Independent Auditor's Report

Plan Participants, ESOP Committee, and Trustee
MarshBerry Holdco, Inc. Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of MarshBerry Holdco, Inc. Profit Sharing Plan and Trust, formerly Marsh, Berry & Company, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits (in liquidation) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (in liquidation) for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021 (in liquidation), and the changes in its net assets available for benefits for the year ended December 31, 2022 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 1 to the financial statements, due to the sale of Marsh, Berry & Company, Inc. effective November 19, 2021, management determined liquidation was imminent. As a result, the Plan utilized the liquidation basis of accounting in both 2021 and 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the MarshBerry Holdco, Inc. Profit Sharing Plan, formerly Marsh, Berry & Company, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Marsh, Berry & Company, Inc. (the Company) established the Plan effective as of January 1, 2016. The Plan is a defined contribution plan that previously covered substantially all employees of the Company. The Plan previously operated as a leveraged employee stock ownership plan (ESOP) and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (Code), as amended.

The ESOP purchased Marsh, Berry & Company, Inc. common stock (Company Stock) from the Company and held the Company Stock in a trust established under the Plan until sold in 2021.

Termination of Plan

Pursuant to a Unit Purchase Agreement dated November 19, 2021, 100% of the Company Stock was sold to MarshBerry Holdings Company, LLC and contributed to MarshBerry Holdco, Inc. (Holdco). The purchase transaction provided for the cancellation of amounts owed by the Plan under the note payable and for the release of Company Stock held as collateral to be allocated to participant accounts. Amounts for the cancellation of the note payable and for the sale and release of Company Stock are included in the employer receivable at December 31, 2021.

Effective November 19, 2021, GreatBanc Trust Company (GreatBanc) became the trustee of the Plan and effective January 5, 2022, the Plan was terminated. As of the termination date, no new participants were eligible to participate in the Plan, employer stock balances were converted to cash, and the ESOP was converted to a profit sharing plan (MarshBerry Holdco, Inc. Profit Sharing Plan and Trust) where all investments are non-participant directed.

Participant Accounts

A separate account is maintained for each participant which includes the participant's balance upon termination of the Plan effective January 5, 2022, as well as an allocation of the Plan's earnings and losses since that date based on the ratio of the balance of the participant's portion to the total portion of such account in the Trust as of the preceding valuation date.

Vesting

Effective with the Plan termination on January 5, 2022, any participant who had an account balance became 100% vested in that account balance.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Effective with the Plan termination on January 5, 2022, participants were entitled to receive 85% of their vested account balance as soon as administratively feasible, and the remaining 15% as soon as administratively practicable following receipt of a favorable determination letter issued by the Internal Revenue Service (IRS). All distributions are to be paid in two or more installments, in the form of a lump-sum cash payment or direct rollover. All remaining assets were distributed by September 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value by GreatBanc, the trustee of the Plan. Fair value is the price that would be recorded to sell as asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend and distribution income were recorded on the ex-dividend date.

Payment of Benefits

Benefits were recorded when paid.

Plan Expenses

The Plan's administrative expenses were paid by the Company. Expenses that were paid by the Company are excluded from these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2022 and 2021, and for the year ended December 31, 2022, the Plan did not have a liability for unrecognized tax benefits. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Subsequent Events

Plan management has evaluated subsequent events through July 24, 2024, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended money market fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily net asset value and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

NOTES TO THE FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2022 and 2021, assets measured at fair value within the hierarchy consist of a Level 1 money market fund totaling \$14,958,036 and \$445,455, respectively.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by GreatBanc Trust Company (GreatBanc). GreatBanc is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

5. TAX STATUS

The IRS has determined and informed the Company by a letter dated February 7, 2023, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

6. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The presentation of net assets available for benefits per the financial statements at December 31, 2021, on the Form 5500, does not reflect the sale of Company Stock, the cancellation of the note payable, and release of Company Stock held as collateral effective November 19, 2021. The financial statements account for the cancellation of the note payable and sale and release of Company Stock as an employer receivable.
