INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Treetop Products, Inc. 401(k) Plan
Batavia, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Treetop Products, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 (in liquidation) and 2022 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Treetop Products, Inc. 401(k) Plan approved a plan of liquidation on September 15, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in preparing the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Treetop Products, Inc. 401(k) Plan Notes to the Financial Statements

1. Description of Plan

The Treetop Products, Inc. 401(k) Plan (Plan) was established July 1, 1997. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan, covering all employees of Treetop Products, Inc., Kirby Built Products and Geneva Scientific, Inc. (collectively the Company) who have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination – The Company resolved to freeze and terminate the Plan effective September 15, 2023. No further contributions were allowed to the Plan after this date and all participant accounts became fully vested and non-forfeitable. Participants were allowed to either take a withdrawal from the Plan or transfer their balance to a new Plan in which they became eligible participants following a change in ownership of the Company. All participant balances totaling \$4,687,499 were withdrawn or transferred by December 2023.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a matching safe harbor contribution to the Plan in an amount equal to 100% of the first 3% of participant's eligible compensation contributed to the Plan, and 50% of the next 2% of participant's eligible compensation contributed to the Plan, for a maximum contribution of 4%.

The Company may make annual discretionary profit sharing contributions in an amount to be determined by the Board of Directors. The participant must complete at least 1,000 hours of service during the Plan year. There was no profit sharing contribution approved for the 2023 Plan year.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions and Company safe harbor contributions, plus actual earnings thereon. Prior to the Plan termination, profit sharing contributions vest 20% per year after two years of full service with full vesting after six years of service. After the Plan termination, profit sharing contributions became fully vested. All participants who become disabled, retire after age 65, or die are exempt from any vesting service requirement.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and during the year ended December 31, 2023, bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Prior to the Plan freezing effective September 15, 2023, on termination of service, a participant may elect to receive either a lump-sum amount or periodic installments equal to the value of the participant's vested interest in his or her account. In-service withdrawals from transfer accounts, distributions after age 65 and hardship distributions were also allowed by the Plan. Total distributions in 2023 prior to the Plan freezing on September 15, 2023, totaled \$1,551,807.

Forfeited Accounts – At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0 and \$814, respectively. These accounts were used to reduce future employer contributions or payable reasonable Plan expenses. During the year ended December 31, 2023, \$813 of forfeited non-vested accounts were used to reduce employer contributions and \$5,426 were used to pay plan expenses.

CARES Act – On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act). As a result, changes were made related to Plan withdrawals and loans to participants, for impacted participants, their spouse and dependent(s) who have been diagnosed with virus SARS-CoV-2 or with COVID-19, as well as participants that have experienced adverse financial consequences. The change applicable to the Plan is that impacted participant loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, may be delayed for one year.

On August 3, 2022, the IRS issued Notice 2022-33, which extends the deadlines for qualified retirement plans to adopt amendments reflecting certain optional and required changes under the SECURE, CARES, and Miners Acts. Plan sponsors of defined contribution plans generally now have until December 31, 2025, to amend their plans if they took advantage of benefit changes permitted by these laws, including changes allowed by the CARES Act as part of COVID-19 relief.

The Plan was amended in 2023 to address these changes.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (cont'd)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through September 16, 2024, the date the financial statements were available to be issued.

3. Information Prepared and Certified by Custodian

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements, that was prepared by or derived from information prepared by Charles Schwab Trust Bank, the custodian of the Plan, and furnished to the Company. The Company has obtained certifications from the custodian as of December 31, 2023 and December 31, 2022, and for the year ended December 31, 2023, that such information is complete and accurate.

	2023	2022
Investments at fair value	\$ -	\$ 5,362,704
Notes receivable from participants	-	43,928
Non-interest bearing cash	-	100
Net appreciation in fair value of investments	255,280	
Interest and dividends	117,165	
Interest on notes receivable from	2,056	

4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize that use of unobservable inputs.

4. Fair Value Measurements (cont'd)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts include a stable value fund, whose primary objective is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The fund invests entirely in the MetLife Group Annuity Contract 25157, which consists of separately managed investment portfolios directed by Reliance Trust Company. The fund has entered into a wrap agreement with Metropolitan Life Insurance Co. The balance of this fund at December 31, 2022, was \$742,108 (no balance at December 31, 2023). Funds can be redeemed daily.

There were no Plan assets as of December 31, 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 4,620,596	\$ -	\$ -	\$ 4,620,596
Total	<u>\$ 4,620,596</u>	<u>\$ -</u>	<u>\$ -</u>	4,620,596
Collective investment funds *				<u>742,108</u>
				<u>\$ 5,362,704</u>

* Collective investment funds that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

The Plan had non-interest bearing cash managed by Charles Schwab Trust Bank. As Charles Schwab Trust Bank serves as custodian as defined by the Plan, these transactions are party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan incurred direct administrative expenses to EPIC Retirement Plan Services, the third-party administrator, totaling \$20,395. These are also party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

6. Tax Status

The Plan has adopted the EPIC Advisors Inc. Non-Standard Pre-Approved Profit Sharing Plan with CODA. The Internal Revenue Service has determined and informed EPIC Advisors Inc., by a letter dated June 30, 2020, that the Volume Submitter Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
