Independent Auditor's Report

To the Board of Directors
O'Rourke Bros., Inc.
401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of O'Rourke Bros., Inc 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of O'Rourke Bros., Inc 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Notes 2 and 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of O'Rourke Bros., Inc 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the O'Rourke Bros., Inc 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of O'Rourke Bros., Inc 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about O'Rourke Bros., Inc 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control–related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i –Schedule of Assets (Held at End of Year) and Form 5500 and Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the O'Rourke Bros., Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established August 1, 1985 (amended and restated May 18, 2022) covering all employees of O'Rourke Bros., Inc. and J&J O'Rourke Distributing, Inc. (the Company) over the age of eighteen years old with six months of eligible service. The amendment did not significantly change any plan provisions, nor did it impact amounts included in the financial statements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Board of Directors oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. Principal Trust Company serves as the investment custodian and recordkeeper for the Plan and Principal Life Insurance Company serves as the administrator for the Plan.

Contributions

Participants may contribute a percentage of pre-tax and after-tax annual compensation (as defined in the Plan document) in the form of a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (referred to as rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation with an automatic increase of 1% annually up to a maximum of 10%. Contributions related to auto-enrollments are automatically invested in a designated balanced fund until changed by the participant. Contributions are subject to certain IRS statutory annual limitations.

The Plan provides for Company matching and profit sharing contributions which are at the discretion of the Company. The Company matches 50% of employee contributions up to 6% of each participant's eligible compensation. The Company did not make a profit sharing contribution in 2023 and 2022.

Employee contributions, matching employer contributions and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings and charged with the participant's withdrawals and an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or to reduce employer contributions. Total forfeitures used to reduce employer contributions and/or pay administration expenses amounted to \$13,545 in 2023 and \$11,187 in 2022. Forfeitures included in net assets available for benefits as of December 31, 2023 and 2022 amounted to \$-0- and \$144, respectively.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service. A participant becomes 5% vested after one year of service, 20% after two years and increases at 20% per year thereafter.

Payment of Benefits and Participant Loans

On death, disability, retirement or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the value of their account in installments, as a joint or survivor annuity or in a lump sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant loans are not permitted under the Plan.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

The Plan evaluated subsequent events through September 10, 2024, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by the Principal Trust Company (Custodian) who allocates plan assets to the individual accounts of each participant as directed by the participant.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The investment contract (Stable Value Fund) is not a fully benefit-responsive contract and has been stated at fair value, as determined by Principal Life Insurance Company (Contract Administrator), which approximates contract value.

**O'ROURKE BROS., INC.
401(K) PROFIT SHARING PLAN**

Notes to Financial Statements

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Contract value represents contributions made under the contract, plus earnings at the contract rate of 2.66% in 2023 and 1.82% in 2022, less participant withdrawals and administrative expenses. The Plan sponsor and Plan administrator determine the Plan's valuation policies, using information provided by the Principal Life Insurance Company (Contract Administrator) and Principal Trust Company (Custodian). See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Contribution Recognition

The Plan recognizes employee and the related employer matching contributions based on the period the employee contribution is withheld by the Company from the employee's compensation.

Administrative Expenses

Certain administrative expenses relating to investment management fees are paid by the Plan, and are recorded in the statement of changes in net assets available for benefits. Certain other expenses relating to the general administration of the Plan are paid by the Company and are excluded from the statement of changes in net assets available for benefits. Plan administration expenses related to member requested services are deducted directly from the participant's account balance.

(2) Certified Investments

The following information disclosed in the financial statements and supplemental schedules, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company (Contract Administrator) or Principal Trust Company (Custodian) as of and for the years ended December 31, 2023 and 2022.

(3) Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Plan investments requiring the use of Level 3 inputs in 2023 and 2022 and there were no changes in the methods used to measure fair value or transfers between levels in 2023 and 2022.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

	Fair Value	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
<u>December 31, 2023:</u>				
Mutual funds	\$ 4,139,685	4,139,685	-	-
Pooled separate accounts	11,706,564	-	11,706,564	-
Investment contract	863,489	-	863,489	-
	<u>\$ 16,709,738</u>	<u>4,139,685</u>	<u>12,570,053</u>	<u>-</u>
<u>December 31, 2022:</u>				
Mutual funds	\$ 803,266	803,266	-	-
Pooled separate accounts	9,880,890	-	9,880,890	-
Investment contract	2,023,239	-	2,023,239	-
Collective investment trust	1,787,148	-	1,787,148	-
	<u>\$ 14,494,543</u>	<u>803,266</u>	<u>13,691,277</u>	<u>-</u>

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The mutual funds must publish their daily net asset value and transact at that price; and therefore, they are considered actively traded.

Level 2 Fair Value Measurements

The investment contract (Principal Stable Value Fund) is a collective investment trust which invests in investment contracts issued by life insurance companies, banks and other financial institutions. The underlying assets of these investment contracts are fixed income securities. The fair value of the underlying assets is used in determining the net asset value of the investment contract and transacted at that price.

The Collective Investment Trust – Wilmington Trust invests in mutual funds, stocks, bonds, cash, exchange traded funds or in one or more collective investment funds, which are publicly traded. The fair value of all these investments is used in determining the daily net asset value of the collective investment trust, which is not publicly quoted but is transacted at that price. The Wilmington Trust investment option was replaced by the JP Morgan Large Cap mutual fund during 2023 and the balance of the Wilmington Trust was transferred to the JP Morgan Large Cap R6 mutual fund as determined by each participant.

The underlying assets of the pooled separate accounts are publicly traded open-end mutual funds registered with the U.S Securities and Exchange Commission. The net asset value of these funds is determined daily and transacted at that price. Thus, the fair value of substantially all mutual fund investments is based on the quoted market prices of the investments within the pooled separate accounts.

(4) Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received a determination letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype document, as designed, is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2023, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2019 are subject to examination by taxing authorities.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and amounts reported in the statement of net assets available for benefit.

(7) Related Party and Party-in-Interest Transactions

The Plan's investments include shares of mutual funds managed by Principal Financial Group, Principal Global Investors and Principal Real Estate Investors.

Principal Life Insurance Company, a member of Principal Financial Group, is the Contract Administrator as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and custodial services amounted to \$52,878 and \$55,965 for the years ended December 31, 2023 and 2022, respectively.

(8) Employer Catch-Up Contributions

During 2023, the Plan sponsor determined that certain employees with fluctuating paycheck amounts throughout the year, who contribute above 6% and reach the Internal Revenue Service contribution limit before year-end, may not be able to maximize the related employer match contribution. In order to true-up the matching contributions for these participants, the Plan sponsor reviews the employee and employer matching contributions at the end of each year to ensure each participant maximizes their employer matching contribution.

The Plan sponsor determined the discretionary catch-up contribution for those participants described above amounted to approximately \$18,000 for 2023 and \$16,000 for 2022, which is included in the employer matching contributions on the statement of changes in net assets available for benefit.

Notes to Financial Statements

(9) Recent Developments

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. The Plan sponsor is working with Principal Life Insurance Company to determine that the Plan document is updated to comply with the provisions of SECURE 2.0 Act.

(10) Economic Impacts

National and worldwide factors have led to significant volatility in the financial markets and have affected, and may continue to affect, the value of the Plan's investments. The potential future economic impact of these conditions is difficult to assess or predict. The Plan sponsor is not able to estimate the full impact of these conditions on the Plan's financial statements.
