To the Benefit Plans Committee
Kelly Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Kelly Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Kelly Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides benefits to eligible temporary employees of Kelly Services, Inc. (the "Company") according to the provisions of the plan agreement. Generally, temporary employees become eligible to participate in the Plan upon attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute a percentage of eligible earnings, as defined in the Plan, of no less than 1 and no more than 75 percent up to the current Internal Revenue Service (IRS) maximums (\$22,500 in 2023) to the Plan each year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, not to exceed \$7,500 in 2023. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The employer contribution consists of two parts: employer discretionary contributions, under which the Company may make a discretionary contribution on behalf of all eligible participants in an amount determined by the Company, and employer matching contributions, which are discretionary where the Company matches participant contributions using a predetermined formula. The Company did not make an employer discretionary contribution to the Plan for 2023. The Company made employer matching contributions equal to \$0.50 per dollar of participant contributions up to 6 percent of eligible earnings that employees contributed for 2023. In addition, under federal regulations, the Company shall make contributions for eligible government contract employees at a rate per hour, as required under government regulations. These government contract contributions are also recorded as employer contributions.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2023, 2022, and 2021 were paid after the time frame required by the Department of Labor. The Company remitted certain 2022 and 2021 contributions by December 31, 2022 and 2021 and remitted remaining contributions and the related lost earnings on all of the delinquent 2023, 2022, and 2021 contributions to the Plan in 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer matching contribution, an allocation of the employer's discretionary contribution (if applicable), an allocation of the contribution for government contract employees (if applicable), an allocation of investment earnings, and an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Administration

The Plan is administered by a committee appointed by the board of directors of the Company (the "Board"). This committee is composed of the executive vice president and chief financial officer, the senior vice president and chief human resources officer, and the senior vice president and corporate secretary and serves at the pleasure of the Board.

Investment Options

All contributions are invested by Bank of America, N.A., the trustee of the Plan, as directed by the participants, among any of the investment options offered by the Plan.

December 31, 2023 and 2022

(all amounts in thousands unless otherwise noted)

Note 1 - Plan Description (Continued)

Vesting and Benefits

Participants are immediately 100 percent vested in employee and employer contributions. Upon retirement, disability, death, or other termination of employment, the value of the vested portion of a participant's account is payable to the participant in a lump-sum distribution. If the vested portion of a participant's account exceeds \$5,000 (or such other amount to be prescribed in Treasury regulations), the participant may defer receipt of the distribution until any time prior to or upon attaining age 72. Vested accounts with balances of \$5,000 or less are paid in an immediate lump-sum distribution.

Participant Forfeitures

Pursuant to the plan agreement, participant forfeitures can be used by the Plan to (1) restore the participant's account in the event of rehire, (2) reduce the employer discretionary contributions or employer matching contributions, or (3) reduce plan expenses.

In-service Withdrawals

Participants may request in-service distributions of vested account balances any time after the attainment of age 59½, or they may request in-service distributions from participant contributions if experiencing a hardship, as defined by the IRS, under safe harbor rules.

Participant Notes Receivable

The Plan, as currently designed, does not allow participants to borrow from their accounts; however, as part of plan mergers that occurred during the year ended December 31, 2023, outstanding participant notes receivable were transferred into the Plan. No other participant notes receivable are permitted.

Party-in-interest Transactions

Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

The common/collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

December 31, 2023 and 2022

(all amounts in thousands unless otherwise noted)

Note 2 - Summary of Significant Accounting Policies (Continued)

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from participants' earnings; employer matching contributions, including contributions to government contract employees, are recorded in the same period. Employer discretionary contributions are recorded in the period during which they were earned.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incurred shall be paid by the Plan to the extent not paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 3, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Bank of America, N.A. (the "Trustee") holds the Plan's investments and the participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

December 31, 2023 and 2022

(all amounts in thousands unless otherwise noted)

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023 and 2022:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2023

Total	77,601	77,601	-	-
Investments measured at NAV - Common/collective trust funds	186,496			
Total investments at fair value	\$ 264,097			

Note 5 - Priorities on Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions and/or terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the accounts of all participants shall remain fully vested and shall be distributed to the participants, with all participants receiving the full value of their accounts on the date of such distribution.

December 31, 2023 and 2022**(all amounts in thousands unless otherwise noted)****Note 6 - Tax Status**

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Transfers

Effective December 31, 2022, and pursuant to an acquisition made by the Company, the Softworld, Inc. 401(k) Plan, sponsored by Softworld, Inc., was merged with the Plan. The assets and related participant account balances totaling approximately \$7,521 were fully transferred into the Plan in 2023.

During the normal course of business, employees transfer between temporary and permanent employment status. As a result, employees previously participating in the Kelly Retirement Plus plan (KRP) may become eligible under the Plan. Employees previously participating in the Plan may become eligible under KRP. After the change in employment status, the participant accounts and related assets of the employees are then periodically transferred to the respective plan. In 2023, net transfers out of the Plan to KRP totaled \$404.

Note 8 - Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 to Form 5500:
