Independent Auditors' Report

To the Trustees and Plan Administrator of
Charley Toppino & Sons of Key West, LLC Profit Sharing Plan

Opinion

We have audited the financial statements of Charley Toppino & Sons of Key West, LLC Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Marcum LLP / One Southeast Third Avenue / Suite 1100 / Miami, FL 33131 / **Phone** 305.995.9600 / **marcumllp.com**

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Charley Toppino & Sons of Key West, LLC Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2023 and 2022 and
For the Year Ended December 31, 2023

1. Description of Plan

The following description of the Charley Toppino & Sons of Key West, LLC Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established effective June 19, 1989, as restated January 1, 2022, is a defined contribution plan covering all eligible employees of Charley Toppino & Sons, Inc. (the "Employer", the "Company", or "Plan Sponsor"). Effective January 1, 2016, the Plan was amended to allow eligible employees of Monroe Concrete Products, Inc., to participate in the Plan. Employees become eligible to participate in the Plan at the age of eighteen and after completing one year of employment. Collective bargaining (union) employees, non-resident aliens and leased employees are not eligible to join the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The trustees and plan administrator are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Effectively on December 29, 2022, the Setting Every Community Up For Retirement Enhancement ("SECURE") 2.0 Act of 2022 was signed into law. The Act is inclusive of approximately 90 provisions which offer many new benefits to employers and Plan participants. Certain provisions changes are related to the following, but not limited to; changes to auto-enrollment and auto-escalation, age of required minimum distributions, catchup distributions, and increased dollar threshold for mandatory distributions. Depending on the specific provision, some will take effect immediately, while others begin in a future year. During 2023, Plan adopted certain provisions of SECURE 2.0 and is in the process of formally amending the Plan document.

Contributions

This is a non-contributory Plan that includes only an Employer profit sharing contribution whereby the Employer may contribute a discretionary amount. Such contributions are allocated among the participants as governed by the Plan document. For the year ended December 31, 2023, the Employer made a discretionary profit sharing contribution of approximately $748,000 to the Plan. Contribution amounts per participant are not to exceed annual limits established in the Internal

1. Description of Plan (Continued)

Revenue Code ("IRC") ($66,000 in 2023). Participants may transfer amounts representing distributions from a previous employer's qualified plan ("Rollovers"). Rollovers are 100% vested. During the year ended December 31, 2023, there were no Rollovers.

Participant accounts

Each participant's account is credited with the Employer's profit sharing contributions, Rollovers, and Plan earnings or losses. Each participant's account is reduced by any withdrawals or distributions and an allocation of administrative fees paid by the Plan. Allocations are based on participant earnings, accounts balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled at termination or retirement is the benefit that can be provided from the participant's vested portion of the account balance.

The Plan allows participant direction of investments for participants with account balances at or in excess of $20,000. This option was exercised by four participants for the year ended December 31, 2023. The plan administrator directed the remaining nonparticipant directed investments into various investment options offered by the Plan (see Note 4).

Vesting

Vesting in the Employer's discretionary profit sharing contributions is based on years of continuous service. A participant is 20 percent vested after 2 years of credit service and continues to vest in increments of 20 percent until 100 percent vested after 6 years of credited service.

A participant must provide a minimum of 1,000 hours of service to complete a year of vesting service. Upon reaching normal retirement age, death or disability, a participant's account becomes fully vested in accordance with the Plan document.

Payment of benefits

On termination of service due either voluntary or involuntary resignation, death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. If the participant's vested account balance is less than $5,000 at the termination date,

1. Description of Plan (Continued)

then that balance shall be distributed to the participant in a single lump-sum payment without the participant's consent. In-service distributions are permitted at the attainment of normal retirement age. The Plan document does not provide for hardship distributions. The minimum distribution age from when distributions must begin is 73.

Forfeited accounts

As of December 31, 2023 and 2022, there were no forfeited accounts. Forfeitures may only be used to reduce any nonelective contributions. During 2023, employer contributions were reduced by $27,150, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the money market funds which are reported at amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

2. Summary of Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses incurred in relation to the maintenance of Plan are paid by the Plan Sponsor, however, if allowed under the Plan document, may be paid by the Plan. Fees related to Plan distributions to participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments and not separately identified.

Subsequent Events

Subsequent events were evaluated through September 25, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Government bonds: Valued using pricing models maximizing the use of observable inputs for similar securities.

Self-directed brokerage accounts: The Self Directed Brokerage Accounts ("SDBA") principally includes investments in mutual funds and common stocks. The mutual funds and common stocks are valued at quoted prices in actively traded markets.

3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,446,451	$ -	$ -	$ 2,446,451
Government bonds	-	702,562	-	702,562
Self-directed brokerage accounts (SDBA)	1,763,475	-	-	1,763,475
Total assets in the fair value hierarchy	4,209,926	702,562	-	4,912,488
Money market funds* (including SDBA)	-	-	-	81,112
Total investments at fair value	$ 4,209,926	$ 702,562	$ -	$ 4,993,600

Assets at Fair Value as of December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,937,617	$ -	$ -	$ 1,937,617
Government bonds	-	795,717	-	795,717
Self-directed brokerage accounts (SDBA)	1,728,923	-	-	1,728,923
Total assets in the fair value hierarchy	3,666,540	795,717	-	4,462,257
Money market funds* (including SDBA)	-	-	-	194,364
Total investments at fair value	$ 3,666,540	$ 795,717	$ -	$ 4,656,621

* In accordance with FASB ASC Subtopic 820-10, investments not valued at fair value are not classified in the fair value hierarchy. The money market funds held by the Plan are valued at amortized cost and therefore meet this criteria. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying Statements of Net Assets Available for Benefits.

4. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31, 2023	December 31, 2022
Net assets:		
Mutual funds	$ 2,446,451	$ 1,937,619
Government bonds	702,562	795,717
Money market funds	62,319	162,563
Employer contribution receivable	511,762	412,512
Other receivables	22,033	-
Total Net Assets	$ 3,745,127	$ 3,308,411

	Year Ended December 31, 2023
Change in net assets:	
Net appreciation in fair value of investments	$ 221,993
Dividends and interest	59,601
Employer contributions	511,762
Benefits paid to participants	(325,779)
Administrative expenses	(30,861)
Total	$ 436,716

The accompanying financial statements excludes Schedule H, Line 4j – Schedule Reportable Transactions as there were no nonparticipant investment transactions that were required to be reported.

5. Party In Interest Transactions

Certain Plan investments are managed by Atlantic Family Wealth, LLC, and therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Atlantic Family Wealth, LLC for investment advisory and administrative services for the year ended December 31, 2023 were approximately $47,000.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Plan adopted a pre-approved plan offered by Jonathan H Green & Associates PA. The pre-approved plan received an IRS Opinion Letter dated March 17, 2022, that the Plan and related trust, as then designed, are in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
