INDEPENDENT AUDITOR'S REPORT

To the Trustees
Editas Medicine, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Editas Medicine, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Editas Medicine, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Editas Medicine, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Editas Medicine, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Editas Medicine, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Editas Medicine, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Editas Medicine, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan established on January 1, 2014 to provide retirement and other related benefits to substantially all employees of Editas Medicine, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: An employee, who is age 21 or older, becomes eligible to participate for purposes of salary reduction contributions after one month of employment.

Participant Contributions: Each year, participants may contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan, up to the maximum dollar amount allowed under the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions as prescribed by Treasury regulations. Participants may also deposit amounts received from any other retirement plan which satisfy the tax rules for rollovers.

Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which are includable in the participant's gross income.

Employer Contributions: The Plan allows the Company to make discretionary matching contributions and discretionary profit-sharing contributions. For the year ended December 31, 2023, the Company made matching contributions not to exceed 200% of a participant's eligible compensation, up to \$6,000. There were no profit-sharing contributions for the year ended December 31, 2023.

Participant Accounts: Each participant's account is credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their voluntary contributions, employer matching contributions, employer profit sharing contributions and any actual earnings thereon.

Forfeited Accounts: At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,388 and \$1,342, respectively. These accounts will be used to reduce future employer contributions.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms cannot exceed five years unless for the purchase of a primary residence, which cannot exceed thirty years. Loans are secured by the balances in the participants' accounts and are supported by a promissory note. Loans bear interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances (5.00% - 9.25% at December 31, 2023). Principal and interest are paid ratably usually through payroll deductions. If the participant terminates employment or retires, the outstanding loan balance is due immediately unless the participant remains a party-in-interest. If the participant qualifies as a party-in-interest, the participant may continue to pay the loan after termination. Failure to repay will result in the loan being offset from the participant's account. The offset loan amount will be considered a taxable distribution to the participant. Participants can prepay an outstanding loan at any time without a penalty.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, if required to receive required minimum distributions under Internal Revenue Code ("IRC") Section 401(a)(9), periodic installment distributions. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below \$1,000.

A participant may also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document. The hardship withdrawals are subject to a minimum of \$500. Hardship distributions may not be made to a former employee at the time of the hardship distribution.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate a permitted transaction under the terms of the Plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and other parties involved with the Plan. See Note 6 for a discussion of fair value measurements.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3: PLAN TERMINATION (CONTINUED)

In March of 2023, the Company incurred a reduction of workforce and as a result the Plan experienced a partial plan termination as defined by the Internal Revenue Code (IRC) for the 2023 plan year. Under the IRC, a partial plan termination may occur if at least 20% of eligible Plan participants are terminated by the Company within the applicable period. As a result of the partial plan termination, full vesting in the employer's matching contribution was required for the affected participants.

According to Plan provisions, all participants are fully vested in employer contributions, thus the partial plan termination had no impact.

NOTE 4: TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the prototype Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2023.

NOTE 5: CERTIFICATION OF QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	<u>December 31,</u>	
	2023	2022
Mutual funds	\$ 23,179,900	\$ 17,968,432
Insurance annuity contract, fully benefit responsive	\$ 167,888	\$ 141,249
Notes receivable from participants	\$ 87,177	\$ 181,901

Net appreciation in fair value of investments	\$ 3,355,362	
Interest and dividend income	\$ 467,336	
Interest earned on notes receivable from participants	\$ 8,719	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

EDITAS MEDICINE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 23,179,900	\$ -	\$ -	\$ 23,179,900
Total investments, at fair value	<u>\$ 23,179,900</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,179,900</u>

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 17,968,432	\$ -	\$ -	\$ 17,968,432
Total investments, at fair value	<u>\$ 17,968,432</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,968,432</u>

NOTE 7: GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company ("Standard"). Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Since this contract met the fully benefit-responsive contract criteria, the contract was included in the financial statements at contract value as reported to the Plan by Fidelity Management Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Plan initiated withdrawals are paid at the lesser of book value or that amount reduced by a market value adjustment, as defined in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Fund is invested in a portfolio of publicly traded bonds, plus small commercial mortgage loans within Standard Insurance Company's general account. Interest crediting rate is reset quarterly and will never be below 1%. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2023 was 3.09%.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7: GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. No events occurred that might have limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events could include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The terms of the contract prohibit the Plan from making a direct exchange from this fund to a competing funds without first exchanging to a non-competing fund for 90 days.

NOTE 8: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee, which is a party-in-interest with respect to the Plan. Administrative expenses paid by the Plan to the trustee are reported as administrative expenses in the statement of changes in net assets available for benefits. The Plan also extends loans to participants who are considered parties-in-interest. These are considered to be exempt party-in-interest transactions.

As part of the recordkeeping and administrative service fee arrangement with Fidelity, Fidelity agreed to reimburse to the Plan investment fund related revenue received by Fidelity that is in excess of the agreed upon service fee structure. The reimbursement amounts, if any, are paid to the Plan in a Plan reimbursement account. Investment fund related revenue received by Fidelity typically includes Rule 12b-1 fees and service fees paid by the fund or the fund's affiliates. The Plan reimbursement revenues may be used by the Plan to pay direct and necessary expenses of the Plan and is included in the net appreciation in fair value of investments in the statement of changes in net assets available for benefits. There was \$2,058 of Plan reimbursement revenue earned in 2023 with an ending balance in the reimbursement account of \$2,129 as of December 31, 2023.

NOTE 10: LATE REMITTANCES

As reported on Form 5500, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, certain employee contributions were not remitted to the Plan within the time frame specified by the DOL's regulations, thus constituting nonexempt transactions between the Plan and the Company. Late remittances required to be reported at December 31, 2023 amounted to \$105,456, all of which occurred in 2022. The Company is in the process of correcting the late remittances, including lost earnings.

NOTE 11: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2023, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is September 25, 2024, which is the date the financial statements were available to be issued.

Effective January 1, 2024, the Company increased its discretionary matching contributions not to exceed 200% of a participant's eligible compensation, up to \$7,000.

INDEPENDENT AUDITOR'S REPORT

To the Trustees
Editas Medicine, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Editas Medicine, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Editas Medicine, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Editas Medicine, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Editas Medicine, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Editas Medicine, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Editas Medicine, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Trustees
Editas Medicine, Inc. 401(k) Plan

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Editas Medicine, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan established on January 1, 2014 to provide retirement and other related benefits to substantially all employees of Editas Medicine, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: An employee, who is age 21 or older, becomes eligible to participate for purposes of salary reduction contributions after one month of employment.

Participant Contributions: Each year, participants may contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan, up to the maximum dollar amount allowed under the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions as prescribed by Treasury regulations. Participants may also deposit amounts received from any other retirement plan which satisfy the tax rules for rollovers.

Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which are includable in the participant's gross income.

Employer Contributions: The Plan allows the Company to make discretionary matching contributions and discretionary profit-sharing contributions. For the year ended December 31, 2023, the Company made matching contributions not to exceed 200% of a participant's eligible compensation, up to \$6,000. There were no profit-sharing contributions for the year ended December 31, 2023.

Participant Accounts: Each participant's account is credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their voluntary contributions, employer matching contributions, employer profit sharing contributions and any actual earnings thereon.

Forfeited Accounts: At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,388 and \$1,342, respectively. These accounts will be used to reduce future employer contributions.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms cannot exceed five years unless for the purchase of a primary residence, which cannot exceed thirty years. Loans are secured by the balances in the participants' accounts and are supported by a promissory note. Loans bear interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances (5.00% - 9.25% at December 31, 2023). Principal and interest are paid ratably usually through payroll deductions. If the participant terminates employment or retires, the outstanding loan balance is due immediately unless the participant remains a party-in-interest. If the participant qualifies as a party-in-interest, the participant may continue to pay the loan after termination. Failure to repay will result in the loan being offset from the participant's account. The offset loan amount will be considered a taxable distribution to the participant. Participants can prepay an outstanding loan at any time without a penalty.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, if required to receive required minimum distributions under Internal Revenue Code ("IRC") Section 401(a)(9), periodic installment distributions. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below \$1,000.

A participant may also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document. The hardship withdrawals are subject to a minimum of \$500. Hardship distributions may not be made to a former employee at the time of the hardship distribution.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate a permitted transaction under the terms of the Plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and other parties involved with the Plan. See Note 6 for a discussion of fair value measurements.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3: PLAN TERMINATION (CONTINUED)

In March of 2023, the Company incurred a reduction of workforce and as a result the Plan experienced a partial plan termination as defined by the Internal Revenue Code (IRC) for the 2023 plan year. Under the IRC, a partial plan termination may occur if at least 20% of eligible Plan participants are terminated by the Company within the applicable period. As a result of the partial plan termination, full vesting in the employer's matching contribution was required for the affected participants.

According to Plan provisions, all participants are fully vested in employer contributions, thus the partial plan termination had no impact.

NOTE 4: TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the prototype Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2023.

NOTE 5: CERTIFICATION OF QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	<u>December 31,</u>	
	2023	2022
Mutual funds	\$ 23,179,900	\$ 17,968,432
Insurance annuity contract, fully benefit responsive	\$ 167,888	\$ 141,249
Notes receivable from participants	\$ 87,177	\$ 181,901

Net appreciation in fair value of investments	\$ 3,355,362	
Interest and dividend income	\$ 467,336	
Interest earned on notes receivable from participants	\$ 8,719	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

EDITAS MEDICINE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	<u>\$ 23,179,900</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,179,900</u>
Total investments, at fair value	<u><u>\$ 23,179,900</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 23,179,900</u></u>

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	<u>\$ 17,968,432</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,968,432</u>
Total investments, at fair value	<u><u>\$ 17,968,432</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 17,968,432</u></u>

NOTE 7: GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company ("Standard"). Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Since this contract met the fully benefit-responsive contract criteria, the contract was included in the financial statements at contract value as reported to the Plan by Fidelity Management Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Plan initiated withdrawals are paid at the lesser of book value or that amount reduced by a market value adjustment, as defined in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Fund is invested in a portfolio of publicly traded bonds, plus small commercial mortgage loans within Standard Insurance Company's general account. Interest crediting rate is reset quarterly and will never be below 1%. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2023 was 3.09%.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7: GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. No events occurred that might have limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events could include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The terms of the contract prohibit the Plan from making a direct exchange from this fund to a competing funds without first exchanging to a non-competing fund for 90 days.

NOTE 8: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee, which is a party-in-interest with respect to the Plan. Administrative expenses paid by the Plan to the trustee are reported as administrative expenses in the statement of changes in net assets available for benefits. The Plan also extends loans to participants who are considered parties-in-interest. These are considered to be exempt party-in-interest transactions.

As part of the recordkeeping and administrative service fee arrangement with Fidelity, Fidelity agreed to reimburse to the Plan investment fund related revenue received by Fidelity that is in excess of the agreed upon service fee structure. The reimbursement amounts, if any, are paid to the Plan in a Plan reimbursement account. Investment fund related revenue received by Fidelity typically includes Rule 12b-1 fees and service fees paid by the fund or the fund's affiliates. The Plan reimbursement revenues may be used by the Plan to pay direct and necessary expenses of the Plan and is included in the net appreciation in fair value of investments in the statement of changes in net assets available for benefits. There was \$2,058 of Plan reimbursement revenue earned in 2023 with an ending balance in the reimbursement account of \$2,129 as of December 31, 2023.

NOTE 10: LATE REMITTANCES

As reported on Form 5500, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, certain employee contributions were not remitted to the Plan within the time frame specified by the DOL's regulations, thus constituting nonexempt transactions between the Plan and the Company. Late remittances required to be reported at December 31, 2023 amounted to \$105,456, all of which occurred in 2022. The Company is in the process of correcting the late remittances, including lost earnings.

NOTE 11: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2023, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is September 25, 2024, which is the date the financial statements were available to be issued.

Effective January 1, 2024, the Company increased its discretionary matching contributions not to exceed 200% of a participant's eligible compensation, up to \$7,000.

INDEPENDENT AUDITOR'S REPORT

To the Trustees
Editas Medicine, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Editas Medicine, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Editas Medicine, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Editas Medicine, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Editas Medicine, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Editas Medicine, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Editas Medicine, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Trustees
Editas Medicine, Inc. 401(k) Plan
Page 4

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Editas Medicine, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan established on January 1, 2014 to provide retirement and other related benefits to substantially all employees of Editas Medicine, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: An employee, who is age 21 or older, becomes eligible to participate for purposes of salary reduction contributions after one month of employment.

Participant Contributions: Each year, participants may contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan, up to the maximum dollar amount allowed under the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions as prescribed by Treasury regulations. Participants may also deposit amounts received from any other retirement plan which satisfy the tax rules for rollovers.

Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which are includable in the participant's gross income.

Employer Contributions: The Plan allows the Company to make discretionary matching contributions and discretionary profit-sharing contributions. For the year ended December 31, 2023, the Company made matching contributions not to exceed 200% of a participant's eligible compensation, up to \$6,000. There were no profit-sharing contributions for the year ended December 31, 2023.

Participant Accounts: Each participant's account is credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their voluntary contributions, employer matching contributions, employer profit sharing contributions and any actual earnings thereon.

Forfeited Accounts: At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,388 and \$1,342, respectively. These accounts will be used to reduce future employer contributions.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms cannot exceed five years unless for the purchase of a primary residence, which cannot exceed thirty years. Loans are secured by the balances in the participants' accounts and are supported by a promissory note. Loans bear interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances (5.00% - 9.25% at December 31, 2023). Principal and interest are paid ratably usually through payroll deductions. If the participant terminates employment or retires, the outstanding loan balance is due immediately unless the participant remains a party-in-interest. If the participant qualifies as a party-in-interest, the participant may continue to pay the loan after termination. Failure to repay will result in the loan being offset from the participant's account. The offset loan amount will be considered a taxable distribution to the participant. Participants can prepay an outstanding loan at any time without a penalty.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, if required to receive required minimum distributions under Internal Revenue Code ("IRC") Section 401(a)(9), periodic installment distributions. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below \$1,000.

A participant may also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document. The hardship withdrawals are subject to a minimum of \$500. Hardship distributions may not be made to a former employee at the time of the hardship distribution.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate a permitted transaction under the terms of the Plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and other parties involved with the Plan. See Note 6 for a discussion of fair value measurements.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3: PLAN TERMINATION (CONTINUED)

In March of 2023, the Company incurred a reduction of workforce and as a result the Plan experienced a partial plan termination as defined by the Internal Revenue Code (IRC) for the 2023 plan year. Under the IRC, a partial plan termination may occur if at least 20% of eligible Plan participants are terminated by the Company within the applicable period. As a result of the partial plan termination, full vesting in the employer's matching contribution was required for the affected participants.

According to Plan provisions, all participants are fully vested in employer contributions, thus the partial plan termination had no impact.

NOTE 4: TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the prototype Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2023.

NOTE 5: CERTIFICATION OF QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	<u>December 31,</u>	
	2023	2022
Mutual funds	\$ 23,179,900	\$ 17,968,432
Insurance annuity contract, fully benefit responsive	\$ 167,888	\$ 141,249
Notes receivable from participants	\$ 87,177	\$ 181,901
	<u>Year Ended</u>	
	<u>December 31,</u>	
	2023	
Net appreciation in fair value of investments	\$ 3,355,362	
Interest and dividend income	\$ 467,336	
Interest earned on notes receivable from participants	\$ 8,719	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

EDITAS MEDICINE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2023				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 23,179,900	\$ -	\$ -	\$ 23,179,900
Total investments, at fair value	<u>\$ 23,179,900</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,179,900</u>
2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 17,968,432	\$ -	\$ -	\$ 17,968,432
Total investments, at fair value	<u>\$ 17,968,432</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,968,432</u>

NOTE 7: GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company ("Standard"). Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Since this contract met the fully benefit-responsive contract criteria, the contract was included in the financial statements at contract value as reported to the Plan by Fidelity Management Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Plan initiated withdrawals are paid at the lesser of book value or that amount reduced by a market value adjustment, as defined in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Fund is invested in a portfolio of publicly traded bonds, plus small commercial mortgage loans within Standard Insurance Company's general account. Interest crediting rate is reset quarterly and will never be below 1%. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2023 was 3.09%.

EDITAS MEDICINE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7: GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. No events occurred that might have limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events could include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The terms of the contract prohibit the Plan from making a direct exchange from this fund to a competing funds without first exchanging to a non-competing fund for 90 days.

NOTE 8: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee, which is a party-in-interest with respect to the Plan. Administrative expenses paid by the Plan to the trustee are reported as administrative expenses in the statement of changes in net assets available for benefits. The Plan also extends loans to participants who are considered parties-in-interest. These are considered to be exempt party-in-interest transactions.

As part of the recordkeeping and administrative service fee arrangement with Fidelity, Fidelity agreed to reimburse to the Plan investment fund related revenue received by Fidelity that is in excess of the agreed upon service fee structure. The reimbursement amounts, if any, are paid to the Plan in a Plan reimbursement account. Investment fund related revenue received by Fidelity typically includes Rule 12b-1 fees and service fees paid by the fund or the fund's affiliates. The Plan reimbursement revenues may be used by the Plan to pay direct and necessary expenses of the Plan and is included in the net appreciation in fair value of investments in the statement of changes in net assets available for benefits. There was \$2,058 of Plan reimbursement revenue earned in 2023 with an ending balance in the reimbursement account of \$2,129 as of December 31, 2023.
