction under 404(a) of the Internal Revenue Code. Each year, the amount of the matching contribution, if any, shall be determined by the Employer at its discretion and allocated to each participant the last day of each pay period. The Employer shall determine the matching contribution at a specified ratio up to a predetermined percentage of pre-tax contributions that were contributed but not withdrawn for the calendar year. In addition to or instead of its matching contribution, the Employer may make discretionary contributions to the Plan on behalf of its eligible participants in such amounts, if any, as shall be determined from time to time by the board of directors of the Employer.

To be eligible to participate in the allocation of the Company's discretionary contributions, participants must be employed on the last day of the Plan year. Effectively April 1, 2018, all participants are eligible to receive the discretionary contributions. However, if a participant dies, retires, or becomes totally disabled during the plan year, the participant will receive employer contribution regardless of the hours the participant works during the plan year.

Each participant may make contributions during any period for which they receive compensation from the Company in the maximum amount of \$22,500 in 2023. Participants age 50 or older may elect to defer additional "catch up" contributions to the Plan of up to \$7,500 for 2023.

For the year ended December 31, 2023, the Employer made a 401(k) matching contribution in an amount up to four percent of the participants' eligible compensation, depending on the participant's elective contribution. There were no discretionary profit sharing contributions made for the year ended December 31, 2023.

Participant accounts

Each participant account is credited with participant contributions and plan income. Allocation of plan income is based on the participant's account balance, as defined.

Vesting

Each participant is fully vested in all employee contributions and Employer 401(k) matching contributions. Vesting of the Employer discretionary contributions is based upon the participant's years of service (defined as a 12-month period with at least 1,000 hours of service) with the Employer as follows:

ARIZONA MACHINERY GROUP
EMPLOYEES' PROFIT SHARING RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Summary of significant plan provisions, (continued)

Vesting (continued)

<u>Years of Service</u>	<u>Percentage</u>
0 - 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants may also become fully vested when the employee attains the age of 65, dies, or becomes permanently disabled while employed by the Employer.

Notes receivable from participants

The Trustee is authorized but is not required to make a loan or loans to participants for a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous twelve months even if all or a portion of this amount has been repaid, or 50% of the participant's vested interest minus any existing loan balance. Loan terms typically range from 1-5 years. If a participant applies for a residential loan for principal residence, the loan can be repaid within 15 years of the original date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with published prime rate. The interest rate was 8.50% at December 31, 2023. Principal and interest is paid ratably through payroll deductions. Participant loans are valued at the outstanding loan balances, which approximates fair value.

Payment of benefits

Upon termination of service, a participant will have the option to receive as benefits either a lump sum amount equal to the value of the participant's vested interest in his/her account, or optional forms of benefits in accordance with the Plan.

Plan termination

Although it has not expressed such intent, the Company reserves the right, at any time, to amend or terminate the Plan by action of its Board of Directors. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. The assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are added to future Employer profit sharing contributions. At December 31, 2023 and 2022, there were no outstanding forfeitures.

NOTES TO THE FINANCIAL STATEMENTS

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Cash and cash equivalents

Cash equivalents are carried at cost, which approximates market. The Plan considers all highly liquid investments with an original maturity date of three months or less when purchased to be cash equivalents.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Administrator believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Note 3 - Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ARIZONA MACHINERY GROUP
EMPLOYEES' PROFIT SHARING RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 3 - Fair value measurements, (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022:

Guaranteed fund: Investments in guaranteed fund is reported at contract value, which represents contributions plus interest less funds used to pay benefits and expenses. The contract issued to the Plan is considered benefit responsive investment contract. Measurement inputs are unobservable as a secondary market providing the opportunity to sell the contract held by the Plan does not exist.

Pooled separate accounts: Investments in pooled separate accounts represent ownership of units of participation (Units), rather than ownership of specific assets. The value of any one pooled separate account is determined by aggregating the value of all of the Units held by the Plan. The value of a single Unit is the total value of the pooled separate accounts underlying investments plus other assets less liabilities divided by the number of Units outstanding. Investments in the pooled separate accounts are valued at a net asset value per share method (unit pricing) which is generally determined by the quoted market price of the underlying investments.

Note receivable: Valued at the outstanding note balance on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2023 and 2022:

<u>Investments - 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Purchases, issuances and settlements, net	(549,193)
Balance, December 31, 2023	\$ <u>4,858,297</u>

Note 4 - Investments

The investments in pooled separate accounts are stated at net asset value as defined in Note 3.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

ARIZONA MACHINERY GROUP
EMPLOYEES' PROFIT SHARING RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 4 – Investments, (continued)

During the year ended December 31, 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$6,876,121. Substantially all depreciation and appreciation were related to pooled separate accounts.

Note 5 - Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

Note 6 - Administrative expense

As allowable under the Plan, certain costs associated with the Plan's administration are paid from Plan assets.

Note 7 - Allocation of the plan assets

Contributions are allocated to the various funds based on elections made by the participants. At the end of each plan year, each fund's assets are adjusted to current market value. The net market value increase or decrease is allocated proportionately to each participant's account based on the value of the participant's investment in that fund, compared to the total of all participant investments in that fund as of the end of the previous plan year adjusted for contributions, distributions and transfers. Participants are assigned one unit of value for each \$1 of their asset balance.

Note 8 - Party-in-interest

Certain Plan investments are shares of mutual funds managed by Sentry Investments. Sentry Investments is the Custodian under contract arrangements with the Plan's Trustees, and therefore, these transactions qualify as party-in-interest transactions.

The Plan is invested in loan receivables from participants. As a result, these investments and all transactions relating to these investments were a party-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

The Plan has chosen Mesirow Financial to provide investment selection and monitoring services for the available investment choices in the Plan. This service qualifies as a party-interest transaction.

NOTES TO THE FINANCIAL STATEMENTS

Note 9 - Tax status

The Internal Revenue Service (IRS) issued its latest determination letter on April 15, 2009, which stated that the Plan and its underlying trust qualify under Sections 401(a) and 401(k) of the Internal Revenue Code, and therefore, is exempt from federal income taxes under provision of Section 501(a). On September 30, 2014, IRS accepted the Plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. Management of the Company and the Plan Administrator believe that the Plan for the year ended December 31, 2023 was designed and operated in compliance with the applicable requirements of the IRC. Based upon certifications made by the Plan Administrator, administration errors, if any that are insignificant or operational in nature, are handled by the Plan Administrator in accordance with applicable Internal Revenue Service correction policies. Therefore, no provision for income taxes has been included in the Plan's financial statements. No penalties or interest related to income taxes have been incurred during the year ended December 31, 2023.

Note 10 - Certifications

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified by Sentry Life Insurance Company, (the "Custodian"), need not be subject to independent audit. The Trustees maintain the deposits in the general assets of the insurance company.

The Plan Administrator obtained certification from the Custodian that the following information furnished by the Trustees and included in the Plan's financial statements is complete and accurate:

- a. Investments as of December 31, 2023 and the supplemental schedule.
- b. Custodian transactions, investment income, and investment transactions for the year ended December 31, 2023.

Note 11 - Subsequent events

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2023 financial statement date and, in accordance with FASB ASC 855-10-50, *Subsequent Events*, determined that there were no other significant events necessary for changes to or additional disclosures in these financial statements through September 20, 2024, which is the financial statement issue date.
