Independent Auditor's Report

To the Plan Administrator
EXL Service 401(k) Plan
Jersey City, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EXL Service 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EXL Service 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EXL Service 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EXL Service 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EXL Service 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EXL Service 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EXL Service 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the EXL Service 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) savings plan covering all full-time employees of EXLService.com, Inc., Outsource Partners International, Inc., and EXL Technology Solutions, Inc. (collectively, the "Company" or the "Plan Sponsor"), except leased employees or those subject to collectively bargained agreements. The Plan was established on January 1, 2003 and was last restated as of April 25, 2022. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Eligible employees include all regular full-time employees of the Company, who are not covered under a collective bargaining agreement. Employees are eligible to participate in the Plan after one month of service. In order to receive Company discretionary matching and non-elective contributions, employees must be employed as of the last day of the plan year.

Contributions

Eligible employees (the "Participants") are able to elect to contribute to the Plan an amount not less than one percent (1%) of their annual eligible compensation. Participants' contributions are limited to seventy-five percent (75%) of their annual eligible compensation, up to the maximum amount allowable under the limits set by the Internal Revenue Code ("IRC"). Participant contributions can be made to the Plan on a pre-tax or Roth basis. In addition, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, per IRC Regulations. The Plan has an automatic enrollment feature. Participants subject to automatic enrollment have 3% of their annual eligible compensation deferred into the Plan on a pre-tax basis upon meeting the eligibility requirements. The Plan also permits participants to roll over distributions from other qualified retirement plans (rollover contributions). The Participants are responsible for directing the allocation of their contributions among the established funds.

The Company may provide an annual discretionary matching contribution based on a percentage of the participant's contributions to the Plan. For 2023, the Company made a discretionary matching contribution equal to the lesser of 50% of the employee contribution or 50% of employee eligible earnings times 6%. Rollover contributions are not matched. In addition, the Company may make a discretionary non-elective contribution as determined by the Board of Directors each plan year, which is allocated to participants based on each participant's annual eligible compensation as a percentage of total annual eligible compensation. No discretionary non-elective contributions were made in 2023.

EXL Service 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching and non-elective contributions (if any), and an allocation of investment earnings/losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in all contributions, plus actual earnings thereon.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a variety of mutual funds, a common collective trust, and investments through a self-directed brokerage program as investment options for participants. Investment options can be changed daily.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$8,992 and \$5,225, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the year ended December 31, 2023, \$446 of forfeitures were used to pay administrative expenses.

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at prime rate plus 1 percent; notes are payable over a period up to 5 years, with extended terms if secured by a participant's principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, termination due to death, disability, retirement, or attainment of age 59-1/2, a participant (or a participant's beneficiary in the event of death) can elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum cash payment or a direct rollover to another qualified retirement plan. In addition, hardship withdrawals are permitted if certain criteria are met.

EXL Service 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net realized gains and losses and unrealized appreciation/depreciation in fair value of investments is reported in the statement of changes in net assets available for benefits as net appreciation/depreciation in the fair value of investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Investment Management Fees

Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees paid directly by the Plan are allocated proportionately to plan participants based on their respective account balances and are included in net investment income/loss.

Certain fees incurred by the Plan for investment-related services are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation/depreciation in fair value of investments, as they are paid through revenue sharing rather than direct payment. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. All other expenses paid directly by the Plan are allocated proportionately to plan participants based on their respective balances and are included in administrative expenses.

EXL Service 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable

At December 31, 2022, amounts payable to participants totaling \$9 for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as an other liability with a corresponding reduction to participant contributions. No similar payable existed at December 31, 2023.

Subsequent Events

The Plan has evaluated subsequent events through September 17, 2024, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

EXL Service 401(k) Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the net asset value (NAV) of units of the Fidelity Managed Income Portfolio Fund, an investment fund offered by Fidelity (the Trustee). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

U.S. Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6: Tax Status

The Plan adopted a non-standardized pre-approved plan document with an IRS notification letter which states the non-standardized pre-approved plan document, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

EXL Service 401(k) Plan

Notes to Financial Statements

Note 7: Risks and Uncertainties and Concentration of Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2023, two investment securities represented 27% of plan net assets available for benefits. At December 31, 2022, one investment security represented 11% of plan net assets available for benefits.

Note 8: Party-in-Interest Transactions

Certain plan investments are managed by Fidelity, the Plan's Trustee. Transactions in such investments are considered party-in-interest transactions and are exempt from the prohibited transaction rules. Certain fees incurred by the Plan for investment-related services are included in net appreciation in fair value of investments, as they are paid to Fidelity through revenue sharing rather than a direct payment.

The Plan also participates in a revenue credit program with the Trustee, whereby participants may receive credit for excess recordkeeping revenue that the Trustee receives in connection with plan services when that revenue exceeds the agreed-upon compensation the Trustee is to receive. These revenue credits are allocated to eligible participants based on their respective account balances and are reflected in net investment income. Revenue credits received from Fidelity amounted to \$229,877 for the year ended December 31, 2023.

PNC Bank, NA ("PNC") is the investment advisor for the Plan and, therefore, fees paid to PNC also qualify as party-in-interest transactions. Fees paid directly by the Plan to PNC for investment management services amounted to \$25,000 for the year ended December 31, 2023.

Wipfli, LLP ("Wipfli") is the auditor for the Plan and, therefore, fees paid to Wipfli also qualify as party-in-interest transactions. Fees paid directly by the Plan to Wipfli for audit services amounted to \$15,300 for the year ended December 31, 2023.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.
