INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Neumann Companies Retirement Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Neumann Companies Retirement Program ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Neumann Companies Retirement Program

Notes to Financial Statements

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Neumann Companies Retirement Program ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through September 27, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Participating employers - The Neumann Companies Retirement Program includes the following participating employers, collectively referred to as the employer, that are related entities.

Neumann Companies, LLC
Neumann Developments, Inc.
Tim O'Brien Homes, Inc.
Tim O'Brien Homes of Madison, LLC
Harbor Homes, Inc.
SunVest Solar, Inc.
Renova Services LLC

Key parties of the plan - Neumann Developments, Inc. is the plan sponsor and plan administrator. Empower Trust Company, LLC is the agent that holds custody of the plan's investment assets. Empower Retirement, LLC maintains investment and participant records. The two Empower entities are collectively referred to as "Empower". Peak Retirement Group is the third-party administrator and performs various compliance tests as tax counsel. M3 Financial is the plan's investment advisor. An officer of the plan sponsor is the trustee.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings on investments bought, sold, and held during the years are reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Neumann Companies Retirement Program

Notes to Financial Statements

December 31, 2023 and 2022

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Collective trust funds - Valued based on the underlying NAV as reported by the fund. The NAV is used as a practical expedient to estimate fair value. The NAVs are generally based on the fair values of the underlying investments held by the collective trusts less their liabilities. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAVs. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the collective trusts, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,927,988	\$ -	\$ -	\$10,927,988
Total investments in the fair value hierarchy				10,927,988
Investments measured at NAV (a)				401,789
Total investments at fair value				\$11,329,777

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,313,386	\$ -	\$ -	\$ 7,313,386
Total investments in the fair value hierarchy				7,313,386
Investments measured at NAV (a)				275,525
Total investments at fair value				\$ 7,588,911

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2023 and 2022

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2023</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Collective trust funds	\$401,789	n/a	daily	12 months
<u>December 31, 2022</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Collective trust funds	\$275,525	n/a	daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on July 1, 2019 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed 250 hours of service in a 3 month period and have reached 21 years of age. If a new employee does not meet the 3 month service requirement, they will become eligible after completing 1,000 hours of service in a year. An employee will be allowed to enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages or a set amount per pay period, subject to certain limitations (elective deferral contributions). If after meeting the eligibility requirements and receiving notice from the plan administrator, a participant does not make an elective deferral contribution election, the participant will be deemed to have made a 6% elective deferral contribution election. The participant may increase, decrease, or stop the deferral at any time by completing the necessary documentation. The plan also allows Roth elective deferral contributions.
- b. Participants may make rollover contributions to the plan from other qualified plans.
- c. Employer safe harbor matching contributions are made equal to 100% of the first 2% and 50% of the next 4% of the employee compensation contributed as elective deferral contributions.
- d. Employer profit-sharing contributions may be made at the employers' discretion. No such contributions were made in 2023 or 2022. In order to share in the allocation of profit-sharing contributions, a participant is required to complete 1,000 hours of service in the year to which the contribution relates and be employed on the last date of the year to which the contribution relates.
- e. Additional qualified non-elective contributions may be made at the employers' discretion. No such contributions were made in 2023 or 2022.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Neumann Companies Retirement Program

Notes to Financial Statements

December 31, 2023 and 2022

Vesting - Participants are always 100% vested in their elective deferral, rollover and safe harbor contributions and related earnings. Participants begin vesting in employer profit sharing and non-elective contributions and related earnings after their second year of service, at which time they are 20% vested. The participant then vests at a rate of 20% for each year thereafter.

Employees will become 100% vested upon their attainment of normal retirement age while an employee, their death while an employee or becoming disabled while an employee.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon death, disability, attainment of normal retirement age or termination of employment. Participants will receive the distribution of their accrued benefits in the form of a single lump sum payment. In-service withdrawals can commence upon reaching age 59½. Hardship withdrawals are also permitted under the plan.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. There were no forfeitures used to pay administrative expenses or reduce employer matching contributions in 2023 and 2022. Unapplied forfeitures were \$12,000 and \$10,000 as of December 31, 2023 and 2022.

Administrative expenses - Certain administrative fees of the plan are paid by the plan sponsor. Certain other administrative fees are paid with plan assets and are recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

Notes receivable from participants - Participants may obtain loans from their accounts with approval of the plan administrator. Each participant may only have one loan outstanding at any time. The minimum loan amount is \$1,000 and the loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. Loans must be paid back over a period not to exceed five years, unless to purchase a primary residence. As of December 31, 2023, loans outstanding had various repayment schedules through August 2028 with interest rates ranging from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their profit sharing and non-elective contributions and related earnings.

4. INCOME TAX STATUS

The plan is operating under a CCH Incorporated pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

December 31, 2023 and 2022

5. PARTY-IN-INTEREST TRANSACTIONS

The plan's investments are managed by Empower. Empower is the custodian of plan assets. Therefore, these transactions qualify as party-in-interest transactions.

The plan has an administrative service agreement with Empower in which Empower provides certain administrative services to the plan. Empower receives indirect compensation from the mutual fund service providers for services Empower provides to the funds. This indirect compensation is used to offset certain amounts owed to Empower for its administrative services to the plan. The plan pays Empower direct for certain other service fees that are not covered by the revenue sharing provisions per the administrative service agreement. Direct fees paid were \$32,000 in 2023 and \$25,000 in 2022.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. INFORMATION CERTIFIED BY EMPOWER

Management has obtained certifications from Empower, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2023 and 2022;
- b. Interest and dividends from investments and net appreciation (depreciation) in fair value of investments during 2023 and 2022;
- c. Contributions to, withdrawals from, purchases, sales and inter-fund transfers between accounts during 2023 and 2022; and
- d. The report of individual participant accounts as of and for the years ended December 31, 2023 and 2022.

7. SUBSEQUENT EVENT

During 2024, three participating employers in the plan, Tim O'Brien Homes, Inc., Tim O'Brien Homes of Madison, LLC and SunVest Solar, Inc., transferred all of their assets into different plans and were removed from the plan as participating employers. Total assets transferred from the plan in connection with this restructuring was \$7,838,000.
