Swiss Automation, Inc. 401(k) Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2023

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Swiss Automation Inc. 401(K) Plan
Barrington, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Swiss Automation Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Swiss Automation Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Swiss Automation Inc. 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Swiss Automation Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Swiss Automation Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Swiss Automation Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of , is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Swiss Automation Inc. 401(K) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Swiss Automation Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Swiss Automation Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees of the Company, except those covered by a collective bargaining agreement and nonresident aliens, are eligible to participate in the Plan upon completing three months of service and enter the Plan at the first day of each month following the date these requirements are met.

Contributions

Participants may make either pre-tax or Roth after-tax elective contributions of eligible compensation, as defined by the Plan, in the form of payroll deductions as a percentage of eligible compensation or a flat dollar amount, not to exceed the maximum amount allowable under applicable income tax regulations. In addition, the Plan allows for eligible participants to make catch-up contributions in accordance with Internal Revenue Service regulations and rollover/transfer contributions from qualified sources as defined by the Plan.

The Plan also provides for discretionary matching contributions to be contributed by the Company at the end of the Plan year to those participants making elective contributions during the Plan year. If a participant participating in elective contributions is no longer employed on the last day of the Plan year they must have at least 500 hours of service, as defined by the Plan, in order to receive an allocation of the Company discretionary matching contribution. The Company contributed \$143,876 in matching contributions for the 2023 Plan year. In addition, the Plan allows for a Company discretionary profit sharing contribution for eligible employees. No such discretionary profit sharing contribution was made by the Company for the year ended December 31, 2023.

Vesting

Participants are immediately vested in their elective, catch-up and rollover contributions. Participants vest in their Company discretionary match and profit sharing contributions on a graduated basis based on years of credited service, as defined by the Plan, and are fully vested after six years of credited service.

Swiss Automation Inc. 401(K) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Forfeitures

Forfeitures, if any, are used to reduce future Company contributions or pay administrative expenses of the Plan in the year following forfeiture. Forfeitures in the amount of \$695 were used to reduce Company contributions for the year ended December 31, 2023. As of December 31, 2023 and 2022, there were \$8,335 and \$4,504, respectively, of unallocated forfeitures.

Investments

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan offers several mutual funds and a common trust fund as investment options.

Participant Accounts

Each participant's account is credited with the participant's elective salary deferral contributions, catch-up, rollover contributions, discretionary Company matching and profit sharing contributions, withdrawals, as applicable, administrative fees, if applicable, and allocations of Plan earnings (losses) based on the participant's account balance in each investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their vested account balance and earnings thereon, a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less, for specific situations as defined in the Plan. The loans are secured by the vested balance in the participant's account, bear interest at a rate established by the Plan Administrator based on the current prime lending rate and are to be repaid through payroll deductions ratably over a period not to exceed five years unless for the purchase of a primary residence which may be repaid over a period not to exceed 15 years. Interest rates on notes receivable from participants outstanding at December 31, 2023, ranged from 4.25% to 9.50%

Payment of Benefits

The Plan allows for in-service withdrawals from rollover account balances at any time and by participants who have attained the Normal Retirement Age of 65 from their vested account balances and earnings thereon. In addition, the Plan allows for hardship withdrawals from a participant's vested account balances for specific situations as defined by the Plan. Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Plan Termination

Although it has expressed no intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately be fully vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits during the reporting period and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Determination as to when participant notes are considered in default and reclassified as distributions is based on the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Swiss Automation Inc. 401(K) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

At December 31, 2023, amounts payable to participants totaling \$10,732 for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024. Excess contributions of \$3,608 as of December 31, 2022 were distributed to participants prior to March 15, 2023.

Administrative Expenses

Administrative fees for loans and distributions from the Plan are charged to the individual participants' accounts. The asset management expenses are paid from the Plan's investment funds. Investment advisory and management fees are allocated proportionately to Plan participants based on their respective account balances. Substantially all other expenses incurred in connection with the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2024, which is the date the financial statements were available to be issued.

Note 3: Summary of Information Prepared and Certified by Trustee

Investments at fair value and notes receivable from participants at December 31, 2023 and 2022, and total investment income and interest income on notes receivable from participants for the year ended December 31, 2023, included in the accompanying financial statements have been certified by Capital Bank and Trust Company, the Trustee, to the Plan Administrator as being complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The accompanying Supplemental Schedule of Assets Held as of December 31, 2023, has been derived from data certified by the Trustee.

Note 4: Fair Value Measurements

In measuring the fair value of the Plan's investments, Plan management utilizes a framework that provides for a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Swiss Automation Inc. 401(K) Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correction or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

Mutual funds: - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common trust fund - Fair value is estimated using net asset value (NAV) as a practical expedient. NAV is determined by using the estimated fair values of the underlying assets held in the fund at year-end. The fund primarily invests in investment contracts issued or sponsored by various insurance companies, commercial banks, and investment funds. The use of NAV as fair value is deemed appropriate since the common trust fund does not have a finite life, unfunded commitments relating to this type of investment, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Swiss Automation Inc. 401(K) Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,840,914	\$ -	\$ -	\$ 6,840,914
Common trust fund - Measured at NAV				124,079
Total investment assets at fair value				\$ 6,964,993

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,659,341	\$ -	\$ -	\$ 5,659,341
Common trust fund - Measured at NAV				117,138
Total investment assets at fair value				\$ 5,776,479

Note 5: Risks and Uncertainties

The Plan holds investments in and provides investment options to participants in shares of registered investment companies (mutual funds) and a common trust fund. The underlying investment securities of the funds are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by American Funds, the record-keeper of the Plan. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Swiss Automation Inc. 401(K) Plan

Notes to Financial Statements

Note 7: Income Tax Status

The Plan has adopted a defined contribution pre-approved plan sponsored by Capital Group Retirement Plan Services. The Internal Revenue Service has determined and informed the plan sponsor by letter dated June 30, 2020 that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 7,145,487	\$ 5,969,002
Adjustment for company contribution receivable	(143,876)	(153,828)
Adjustment for excess contributions payable	10,732	3,608
Net assets available for benefits per Form 5500	\$ 7,012,343	\$ 5,818,782

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2023, to Form 5500:

	2023
Net increase per financial statements	\$ 1,176,485
Net change in company contributions receivable	9,952
Net change in excess contributions payable	7,124
Net increase in net assets available for benefits per Form 5500	\$ 1,193,561

Contributions are recorded on the accrual basis in the financial statements and the cash basis in the Form 5500.
