INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Axiom Resource Management, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Axiom Resource Management, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Axiom Resource Management, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Axiom Resource Management, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Axiom Resource Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Axiom Resource Management, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Axiom Resource Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Axiom Resource Management, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the plan

The following description of the Axiom Management, Inc. 401 (k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualified under sections 401 (a) and 401 (k) of the Internal Revenue Code (the Code), covering all employees of Axiom Resource Management, Inc. (the Company) except union employees and nonresident aliens. Employees age 21 or over are eligible to participate in the Plan on the first day of the month coinciding with or next following the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee, Custodian and Administration of the Plan

The trustee and custodian of the Plan is Reliance Trust Company. The Company entered into a managed services agreement with ADP who provides record keeping and various administrative services.

Eligibility

The Plan is a defined contribution plan generally covering all employees of the Company who have attained 21 years of age with certain requirements met.

Participant contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of their annual compensation as defined by the Plan. Participant contributions may not exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$22,500 for the year ended December 31, 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations imposed by the Code. Participants are permitted to make rollover contributions to the Plan.

Participant rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Company contributions

The company provides a matching contribution for the amount of 25% of the first 4% of employee contributions. There are no additional eligibility requirements to receive the Company matching contribution. Additional amounts may be contributed as a profit sharing contribution at the discretion of the Company's Board of Directors. For a participant to receive an allocation of the profit sharing contribution, they must be employed on the last day of the year as well as have worked at least 1,000 hours during the year. No discretionary profit sharing contributions were made by the Company for 2023. The Company's matching contributions totaled \$170,164 for the year ended December 31, 2023.

Notes to Financial Statements

Note 1. Description of the plan – continued

Participant accounts

Each participant's account is participant-directed and credited with participant and Company contributions, withdrawals and an allocation of Plan earnings and administrative expenses. Any earnings, losses, and administrative expenses are allocated to participant accounts based upon the balance in each account, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the portion of the participant's account.

Vesting

Participants are immediately 100% vested in their contributions, Company contributions, and earnings and losses thereon.

Forfeitures

There are no forfeitures as participants are immediately 100% vested in their accounts.

Participant loans

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their account balance. Notes must be at least \$1,000 and a participant can hold no more than one note at any given time. Notes are collateralized by the participant's account balance. Notes bear interest at an interest rate equal to 1% above the prime rate. Interest and principal repayments are made ratably through semi-monthly payroll deductions. Notes become due immediately upon termination of the participant's employment.

Payment of benefits

Upon termination of service, death, disability, retirement, or attainment of age 59 ½, a participant or their beneficiary, in the event of death, is entitled to distribution of their account balance. Distributions may be made either in a lump sum or, in the case of required minimum distributions, on an investment basis. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distribution prior to age 59 ½. As of December 31, 2023, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Administrative expenses

All administrative expenses are paid with the assets of the Plan, unless paid by the Company, at its discretion. Administrative expenses totaling \$93,436 for 2023 were paid directly from the Plan during the year. All other administrative expenses were paid by the Company. Loan and distribution fees are paid by the Plan and its participants.

Notes to Financial Statements

Note 2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America. As described in ASC 962, *Plan Accounting – Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of the contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur that materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Loans

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document. Participant loans are considered fully collectible. Accordingly, no allowance for uncollectible amount has been provided.

Axiom Resource Management, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of significant accounting policies - continued

Contributions receivable

The Plan carries its contributions receivable at their face amounts less allowance for doubtful accounts. On a periodic basis, the Plan evaluates its receivables and establishes the allowance for doubtful accounts based on historical experience and other currently available information. Contributions receivable are considered fully collectible. Accordingly, no allowance for uncollectible amount has been provided.

Payment of benefits

Benefits are recorded when paid.

Note 3. Investments - Certified by the plan custodian

The Plan's investments are held by Reliance Trust Company, the Plan Trustee/Custodian. A summary of the fair values of investments at December 31, 2023 and 2022 follows. Investments that represent 5% or more of the total Plan assets are separately identified. Fair value has been determined by quoted market prices, all investments are mutual funds.

Investments that represent 5% or more of the total Plan assets as follows:

Reliance Trust Company	2023	2022
BLK 2040 K	\$ 2,768,113	\$ 2,433,245
BLK 2045 K	2,485,171	2,252,641
BR GLALL K	2,397,097	2,176,371
BLK 2030 K	2,262,645	1,866,317
VAN GRINDX	2,224,618	1,411,155
BLK 2035 K	1,721,383	1,512,154
FID 500 IND	1,559,826	1,085,571
BLK LP RET K	1,217,266	1,191,243

The trustee's certified all investments at fair value as of December 31, 2023 and 2022 and the investments transactions (individually and in summary) for the years then ended as complete and accurate. The certification includes investment income, realized and unrealized gains and losses, and certain supplemental schedule information.

Notes to Financial Statements

Note 4. Fair value measurements

ASC 820, Fair Value Measurements and Disclosures (ASC 820), defines fair value and establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The assets or liabilities fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is the description of valuation methodologies used for assets measured at fair value:

Investments in registered investment companies (mutual funds) are valued at fair value based on the unit value of the fund. Unit values are determined by the institutions sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Investments in common collective trust are valued at fair value based on the unit value of the fund. Unit values are determined by the institutions sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of the different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Axiom Resource Management, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair value measurements - continued

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>2023</u>	<u>2022</u>
Level 1 – investments in registered investment companies – mutual funds	\$ 25,759,151	\$ 21,570,732
Level 1 – investments in registered investment companies – common collective trust - mutual funds	701,863	690,135
Level 2 –	-	-
Level 3 –	-	-
Total Investment	<u>\$ 26,461,014</u>	<u>\$ 22,260,867</u>

Note 5. Fully benefit – responsive investment contract

The Plan entered into a fully benefit-responsive investment contract in the Putnam Stable Value Fund. Trustee Services maintains the contribution in the general account. The account is credited with earning on the underlying investments and is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

The average yield and crediting interest rate of the fully benefit - responsive investment contract as of December 31, 2023:

<u>Average Yield</u>	
Based on actual earnings	2.63 %
Based on interest rate credited to participants	3.32 %

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Party-in-interest transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan allows participants to take out loans against their account balances. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

Note 7. Plan termination

Although the Company has not expressed any intention to do so, it has the right to discontinue its contributions and to terminate the Plan at any time subject to the provision of ERISA. Upon termination of the Plan, the net assets of the Plan would be distributed to participants based upon individual interests in the Plan.

Axiom Resource Management, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 8. Income tax status

The prototype plan, under which the Plan has adopted, has received a favorable opinion letter from the Internal Revenue Service dated October 6, 2020, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to the issuance of the opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, Income Taxes, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to examinations for Plan years prior to 2021.

Note 9. Subsequent events

Management has analyzed subsequent events through September 27, 2024 the date on which the financial statements were available to be issued. No events have occurred since December 31, 2023 that would have a material impact on the financial statements.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
