REPORT OF INDEPENDENT AUDITORS

To the Committee Members of
Thirty Fifteen Employee
Stock Ownership Plan
Ft. Lauderdale, Florida

Opinion

We have audited the accompanying financial statements of THIRTY FIFTEEN EMPLOYEE STOCK OWNERSHIP PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of THIRTY FIFTEEN EMPLOYEE STOCK OWNERSHIP PLAN as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of THIRTY FIFTEEN EMPLOYEE STOCK OWNERSHIP PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about THIRTY FIFTEEN EMPLOYEE STOCK OWNERSHIP PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

To the Committee Members of
Thirty Fifteen Employee
Stock Ownership Plan

REPORT OF INDEPENDENT AUDITORS

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of THIRTY FIFTEEN EMPLOYEE STOCK OWNERSHIP PLAN's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about THIRTY FIFTEEN EMPLOYEE STOCK OWNERSHIP PLAN's ability to continue as a going concern for a reasonable period of time.

To the Committee Members of
Thirty Fifteen Employee
Stock Ownership Plan

REPORT OF INDEPENDENT AUDITORS

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2023, referred to as "supplementary information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THIRTY FIFTEEN
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Thirty Fifteen Employee Stock Ownership Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document and Plan amendments for complete information.

The Berkley Group, Inc. (Company) established the Plan effective as of January 1, 1994. The Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All borrowings of the Plan were repaid in full by December 31, 2018; therefore, the ESOP is considered to be a non-leveraged ESOP for both Plan years ended December 31, 2023 and 2022. The Plan is administered by certain principal members of management of the Company and the Trustee of the Plan. The trust department of an independent third-party bank is the Plan's Trustee.

Eligibility

An employee becomes a participant in the Plan upon completing one hour of service. All employees on January 1, 1994, the effective date of the Plan, became participants. An employee remains a participant until retirement, death, or termination of employment.

Contributions

The Board of Directors may, at its discretion, contribute an amount to the Plan in either Company stock or cash. For the Plan year ended December 31, 2023, the Board of Directors authorized a $5,000,000 stock contribution of 5,639 shares to the Plan. Employee contributions are not permitted.

Payment of Benefits

Distributions on account of death, disability, or retirement are made according to the terms in the Plan document. Distributions for other separations from service commence in the fifth Plan year following the separation from service and are made in five to ten annual installments. In-service distributions are allowed, in certain circumstances, under the terms of the Plan document. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or in the form of Company common stock plus cash for any fractional share of common stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan and will not be reimbursed by the Plan.

NOTES TO FINANCIAL STATEMENTS

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of forfeitures of terminated participants' non-vested accounts, employer contributions, and Plan earnings. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants have been 100 percent vested after seven years of service. Employees who are in the Plan in the year after plan loans are paid off will become 100 percent vested after six years of service. Plan loans were paid off in 2018; therefore, according to the Plan document, all active participants in 2019 and all new hires going forward will become 100 percent vested after six years of service. Any participants terminated prior to 2019 will remain on the seven-year grading schedule.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Participants should refer to the Plan agreement for more complete information.

NOTES TO FINANCIAL STATEMENTS

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during December 31, 2023 totaled 7,224 shares of Company stock. There were no unallocated forfeited accounts as of December 31, 2023 and 2022.

SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates include the fair value of Company common stock.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See the **FAIR VALUE MEASUREMENTS** note for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2024, the date the financial statements were available to be issued.

CASH

The Plan maintains a cash balance in the form of a checking account which, at times, may exceed federally insured limits. Non-insured amounts are subject to risk of loss.

THIRTY FIFTEEN
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

INVESTMENTS

The Plan's investments, at December 31, are presented in the following table:

	2023 ALLOCATED	2022 ALLOCATED
Berkley Group, Inc. common stock:		
Number of shares	360,196	439,046
Cost	$ 35,516,545	$ 43,291,419
Estimated fair value	$319,400,117	$422,998,726

During 2023, 81,444 shares were distributed from the Plan to participants and repurchased by the Company. The December 31, 2022 stock contribution of 2,594 shares were received by the Plan in 2023, and the Company made stock contributions of 5,639 shares that were a receivable at December 31, 2023.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	ASSETS AT FAIR VALUE AS OF DECEMBER 31			
	2023		2022	
	LEVEL 3	TOTAL	LEVEL 3	TOTAL
Investment in Berkley Group, Inc. common stock	$319,400,117	$319,400,117	$422,998,726	$422,998,726
Total assets at fair value ..	$319,400,117	$319,400,117	$422,998,726	$422,998,726

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2023:

	LEVEL 3 ASSETS YEAR ENDED DECEMBER 31, 2023 INVESTMENT IN THE BERKLEY GROUP, INC. COMMON STOCK
Balance, beginning of year	$422,998,726
Purchases	….
Sales	….
Transfers.....	….
Accrued employer stock contribution at December 31, 2022 (2,594 shares)	2,500,000
Unrealized depreciation in estimated fair value	(27,630,628)
Shares distributed (81,444 shares)	(78,467,981)
Balance, end of year	$319,400,117

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in the fair value of investments in the statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The Berkley Group, Inc. common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table:

INSTRUMENT	FAIR VALUE AT DECEMBER 31, 2023	PRINCIPAL VALUATION TECHNIQUE	UNOBSERVABLE INPUTS
The Berkley Group, Inc. common stock	$319,400,117	Income	EBITDA Net income Weighted average cost of capital Discount rate Discount for lack of marketability
		Market	Public comparables Revenue multiple EBITDA multiple Discount for lack of marketability

The valuation process involves Plan management's selection of an independent appraiser under contract with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a preliminary report of estimated per-share value that a participant will receive upon distribution, which Plan management and the independent trustee review in detail, discuss, and approve.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in Company common stock. The Berkley Group, Inc. is the Plan Sponsor and, therefore, these are related party and party in interest transactions. As described in the ***Administrative Expenses*** note, the Company pays all Plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

THIRTY FIFTEEN
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee would direct the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund would be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

TAX STATUS

The Plan has received a determination letter from the IRS dated April 20, 2015, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
