Independent Auditor's Report

Board of Directors
Troy Belting and Supply Company
Watervliet, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Troy Belting and Supply Company 401(k) and Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Summary of Plan Provisions

The Troy Belting and Supply Company 401(k) and Profit Sharing Plan (Plan) was formed effective July 1, 1985. The Plan is sponsored by Troy Belting and Supply Company (Troy Belting). The Plan was most recently restated effective October 21, 2021.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan with a profit sharing feature covering all eligible employees of Troy Belting and its wholly owned subsidiaries, TIS Ansonia LLC (Ansonia) and TIS Brewer LLC (Brewer), collectively referred to as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and administered by Fidelity Management Trust Company, the Trustee of the Plan, which invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan Trustee and investment advisor are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). Effective November 2023, participants may contribute after-tax Roth elective contributions to the Plan. The maximum participant contribution to the Plan was \$22,500 and \$20,500 for the years ended December 31, 2023 and 2022, respectively. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Auto-enrollment deferral rates are increased each year by 1% until the participant's deferral rate reaches 10%.

The Company may make a matching contribution based on a discretionary formula, as determined by the Company. The Company contributes 50% of the first 10% of a participant's eligible compensation contributed during the Plan year, for a maximum employer contribution of 5% of a participant's eligible compensation.

Note 1 - Summary of Plan Provisions - Continued

b. Contributions - Continued

The Company may also make a discretionary profit sharing contribution, determined annually by the Company. The Company did not make discretionary profit sharing contributions for the years ended December 31, 2023 or 2022.

Participants direct the investment of their contributions into various investment options offered by the Plan.

c. Plan Eligibility

Employees are eligible to participate in the Plan upon reaching 18 years of age and completing two months of service. Eligible employees may join the Plan immediately following the date that they meet the eligibility requirements. Employees are eligible to participate in the Plan with respect to the Company's discretionary matching and profit sharing contributions, if any, after completing one year of service in which the employee worked 1,000 hours.

An eligible participant must work 1,000 hours during the Plan year and be actively employed at the end of the Plan year to share in the employer's discretionary profit sharing contribution. Participants who are not actively employed due to death, total and permanent disability, or early or normal retirement, but otherwise meet the eligibility requirements, will share in the employer's discretionary profit sharing contributions, if any.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of (a) the Company's discretionary matching and profit sharing contributions, if any; (b) the Plan's investment earnings (losses), net of investment expenses; and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

e. Vesting

Participants are vested immediately in their elective deferral amounts and rollover contributions, plus actual earnings thereon. Participants are fully vested in the Company's discretionary matching and profit sharing contributions after completing three years of service. There is no partial vesting of Company contributions.

f. Participant Loans

Participant loans are not allowed under the Plan.

Note 1 - Summary of Plan Provisions - Continued

g. Payment of Benefits

Upon the termination of service due to death, disability, reaching the normal retirement age, or termination of employment, a participant (or their beneficiary in the case of death) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment or installment payments. The Plan also allows for hardship distributions under certain conditions and in-service distributions for participants upon reaching age 59½.

If the vested portion of a participant's account balance is less than \$5,000, but greater than \$1,000, and the distribution takes place before the participant's normal retirement age, the amount will be distributed to an Individual Retirement Account for their benefit as soon as possible following termination, retirement or disability, or to the beneficiary following death. If the vested portion of a participant's account balance is \$1,000 or less, this amount will be paid as a lump-sum distribution to the participant as soon as possible following termination, retirement or disability, or to the beneficiary following death.

h. Forfeiture Accounts

The nonvested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures are first used to pay Plan expenses. Amounts not used to pay Plan expenses are used to reduce the employer's discretionary profit sharing contribution. Forfeitures used to pay Plan expenses totaled \$5,199 and \$8,400 during the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023, and 2022, forfeited nonvested accounts totaled \$4,967 and \$3,658, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Note 2 - Summary of Significant Accounting Policies - Continued

c. Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold, as well as held, during the year.

d. Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year the employee contributions are withheld from compensation.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Administrative expenses are paid by the Plan and the Company. Administrative expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

g. Subsequent Events

The Plan administrator has evaluated subsequent events through September 4, 2024, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years then ended, was obtained by management and agreed to, or derived from, information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

Troy Belting and Supply Company 401(k) and Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 4 - Investments and Fair Value Measurements - Continued

The following three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 or 2022.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds and money market funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: The NAV, which is based on the fair value of the underlying investments held by the fund less its liabilities, is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Sales and redemptions of participant units are transacted at such NAVs and may occur daily. If the Plan initiates a full redemption of the fund, the Trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments at December 31, 2023 or 2022.

Note 4 - Investments and Fair Value Measurements - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,966,355	\$ -	\$ -	\$ 17,966,355
Money market funds	1,938,114	-	-	1,938,114
Total	<u>\$ 19,904,469</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,904,469</u>
Investments measured at NAV (a)				
Common/collective trust fund				680,260
Investments, at fair value				<u>\$ 20,584,729</u>

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,298,300	\$ -	\$ -	\$ 16,298,300
Money market funds	1,967,971	-	-	1,967,971
Total	<u>\$ 18,266,271</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,266,271</u>
Investments measured at NAV (a)				
Common/collective trust fund				612,900
Investments, at fair value				<u>\$ 18,879,171</u>

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Tax Status

The Internal Revenue Service (IRS) has ruled that the Non-Standardized Pre-Approved Profit Sharing Plan offered by the Plan Trustee constitutes a qualified plan under Section 401(a) of the IRC and, therefore, is exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The Non-Standardized Pre-Approved Profit Sharing Plan has received an opinion letter dated June 30, 2020 from the IRS as to the Plan's qualified status.

See Independent Auditor's Report.

Troy Belting and Supply Company 401(k) and Profit Sharing Plan

Notes to Financial Statements December 31, 2023 and 2022

Note 5 - Tax Status - Continued

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Related-Party and Party-in-Interest Transactions

There were no administrative expenses paid by the Company for the years ended December 31, 2023 or 2022. Certain administrative functions are performed by employees of the Company who do not receive compensation from the Plan for such functions.

Certain Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
