INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Management of

GEDDES AND COMPANY PROFIT SHARING THRIFT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Geddes and Company Profit Sharing Thrift Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GEDDES AND COMPANY PROFIT SHARING THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan

The following description of the ***Geddes and Company Profit Sharing Thrift Plan*** (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. **General** - The Plan, established in 1984 and amended and restated at various dates, is a defined contribution 401(k) profit sharing thrift plan covering all eligible employees of Geddes and Company and Coe & Van Loo Consultants, Inc. (collectively, the “Sponsor”) who have six months of service and are age twenty-one or older. Employees classified as consultants or leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), and the Internal Revenue Code (“IRC”).
- B. **Contributions** - Participants may contribute between 1% and 100% of their annual earnings, as defined in the Plan, on a pretax or after-tax basis in whole percentage increments. Contributions may be made to the Plan up to the maximum allowed by the IRC Section 401(k) limits. In addition, the Plan allows participants, attaining the age of 50 before the end of the Plan year, to make additional catch-up contributions not exceeding \$7,500 for the year ended December 31, 2023. Participants may also contribute amounts representing distributions from other qualified plans.

The Sponsor may make discretionary matching contribution to the Plan. For 2023, the Sponsor made discretionary matching contributions of participant deferrals equal to 100% of the first 2% of compensation deferred. The Plan also contains provisions for profit-sharing contributions for participants who are employed on the last day of the Plan year. There were no profit-sharing contributions authorized by the Sponsor for 2023.

- C. **Participant accounts** - Each participant’s account is credited with the participant’s contributions, the Sponsors’ matching and profit-sharing contributions, an allocation of Plan earnings, and allocations of Plan forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- D. **Vesting** - Participants are immediately vested in their voluntary contributions, earnings thereon, and rollover contributions. Vesting in the Sponsors’ discretionary matching and profit-sharing contribution portions of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant vests in 20% of employer contributions each year for the first five years of service. A participant is 100% vested in employer contributions upon the earliest to occur of five years of credited service, as defined in the Plan; when the participant reaches normal retirement age (65); when the participant incurs a disability; or upon death of the participant.
- E. **Notes receivable from participants** - Participants may borrow against their vested account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Participant loan amounts are transferred from a participant’s investment fund to a specific loan fund with the participant’s vested account balance serving as collateral for the loan. Loan repayments, including interest and principal, are credited or charged to the participant’s loan fund. The rate of interest on loans is equal to 1% above the prime rate of interest at the time of the loan. Loan repayment terms are typically 5 years or up to 15 years for the purchase of a primary residence.

**GEDDES AND COMPANY
PROFIT SHARING THRIFT PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

(1) Description of the Plan (continued)

- F. Payment of benefits** - In general, distributions from the Plan will be made in one lump-sum payment in cash. If the value of a participant's vested benefit is more than \$5,000 on termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum payment amount equal to the value of his or her account, or annual installments over a certain period, and in no event exceeding the life expectancy of the participant as determined at the time of distribution. If the value of a participant's vested benefit is \$5,000 or less, a lump sum payment will be made to the participant. The Plan provides for the payment of benefits in amounts up to the entire vested balance in a participant's account upon one of the following:
- a) Termination of employment
 - b) Death or disability of participant
 - c) Attainment of age 59 ½
 - d) Demonstrated hardship
- G. Administration expenses** - The Sponsor has elected to pay certain administrative expenses on behalf of the Plan during 2023. The Plan has no obligation to reimburse the Sponsor for such expenses. Participant loan origination fees are charged to the account of the participant requesting the loan.
- H. Forfeitures** - Forfeitures of nonvested accounts are first to be used to pay administrative expenses; any remaining balances may be used to reduce employer contributions or be allocated to participants as additional employer contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$19 and \$4,776, respectively. During the year ended December 31, 2023, \$14,827 of forfeited nonvested accounts were used to pay administrative expenses of the Plan.
- I. Plan termination** - Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants become 100% vested in the Sponsor's matching and profit-sharing contributions.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Significant accounting policies (continued)

Following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds and money market fund - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Self-directed brokerage ("SDB") accounts - The SDB accounts primarily consist of common stock, mutual funds, and interest-bearing cash. Common stocks are stated at fair value, which is based on the closing price reported on the active market on which the common stock is traded. Mutual funds are valued at the net asset value of shares held by the Plan at year end, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Interest-bearing cash is stated at cost, which approximates fair value.

Fair value measurement - The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(2) Significant accounting policies (continued)

Risks and uncertainties - The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's exposure to interest rate risk, credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits - Benefits are recorded when paid.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Subsequent events - The Plan's management has evaluated subsequent events through July 25, 2024, which is the date the financial statements of the Plan were available to be issued.

(4) Information certified by the Plan's trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value totaling \$9,265,003 and \$7,763,780 as of December 31, 2023 and 2022, respectively
- Notes receivable from participants
- Net appreciation in fair value of investments totaling \$1,110,185
- Interest and dividends totaling \$241,696
- Other income totaling \$1,434
- Interest income on notes receivable from participants
- Investments on the Schedule of Assets held at December 31, 2023 totaling \$9,265,003

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. The SDB accounts totaling \$346,406 and \$290,266 as of December 31, 2023 and 2022, respectively, have not been certified by the Plan's trustee, and accordingly have been subjected to audit procedures. Net appreciation in fair value of investments and interest and dividends related to these investments was not material to the financial statements for the year ended December 31, 2023.

(5) Tax status

The Plan has adopted the American Funds prototype plan, which received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020 stating that the prototype plan was designed in accordance with applicable sections of the IRC. The Plan has not filed for an individual determination. The Plan administrator believes that the Plan is designed and currently being operated in compliance with applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Party-in-interest transactions

Certain Plan investments at December 31, 2023 and 2022 are mutual funds and a money market fund managed by American Funds. Capital Bank and Trust, the Plan's trustee, is an affiliate of American Funds. Therefore, these transactions qualify as exempt party-in-interest transactions. For the year ended December 31, 2023, the Plan incurred and paid \$16,128 in administrative and transactional fees.
