Independent Auditors' Report

To the Plan Administrator of
eGenesis, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of eGenesis, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of eGenesis, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of eGenesis, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about eGenesis, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of eGenesis, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about eGenesis, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

eGenesis, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the eGenesis, Inc. 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of eGenesis, Inc. and Huckleberry Farms, LLC (the Company) that have attained 21 years of age, excluding cleaning staff and interns. Employees are allowed to enter the Plan for participant and employer matching contributions immediately once eligible. The Plan was originally established on January 1, 2019. The Plan was most recently amended effective August 2023, in which the Plan adopted a new pre-approved plan that included insignificant changes. The Plan Administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the Internal Revenue Code of 1986 (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pre-tax, Roth, and catch-up contributions to the Plan up to 100% of their eligible compensation, as defined. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the applicable participant. Employees have the option to opt out of automatic enrollment or change their elective deferral percentages at any time.

The Plan provides for the Company to make discretionary employer matching contributions to employees over the age of 21, excluding cleaning staff and interns. The formula for the discretionary employer matching contribution, if any, is solely determined by the Company. During the year ended December 31, 2023, the Plan began making discretionary employer matching contributions for eligible participants. The Plan matched 100% of the first 3% of participant's elective deferrals, limited to \$1,000 annually. The contribution computation period for discretionary employer matching contributions is the plan year. During the year ended December 31, 2023, discretionary employer matching contributions totaled \$125,165, of which \$4,849 was a receivable to the Plan as of December 31, 2023.

The Plan also provides for discretionary profit-sharing contributions to participants who are employed on the last day of the plan year, unless terminated after reaching normal retirement age (65), death, or disability. The Company elected not to make discretionary profit-sharing contributions for the year ended December 31, 2023.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan...continued

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary employer matching and profit-sharing contributions, and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances, excluding Roth deferral accounts. A plan participant may borrow from his or her vested account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding balance in the last 12 months, or 50% of his or her vested account balance. Notes receivable from participants bear interest at the Wall Street Journal prime rate plus 1% at the date the loan application was processed (9.50% as of December 31, 2023). Participants may only have one loan outstanding at any given time. All loans must be repaid in level payments through payroll deductions for actively employed participants on at least a quarterly basis over a period of no more than 5 years with the exception of loans used to purchase a primary residence, which are limited to 10 years. Upon termination of employment, any remaining payments are due within 60 days after termination unless transferred or rolled out of the Plan. Repayments may be suspended for 12 months for a bona fide leave of absence and for the entire time the borrower is on qualified military leave. Loans may not be refinanced. The Plan Administrator shall consider a loan in default if any scheduled payment remains unpaid as of the last business day of the calendar quarter in which a loan is initially considered past due. Any unpaid balance at the time of default shall incur a 10% penalty if the participant is under the age of 59 ½. Certain other restrictions may apply to notes receivable from participants as defined in the plan document. As of December 31, 2023 and 2022, there were no notes receivable from participants.

Vesting

Participants are immediately 100% vested in their voluntary contributions, rollover contributions, discretionary employer matching contributions, and discretionary profit-sharing contributions, plus earnings thereon.

Forfeitures

As of December 31, 2023, forfeited accounts totaled \$811. As of December 31, 2022, the Plan did not hold any forfeited accounts. Forfeitures during the year ended December 31, 2023 represent corrective actions by management related to the funding of the discretionary employer matching contributions, which may used to reduce future employer contributions other than participant contributions. During the year ended December 31, 2023, \$1,484 of forfeited accounts were used to reduce the funding of discretionary employer matching contributions.

Payment of Benefits

All distributions are subject to the applicable provisions of the Plan. Withdrawals may be made from a participant's account at age 59 ½, death, disability, or termination of employment. A participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in the form of cash in a single lump-sum payment or partial withdrawals. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Participants who are eligible for a hardship withdrawal may elect to withdraw all or a portion of their elective deferral account. Participants are entitled to receive a distribution from their rollover contribution account at any time. The Plan Administrator can elect to distribute funds out of the Plan when a participant terminates employment and has a vested balance in the Plan of less than \$5,000. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 72 prior to January 1, 2023, or age 73 if the participant reaches age 72 after December 31, 2022. Certain other restrictions may apply to benefit payments as defined in the plan document.

Investment Elections

Each participant shall direct the investment of his or her account and shall elect among various mutual funds. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies...continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest from notes receivable from participants is recorded on an accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from the participant to be a distribution, the notes receivable from participants balance is reduced and a benefit payment is recorded within the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. For the year ended December 31, 2023, the Company paid certain other administrative expenses incurred by the Plan.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements...continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds and interest-bearing cash	\$ 4,076,689	\$ -	\$ -	\$ 4,076,689

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds and interest-bearing cash	\$ 2,957,065	\$ -	\$ -	\$ 2,957,065

4. Information Prepared and Certified by Plan's Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees of the Plan, Ascensus Trust Company and Newport Trust Company LLC, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

5. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by a letter dated June 30, 2020 (effective April 15, 2021), that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

eGenesis, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

7. Party-in-Interest Transactions

Certain investments of the Plan are funds managed by The Vanguard Group, Inc., which qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

8. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through September 18, 2024, the date the financial statements were available to be issued.
