INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
GPI Hourly Savings Plan (For Represented Employees)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed the audits of the accompanying financial statements of the GPI Hourly Savings Plan (For Represented Employees) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rehires are eligible to participate immediately upon rehire if they have already met the service and age requirements, if applicable, as defined by the Plan. If the employee is a covered employee, such employee is eligible to participate in the Plan after completing at least 1,000 hours and meeting the applicable age and service eligibility requirements as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2021, the Plan was amended to reflect recently negotiated benefit changes with respect to employees at the Company's Wayne, New Jersey, facility, represented by the Local One-L, Amalgamated Lithographers of America, GCC/IBT.

In 2021, the Company acquired substantially all the assets of Americraft Carton, Inc. Effective April 1, 2020, the Plan was amended to recognize employees' service for certain employees of Greif, Inc., some of which are represented by GCC/IBT, Local 555-S in Grand Rapids, Michigan, and to make the Greif Union a participating unit under the Plan and implement benefits with respect to employees of the Company represented by the Greif Union.

In 2020, the Company acquired substantially all the assets of Artistic Carton Company and assumed sponsorship of the Artistic Carton Company Union Plan (the Artistic Carton Plan). In conjunction with the Artistic Carton Plan acquisition, the Plan was amended effective January 1, 2021, in which certain employees of Artistic Carton Plan, some of whom were represented by IBT Local 415-S in Elgin, Illinois, will become employees of the Company. The Plan was amended to recognize the employees' service with Artistic Carton for purposes of the Plan, make the Artistic Carton Plan a participating unit under the Plan and implement benefits with respect to the employees of the Company represented by the Artistic Carton Plan. In addition, effective June 1, 2021, the Artistic Carton Plan was merged into the Plan.

Contributions
Each year, participants may elect to contribute a portion of their pre-tax annual compensation to the Plan, as outlined by the Plan's Subplan provisions. In addition, the Plan allows after-tax and Roth contributions for certain Subplans. Any participant who is age 50 by the end of the Plan year may contribute additional "catch-up" contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to maximum annual contribution limits.

The Company contribution is based on matching of pre-tax contributions, as defined by the Plan. In addition, several locations are eligible for Supplemental Employer Contributions, Special Employer Contributions and Employer Automatic Contributions pursuant to the collective bargaining agreements in effect for each location, as defined by the Plan. For the year ended December 31, 2023, the total Supplemental Employer Contribution was $7,892,519. Employer contributions are reflected net of forfeitures within employer contributions receivable within the statement of net assets available for benefits as of December 31, 2023.

Participant Accounts
Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings or losses. Participant accounts are charged with withdrawals and investment fees which are netted against the revenue allocated to them and certain loan and distribution fees. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their elective deferrals, rollover contributions plus actual earnings thereon. Vesting in employer contributions varies based on the type of employer contribution which varies by location, as defined by the Plan.

Payment of Benefits
A participant is entitled to a distribution of 100% of his or her account balance upon retirement, death, or disability. Upon termination of service for any other reason or if the participant has attained the age of $59^1/_2$, the participant may elect to receive the value of the vested portion of their account either as a lump-sum amount or in the form of installment payments. A participant may take a distribution in the event of financial hardship if all requirements are met as specified by the Plan document.

Notes Receivable from Participants
Certain participants may borrow from their accounts in amounts equal to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The Plan prohibits loans from being made out of the participant's Supplemental Employer Contribution as well as Special Employer Contribution and Automatic Employer Contribution portion of the participant's account. The loans are secured by the balance in the participant's account and bear varying rates of interest, which are commensurate with local prevailing rates as determined by the Plan administrator. The loans can have up to a maximum term of 57 months, unless the loan is to be used in conjunction with a purchase of a principal residence, and in that case, the loan can have a maximum term of 25 years. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts
For the Plan year ended December 31, 2023, forfeitures of $250,562 were used to reduce employer contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled $325,427 and $4,887, respectively. These accounts are available to reduce future employer contributions to the Plan or pay the Plan's administrative expenses.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan and a revenue sharing account, unless otherwise paid by the Company. For the year ended December 31, 2023, fees paid by revenue sharing income was $10,683. The revenue sharing income account as of December 31, 2023 and 2022, totaled $21,320 and $9,582, respectively. Revenue sharing income is utilized to offset expenses. Expenses that are paid by the Company are excluded from these financial statements. Effective January 2020, the Plan adopted a fixed fee expense structure in which participants are charged a flat fee which is directly applied to the participant's account.

Tax Status
The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated May 28, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended subsequent to receipt of the determination letter. However, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America (GAAP) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principles and policies which significantly affect the determination of net assets available for plan benefits and results of operations are summarized below.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with GAAP.

Investment Valuation and Income Recognition
Investments in the GPI Savings Plans Master Trust (the Master Trust) in which the Plan is funded, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in its statement of changes in net assets available for benefits an allocation of the Master Trust's net gain which consists of net appreciation in fair value of investments and interest and dividend income.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Risks and Uncertainties
The Master Trust invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the levels of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Payment of Benefits
Benefits are recorded when paid.

3. INTEREST IN GPI SAVINGS PLANS' MASTER TRUST

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and certain assets of another company sponsored retirement plan. The plans participating in the Master Trust collectively own, through the Master Trust, the assets based upon investment percentages. Participant transaction activity is designated to specific plans. Accordingly, each plan's investment percentage in the Master Trust changes regularly. Income/loss earned by the Master Trust is allocated to the various plans based upon the investment percentage on the day the income is earned. At December 31, 2023 and 2022, the Plan's interest in the net assets of the Master Trust was approximately 31% and 32%, respectively. Investment income/loss relating to the Master Trust is allocated to the individual plans based on: (1) whether it is related to a specific plan (100% allocation to that plan), or (2) the Plan's proportionate share of the income/loss which is attributable to the Master Trust.

The following presents the fair value of the Master Trust and the Plan's divided interest in the Master Trust as of December 31, 2023 and 2022:

December 31, 2023	Master Trust Balances	Plan's Interest in Master Trust Balances

December 31, 2022	Master Trust Balances	Plan's Interest in Master Trust Balances

Mutual Funds	334,490,296	86,417,037
Common Collective Trust Funds	990,104,694	340,422,206
Total investments	$ 1,334,393,790	$ 430,883,404

The following outlines the net investment income of the Master Trust for the year ended December 31, 2023:

Investment loss	
Interest and dividends	$ 15,815,726
Net appreciation in fair value of investments	254,989,724
Total investment income	$ 270,805,450

4. FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
- Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are observable as of the reporting date. These inputs include quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Graphic Packaging Unitized Stock Fund: The Graphic Packaging Unitized Stock Fund consists primarily of shares of the Company's common stock. The underlying common stock is valued at the last reported sales price at the end of the year or, if there were no sales that day, the last reported bid price. Effective January 1, 2004, no additional shares of Company stock may be purchased through the Plan.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Common Collective Trust Funds: Valued at the net asset value (NAV) of units held by the Master Trust at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner. As of December 31, 2023 and 2022, there are no unfunded commitments or redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2023 and 2022. There were no Level 2 or 3 investments.

	2023	2022
Level 1 Investments:		
Graphic Packaging Unitized Stock Fund	$ 9,872,179	$ 9,798,800
Mutual Funds	387,047,786	334,490,296
Investments in the fair value hierarchy	396,919,965	344,289,096
Common Collective Trusts Funds, measured at NAV[(1)]	1,209,377,292	990,104,694
Total Investments, at fair value	$ 1,606,297,257	$ 1,334,393,790

[(1)]These investments that are measured at fair value using the NAV per unit (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net investment loss from GPI Master Trust for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Fidelity Management Trust Company, the Trustee of the Plan.
