Independent Auditor's Report

The Board of Directors and Plan Administrator
Spee Dee Delivery Service, Inc. Retirement Plan
St. Cloud, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spee Dee Delivery Service, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Spee Dee Delivery Service, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to benefits provided under the plan or to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Spee Dee Delivery Service, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spee Dee Delivery Service, Inc. Retirement Plan's ability to continue as a going concern for one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spee Dee Delivery Service, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spee Dee Delivery Service, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Spee Dee Delivery Service, Inc. Retirement Plan Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Spee Dee Delivery Service, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the internal revenue code (IRC), covering all employees of Spee Dee Delivery Service, Inc. (the "Company") who have at least one year with at least 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Board of Trustees (or equivalent) is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

Contributions

Participants may, after meeting eligibility requirements, contribute a percentage of their annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute for each participant, a matching contribution equal to a percentage of the elective contributions made by the participants but not more than 1% of the participant's total eligible compensation. Participants must meet the age and service requirements and be employed on the last day of the Plan year to be eligible for a matching contribution. The Company has the discretion to allocate the Company match to the employer stock fund of which a majority is comprised of common stock in the Company and the remainder in cash. Since 2015, the Company has elected to allocate the match in the form of cash, to be invested according to the participant's respective investment elections. The Company may also contribute nonforfeitable, qualified, and nonelective contributions in an amount to be determined by the Company.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of Company contributions, and Plan earnings or losses. Allocations are based on participant earnings or losses, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Diversification

Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account into one or more of the investment options. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are fully vested in their voluntary contributions at all times. Participants fully vest in any employer contributions at the end of three years of service.

Forfeitures

Forfeitures resulting from a terminated participant's failure to be fully vested in Company contributions are allocated as an employer nonelective, as if the participant forfeiture were an additional nonelective contribution. Forfeited nonvested accounts totaled \$5,236 and \$3,909 as of December 31, 2023 and 2022, respectively. There were no forfeitures allocated to participant accounts in 2023 or 2022.

Payment of Benefits

Participants may receive distributions from the Plan upon death, retirement, or termination of service. Upon termination of service a participant may elect a lump sum amount equal to the value of his or her account, periodic installments not to extend beyond the life expectancy of the participant or their designated beneficiary, or a combination of the two. Employer stock that is liquidated is valued at the most recent appraised value as of the end of the quarter in which the employee separated employment. The trustee transfers participants out of the Employer Stock Fund as of the first day of the quarter following separation of employment. The Plan allows for in-service withdrawals on rollover contributions at any time. The Plan allows for in-service withdrawals on Company contributions any time after a participant reaches 55 years of age. The Plan allows for in-services withdrawals on participant contributions any time after a participant reaches 59½ years of age. Hardship distributions are available subject to certain restrictions as defined in the plan document.

Notes Receivable from Participants

Any participant in the Plan who is an active employee with a minimum vested balance of \$2,000 may apply for a loan from the Plan. Loans are allowed for the following reasons: the purchase, construction, or improvement of a residence or other real estate; the purchase of a vehicle; tuition, and other education expenses; medical and dental expenses; funeral of a family member, or other miscellaneous reasons. Proceeds for a loan cannot be taken from participant balances invested in Company stock, but may be taken from all other investment balances up to 50% of the participant's vested balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000 in aggregate. The minimum principal amount for any loan is \$1,000. All loans must be repaid in 5 years unless the loan qualifies as a 15 year home loan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

Investments are reflected at fair value in the accompanying financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued as of the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustees.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) represents the Plan's gains or losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Funding Policy

The Company remits its contribution to the Plan on an annual basis. Payment is made as soon as the amount is determined, which is generally in March following the year ended December 31.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Administrative expenses, primarily audit fees, legal fees, and asset management record keeping expenses are paid by the Company, Spee Dee Delivery Service, Inc. and are excluded from these financial statements. Fees related to administration of notes receivable from participants and benefit payments are charged directly to the participants' accounts and are included in administrative fees. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2024, the date which the financial statements were available to be issued.

NOTE 3 - CERTIFICATIONS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including cash, investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Co., the custodian of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds: valued at cost, which approximates fair value.

NOTE 4 - FAIR VALUE MEASUREMENT (CONTINUED)

Registered Investment Companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Federated Capital Preservation Fund Collective Trust: valued at net asset value (NAV) of units of the collective investment trust at year-end. The NAV, as determined by the issuer of the trust, is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Employer Stock: valued based on independent appraisal to arrive at enterprise value indications utilizing the income and market approaches, with emphasis on the discounted cash flow method.

Fair values of assets measured on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2023				
Registered investment companies	\$ 28,421,700	\$ -	\$ -	\$ 28,421,700

NOTE 4 - FAIR VALUE MEASUREMENT (CONTINUED)

Fair value measurements using significant unobservable inputs (level 3):

	Employer Stock	
	2023	2022
Balance - beginning of year	\$ 20,123,205	\$ 20,907,226
Unrealized gain (loss)	544,459	(784,021)
Balance - end of year	\$ 20,667,664	\$ 20,123,205
Amount of unrealized gain (loss) reported in the statements of changes in net assets available for benefits attributable to assets held at end of year	\$ 544,459	\$ (784,021)

Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value of investments on the statements of changes in net assets available for benefits.

NOTE 5 - NONPARTICIPANT DIRECTED INVESTMENTS

Nonparticipant directed investment allocations include any employer matching contributions which were funded through issuances of employer stock (noncash), allocated to participants and held in the employer stock fund. All contributions invested in the employer stock fund must remain invested in that fund until the participant terminates employment with the Company, unless a portion of their balance has been diversified under plan diversification rules. When a participant separates from employment their employer stock will be liquidated at the most recent appraised value as of the end of the quarter in which they separated. This portion of their account will be reinvested in other investment funds used by the Plan. Initially, the amounts will be reinvested according to an investment policy established by the Company, but participants are able to change the investments at the beginning of any quarter.

Following are changes in net assets attributable to employer stock which is nonparticipant directed:

	2023	2022
Unrealized gain (loss) included in net appreciation (depreciation) in fair value of investments	\$ 544,459	\$ (784,021)

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated June 4, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan meets the requirements of Section 401(a) of the IRC and is exempt from federal income tax under Section 501(a) of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY IN INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of stock in the Company. These transactions qualify as party in interest transactions. The Employer Stock Fund is substantially comprised of common stock in the Company.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - RECONCILIATION TO FORM 5500

There were no reconciling items for 2023 and 2022 between the financial statements and Schedule H of Form 5500.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near-term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
