Independent Auditor's Report

To the Participants and Plan Administrator of
American Consulting Professionals, LLC 401(k) Plan
Wesley Chapel, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of American Consulting Professionals, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter - Supplemental Schedule Required by ERISA, continued

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN CONSULTING PROFESSIONALS, LLC 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the American Consulting Professionals, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by American Consulting Engineers of Florida, LLC (Employer and Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective January 1, 2004, and was restated effective October 24, 2019.

Eligibility

An employee of the Employer is eligible to join the Plan on the first day of the calendar month after reaching the age of 21 and completing three months of service. The Plan allows entry to the Plan quarterly. An eligible active participant for non-elective and matching contributions is defined as any individual who earns at least 1,000 hours of service during the year and who is employed by the Employer on the last day of the Plan year.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan adoption agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Employer makes a safe harbor contribution for each eligible active participant at an amount equal to 3 percent of such active participant's compensation. The Plan allows for non-elective and matching contributions. The non-elective contribution was \$36,554 for the year ended December 31, 2023. There were no matching contributions for the year ended December 31, 2023. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and Employer safe harbor, non-elective and matching contributions as well as allocations of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan adoption agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, Employer safe harbor, non-elective and matching contributions plus actual earnings thereon.

AMERICAN CONSULTING PROFESSIONALS, LLC 401(K) PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan permits participants to change the rate of contribution each pay period.

Payment of Benefits

After termination of employment, if a vested account balance does not exceed \$5,000, the account will be distributed in a lump sum. If the vested account balance exceeds \$5,000, participants are permitted to leave their account balance in the Plan until they elect to receive benefits or to rollover their balance to another qualified plan or Individual Retirement Account. Prior to participants' retirement, death, disability, separation from service or attainment of age 59-1/2, participants may withdraw amounts from their salary deferral accounts, provided that such withdrawal is due to hardship (necessary in light of immediate and heavy financial needs).

Notes Receivable from Participants

Participants may borrow from their fund accounts from \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Only one loan may be outstanding at any time. The loans are secured by the balance in the participant's account, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

AMERICAN CONSULTING PROFESSIONALS, LLC 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Investment related expenses are included in net appreciation of investments. Fees related to recordkeeping services and the administration of notes receivable from participants and distributions are charged directly to the participants' account and are included in administrative expenses. Certain expenses of maintaining the Plan are paid by the Plan Administrator (in addition to its contributions under the Plan) and are excluded from these financial statements.

Subsequent Events

The Plan Administrator has evaluated subsequent events for accounting and disclosure requirements through September 17, 2024, the date that the financial statements were available to be issued.

3. Information Certified and Provided by Custodians

The Plan's investment information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from the information provided by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (custodians of the Plan) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

Investments, at contract value	<u>-</u>	<u>764,769</u>
Total investments	<u>\$ 13,183,270</u>	<u>\$ 13,624,153</u>

The custodians of the Plan also certified the completeness and accuracy of \$1,965,857 of net realized and unrealized appreciation in investments held and \$248,026 of dividends and interest related to the investments for the year ended December 31, 2023.

4. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Mutual funds are valued at quoted market prices in exchange and active markets and are classified as Level 1 investments.

Pooled separate accounts: Pooled separate accounts are privately managed through investment companies and are not publicly quoted. The pooled separate accounts are valued using net asset value (NAV) as a practical expedient to estimate fair value where NAV is based on the underlying securities within the fund. The Plan Administrator has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments and the investments can be redeemed daily.

There have been no changes in valuation methodologies used at December 31, 2023 and 2022.

4. Fair Value Measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that were accounted for at fair value as of December 31:

<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:

4. Fair Value Measurements, continued

In accordance with accounting standards, investments in 2023 and 2022 that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified as Level 1, 2 or 3 in the fair value hierarchy, but are included to permit reconciliation of the fair value hierarchy tables to the amounts presented on the statements of net assets available for benefits.

To assess the appropriate classification of investments with the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

5. Investment Contracts

The following table provides information about the investments carried at contract value as of December 31:

	<u>2023</u>	<u>2022</u>
Fixed Income	\$ -	\$ 764,769

The Principal Fixed Income Guaranteed Option (PFIGO) is a traditional investment contract which is benefit responsive. Principal Life Insurance Company (Principal Life) maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent or greater than 3 percent. Because the PFIGO is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PFIGO.

The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract. Plan management gave notice of termination in September 2023. Transactions after this notice, including the Plan merger (see footnote 12), were at contract value. There are no known reserves against the contract value for credit risk to the contract issuer or otherwise.

6. Tax Status

The IRS ruled by letter dated June 30, 2020, that the prototype Plan document, which the Plan operates under, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

AMERICAN CONSULTING PROFESSIONALS, LLC 401(K) PLAN

Notes to the Financial Statements, continued

6. Tax Status, continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Partial Plan Termination

As a result of a reduction of the Plan Sponsor's workforce, the Plan experienced a partial plan termination as defined by ERISA in 2023. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting of employer contributions is required for the affected participants. All participants were 100% vested in their account balances.

8. Plan Termination

The Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

9. Exempt Party-In-Interest Transactions

Principal Life Insurance Company (Principal Life) and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company served as custodians for the year ended December 31, 2023, and are therefore parties-in-interest. Fees paid by the Plan for administrative expenses amounted to \$40,022 for the year ended December 31, 2023.

Additionally, Principal Life deducts an expense charge based on investment account values. These fees range from 0.05 to 3.01 percent of the investment account value. These fees are included in net appreciation of investments on the statement of changes in net assets available for benefits.

Members of management are trustees of the Plan and therefore are parties-in-interest for the year ended December 31, 2023.

The Plan invests in a fixed income account and pooled separate accounts which are administered by Principal Life, the Plan's custodian, for the year ended December 31, 2023. Activity reported by Principal Life for these investments qualifies as party-in-interest transactions.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, overall market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to net assets per the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefit per the financial statements	\$ 13,523,025	\$ 14,081,594
Additional Participant contributions receivable	-	(34,935)
Additional Employer contributions receivable	<u>-</u>	<u>(2,285)</u>
Net assets per the Form 5500	\$ <u>13,523,025</u>	\$ <u>14,044,374</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements at December 31, 2023 to net loss per the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (558,569)
Participant contributions receivable - 2022	34,935
Additional Employer contributions receivable - 2022	<u>2,285</u>
Net loss per the Form 5500	\$ <u>(521,349)</u>

12. Subsequent Event

Effective January 17, 2024, the Plan was merged into the Consor Engineers 401k Plan, resulting in a transfer of all assets in the Plan. The Plan was subsequently terminated subject to the provisions of ERISA.
