The Board of Trustees
Microbest, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Microbest, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Microbest, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Microbest, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Microbest, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Microbest, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Microbest, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

Supplemental Schedules Required by ERISA (Continued)

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MICROBEST, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Microbest, Inc. (the “Company” or “Employer”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, and any amendments for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed 6 months of service, working at least 500 hours within the 6-month period, and are age 21 or older. Participants may enroll in the Plan on January or July 1st once eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the sponsor and administrator of the Plan. Capital Bank and Trust Company is the custodian of the Plan and manages the investments as directed by participants.

Contributions

Each year, participants may elect to contribute a percentage of their compensation to the plan up to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Company makes safe harbor contributions equal to 100% of the participant’s elective deferrals up to 3% of eligible compensation, plus 50% of the participant’s elective deferrals that are between 3% and 5% of eligible compensation. Annually, the Company may also make a discretionary profit sharing contribution at the option of the Company’s Board of Directors. There were no discretionary contributions made for the year ended December 31, 2023. Contributions are subject to the IRS limitations.

All contributions are held in trust, and invested by the Plan’s custodian in accordance with the options elected by the participants (i.e. all investments are participant-directed).

Participant Accounts

Each participant’s account is maintained separately within the Plan and is credited with their elective deferrals, employer contributions and earnings. Participants may elect to have contributions invested in any or all of the funds of the Plan. Allocation of employer contributions, investment income, and administrative expenses are based on a participant’s compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in a variety of investment choices as more fully described in the Plan’s literature.

Vesting

Participants are immediately vested in their deferral and rollover contributions and employer safe harbor matching contributions plus actual earnings thereon. Participants are fully vested in employer discretionary contributions upon the completion of six years of service.

MICROBEST, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits and Withdrawals

Upon termination of service due to death, disability, or any other reason, a request for distribution of a participant's account balance is allowed. If a participant dies while classified as an active member of the Plan, the participant's beneficiary or beneficiaries are entitled to receive the entire participant's vested account balance. Should a participant become totally and permanently disabled while employed by the Company, the full value of the participant's account balance may be distributed upon request.

Upon termination of employment, the vested amount of the participant's account will be distributed to the participant in a lump-sum cash payment if the participant's vested account balance is less than \$5,000. If the account balance is greater than \$5,000, the participant's written consent will be required for any distribution including the election of a rollover distribution to a new qualified plan. Otherwise, the Plan administrator will direct the custodian to begin distribution no later than April 1 of the calendar year after the participant attains the age of 73.

Subject to certain limitations prescribed by the Plan and the Code, participants may elect hardship withdrawals. Withdrawals from a participant's rollover account may also be made at any time, in accordance with the provisions specified in the Plan. Additionally, in-service withdrawals are allowed in accordance with the provisions specified in the Plan for participants who have attained age 59 ½.

Forfeitures

Forfeited accounts are amounts forfeited by participants who have terminated their employment and are not fully vested in their employer account. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,929 and \$8,053, respectively. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts can be used to reduce future employer contributions payable under the Plan.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. If one-half of the vested account balance is less than \$10,000, the participant may borrow up to \$10,000. The loans are secured by the balance in the participant's accounts and bear interest at a commercially reasonable rate of interest as determined by the administrator. Principal and interest are paid ratably through payroll deductions through equal payments over the term of the loan. A participant may have no more than one outstanding loan from the Plan at any time. Notes receivable from participants at December 31, 2023 and 2022 were \$173,112 and \$217,230 respectively.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based on the terms of the plan document.

MICROBEST, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities, changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend and Interest income is recorded on the cash basis which approximates U.S. GAAP. Net appreciation (depreciation) of investments includes gains and losses on investments sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Plan administration expenses are paid out of Plan assets, unless otherwise stated. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. As of December 31, 2023 the Plan's tax returns generally remain subject to examination by major tax jurisdictions for the previous three years.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

For the year ended December 31, 2023 the Plan evaluated subsequent events for potential recognition and disclosures through September 6, 2024, the date of the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds – Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual Funds	\$7,318,982	\$ -	\$ -	\$7,318,982

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

Management has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified that the following investment information is complete and accurate:

- Fair value of investments and the carrying amount of notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Interest and dividends, net depreciation in fair value of investments, and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2023.
- Investment information reflected in Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2023.

As permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to the certified investment information.

NOTE 5 – TAX STATUS

The Company has adopted an approved volume submitter plan which received an Internal Revenue Service (“IRS”) advisory opinion letter dated June 30, 2020 which indicated that the form of the Plan satisfied the qualification requirements of the Internal Revenue Code. Although the Plan has been amended since receiving that advisory opinion letter, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. Certain investments were managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees paid by the Plan to Capital Bank and Trust Company for plan services amounted to \$5,948 and \$1,675 for the years ended December 31, 2023 and 2022. The Plan also paid fees for administrative and investment advisory fees rendered by parties-in-interest. Participant loans are also considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions as any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent vested in their employer contributions. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.
