Johnstone Supply Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Johnstone Supply Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johnstone Supply Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnstone Supply Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnstone Supply Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnstone Supply Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JOHNSTONE SUPPLY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE I – DESCRIPTION OF PLAN

The following description of the Johnstone Supply Savings Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document which can be obtained from the Plan Administrator.

General

KIPO, L.L.C. (the “Company”) is the Plan sponsor. The Plan was established effective January 1, 1998 and has since been amended, the latest amendment being January 1, 2022. Subsequent to year end the Plan was amended effective January 1, 2024. See NOTE 10. The Plan is a defined contribution plan covering substantially all employees of the Company and the related companies of The Petit Group, L.L.C., Petit and Associates, L.L.C. and PAA104, L.L.C. (collectively the “Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Eligible employees, as defined by the Plan, become participants upon obtaining age 21 and 1 year of service. For administrative purposes, the entry date is the first day of the Plan year or first day of the 7th month of the Plan year following the date the requirements are met. Effective January 1, 2024, the Plan entry date is the first day of the month following a participant’s one year anniversary.

Contributions

Under the terms of the Plan, participants may make contributions by electing to defer the maximum amount of their salary allowed by law, including catch-up contributions for participants 50 years old or older. Participants may suspend contributions at any time. Effective January 1, 2022, the Companies amended the Plan to allow for participants to elect to contribute after-tax basis Roth contributions.

The Plan has matching contributions from the Companies and participants may receive profit sharing contributions at the employers’ discretion. Effective January 1, 2022, the Companies amended the Plan to include safe harbor matching contributions. The Companies will contribute a safe harbor matching contribution equal to 100% of employee contributions that are not in excess of 3% of employee plan defined compensation plus 50% of the employee contributions that exceed 3% of employee plan defined compensation but do not exceed 5% of employee plan defined compensation. For the years ended December 31, 2023 and 2022, there was no profit-sharing contribution made.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s share of the Plan’s income including the participant’s contributions and employer’s contributions. Allocations are based on participant account balances, as defined.

NOTE 1 – DESCRIPTION OF PLAN – (Continued)

Vesting

Effective January 1, 2022, participants are immediately vested in their elective contributions and employer contributions.

Payment of Benefits

Participant withdrawals from elective contribution accounts are subject to certain hardship rules provided by the Plan. The Plan, as amended, allows for non-hardship withdrawals once a participant reaches normal retirement age. All vested Companies' contributions may be fully withdrawn upon termination of employment. Benefits are generally payable upon termination of service as a lump-sum payment.

Forfeitures

Upon termination of service as defined by the Plan, any portion of the balance in a participant's account which is not vested is forfeited and applied against employer contributions or administrative fees for the Plan year. Forfeitures pending utilization based upon the requirements of the Plan totaled \$0 at December 31, 2023 and 2022, respectively. During the years ended December 31, 2023 and 2022, forfeitures were used to reduce employer contributions by \$301 and \$15,705 and were used to reduce administrative expenses by \$1 and \$1,924, respectively.

Participant Loans

Loans are not permitted in the Plan.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, credit risk and overall market risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

JOHNSTONE SUPPLY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Valuation of Investments

The Plan's investments, except for the Transamerica Stable Value Focus Option Fund, are stated at fair value as determined by the custodian based on the quoted market value of the underlying assets. The Transamerica Stable Value Focus Option Fund is stated at contract value as determined by the issuer based on the cost of the underlying investments plus accrued interest income less amounts withdrawn to pay benefits.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Expenses related to the record-keeper and custodian services provided by Transamerica Retirement Solutions, LLC and Reliance Trust Company are paid by the Plan. Certain administrative expenses including record-keeper and third-party administrative fees incurred are charged to the applicable participant. Administrative expenses totaled \$57,144 and \$46,570 for the years ended December 31, 2023 and 2022, respectively, with \$1 and \$1,924 from the forfeiture account used to reduce administrative expenses. The costs of the audit of the Plan are paid by the Plan Sponsor.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results may differ from these estimates.

NOTE 3 – INVESTMENTS (UNAUDITED)

Reliance Trust Company is the custodian of the Plan, held the Plan's investments, and executed Plan transactions in 2023 and 2022. Participants are permitted to invest all amounts (participant contributions) in any of the investment alternatives available under the Plan. Participants may change their elected salary deferral rate at any time. Participants are required to pay all asset expense charges.

JOHNSTONE SUPPLY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

NOTE 3 – INVESTMENTS (UNAUDITED) – Continued

The Plan holds investments in a stable value fund, which consists of deposit liabilities of Transamerica, wrapped by fully benefit-responsive investment contracts. The fully benefit-responsive investment contracts enable the fund to realize a specific known value for the assets if it needs to liquidate them for benefit payments. The fully benefit-responsive investment contracts are issued by banks and insurance companies and serve to preserve the value of the fund's investments by mitigating fluctuations in the market value of the associated underlying investments. These investment contracts are fully benefit-responsive in that they allow for participant withdrawals at contract value for benefit-responsive requirements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of these contracts was \$333,802 and \$427,841 as of December 31, 2023 and 2022, respectively.

During 2023 and 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,208,337 for 2023 and depreciated in value by \$2,313,566 for 2022.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's financial statements and supplemental schedule include unaudited information that was prepared by the Plan custodian, Reliance Trust Company. The custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits, as of December 31, 2023 and 2022.
- Net appreciation in value of investments, dividends, and capital gain distributions as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Information contained in the Schedule of Assets (Held at End of Year) at December 31, 2023, as shown on Schedule H.

NOTE 5 – TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

JOHNSTONE SUPPLY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

NOTE 5 – TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Form 5500 for the years ended December 31, 2020, 2021 and 2022 remain subject to examination by the taxing authorities. The 2023 Form 5500 has not yet been filed.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are fully vested in their accounts, including any income earned, and would be distributed their full account balances.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of Transamerica mutual funds and money market funds managed by affiliates of Reliance Trust Company. Reliance Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standard Board ("FASB"), authoritative guidance for fair value measurements, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

JOHNSTONE SUPPLY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

NOTE 8 – FAIR VALUE MEASUREMENTS - Continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 – FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,163,815	\$ -	\$ -	\$ 9,163,815
Total Investments at Fair Value	<u>\$ 9,163,815</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,163,815</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 7,222,845	\$ -	\$ -	\$ 7,222,845
Total Investments at Fair Value	<u>\$ 7,222,845</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,222,845</u>

NOTE 9 – GUARANTEED INVESTMENT CONTRACT

The Transamerica Stable Value Focus Option (Fund) is a group annuity contract that offers a full guarantee on principal and interest by the Transamerica Financial Life Insurance Company (Issuer). The contracts are fully benefit-responsive. The Fund qualifies as a fully benefit-responsive investment contract because it meets all of the following criteria:

1. The investment contract is effected directly between the Fund and the Issuer and prohibits the Fund from assigning or selling the contract or its proceeds to another party without the consent of the Issuer.
2. The contract Issuer is obligated to (i) repay principal and interest, or (ii) apply prospective crediting rate adjustments with an assurance the crediting rate will not be less than zero.
3. The terms of the investment contract require all permitted participant-initiated transactions with the Fund to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those transactions allowed by the underlying defined-contribution plan, such as withdrawals for benefits, loans or transfers to other funds within the Plan.
4. An event that limits the ability of the Fund to transact at contract value with the Issuer (for example, premature termination of the contracts by the Fund, plant closings, Plan termination, bankruptcy, mergers and early retirement incentives) and that also limits the ability of the Fund to transact at contract value with the participants in the Fund must be probable of not occurring.
5. The Fund itself must allow participants reasonable access to their funds.

JOHNSTONE SUPPLY SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

NOTE 9 – GUARANTEED INVESTMENT CONTRACT - Continued

Investment contracts held in the Fund are recorded at their contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

The Issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, including the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, layoffs, Plan disqualification or failure to adopt the Plan in a reasonable period of time. Upon termination by the Issuer, a market value adjustment or withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. The Plan Sponsor was not aware of any events that would have limited the Plan to transact at contract value as of December 31, 2023 and 2022 and through the date of this filing.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date that the financial statements were available to be issued which corresponds with the date of the independent auditors' report. No material subsequent events have occurred since December 31, 2023 that required recognition or disclosure in these financial statements, except as noted below.

The Plan was amended effective January 1, 2024. Entry dates for Plan participation were changed to the first day of the calendar month coincident with or following the date of eligibility.
