INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Management
Quest, Inc. 401(k) Plan
Orlando, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Quest, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator and Management
Quest, Inc. 401(k) Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QUEST, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

NOTE 1 - PLAN DESCRIPTION

The following description of the Quest, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which was established on January 1, 1992, and subsequently amended, is classified as a defined-contribution plan, covering substantially all employees of Life Concepts, Inc. d/b/a Quest, Inc. (the “Company”), who are 18 years of age or older and who meet the minimum length of service requirements, as defined by the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to contribute, on a post-tax Roth basis or on a traditional tax-deferred basis, a fixed amount, or a percentage of their eligible salary each payroll period, subject to Internal Revenue Service (“IRS”) limitations. The Plan includes an Automatic Contribution Arrangement in which 4% to 6% of eligible participant wages will automatically be deferred, unless an affirmative election is made.

To be eligible to receive employer-matching contributions, a participant must have completed 6 months, as defined by the Plan, and be 18 years of age or older. The Plan provides for discretionary employer-matching contributions. During 2023, the Company made approximately \$341,000 of employer-matching contributions to the Plan, which were net of approximately \$14,000 of applied forfeitures.

Participant Accounts

A separate account is maintained for each participant. Each participant’s account is credited with the participant’s contribution, the Company’s contribution and allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are primarily based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting rights in Company contributions are based on years of service, with a participant becoming fully vested in such contributions after three years of service. The Plan provides for the full vesting and distribution of a participant's account to the participant or beneficiary upon retirement, disability, or death.

Investment Options

Participants may direct their account balance among any of the Plan's investment options held by Empower Trust Company (the "Plan Custodian"). Participants may change their investment options at any time.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50%, of the participant's vested account balance and may only have one outstanding note receivable at any time. Loan terms range from 1-5 years, or up to 10 years for the purchase of a principal residence. Participant notes receivable are collateralized by the balance in the participant's account and bear interest at the prime interest rate plus 1%, determined at the time the loan is taken from the Plan. Principal and interest are paid ratably through payroll deductions.

Benefits and Forfeitures

Upon termination of employment, death, or disability of the participant, benefit payments will be made based on Plan provisions and participant elections. As of a participant's termination of employment, the participant is entitled to receive a distribution of their entire vested interest. If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion of the participant's account will become a forfeiture. Forfeited balances of participants' non-vested accounts are held in the insurance company general account and are used to pay Plan expenses and reduce future Company contributions to the Plan. As of December 31, 2023 and 2022, the balance of unallocated forfeitures was approximately \$67,000 and \$41,000, respectively. During the year ended December 31, 2023, approximately \$440 of the forfeited account balance was used to pay Plan expenses and approximately \$14,000 was used to reduce Company contributions to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are primarily held in registered investment companies and an insurance company general account. Investments in registered investment companies are reported at fair value, and are valued using a market valuation basis at the calculated net asset value ("NAV") of the funds. NAV is based upon the fair market value of the funds' underlying investments, less any fund liabilities.

Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in the fair value of the Plan's investments include the Plan's gains and losses on investments bought and sold, as well as the unrealized gains and losses on those investments that are held at the end of the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. Contract value is deemed to be the relevant measurement attribute for those contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest. The Plan's investments in the insurance company general account are stated at contract value (see Note 4).

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and recent market volatility, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan at December 31, 2023 and 2022.

Corrective Distributions

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the Plan. These amounts are recorded as a liability as of the Plan's year end and are reflected on the statement of changes in net assets available for benefits as an offset to contributions.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when incurred. If a participant ceases to make loan repayments and the participant note is deemed to be in default, the participant note balance is reduced and a benefit payment is recorded in the period the determination is made.

Administration Costs and Investment Fees

During the year ended December 31, 2023, administrative costs and investment fees amounting to approximately \$62,000 were charged by the Plan Custodian directly to the Plan. Certain administrative costs and professional fees are paid by the Company and will not be reimbursed by the Plan. Other investment-related fees and expenses are netted against net change in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition through September 24, 2024, the date the financial statements were available to be issued.

NOTE 3 - PLAN CERTIFICATION

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment and participant notes receivable information disclosed in the financial statements and supplemental schedule, including investments and participant notes receivable held at December 31, 2023 and 2022, net change in fair value of investments, and interest and dividends (including interest from participant notes receivable) for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Investments in the insurance company general account are held in the MassMutual Guaranteed Interest Account ("GIA"). The GIA meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, withdrawals influenced by Company-initiated events, such as reallocation of investments, may result in a distribution at other than contract value, and are subject to certain restrictions. The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the contract issuer's ability to meet its financial obligations. There are no reserves against contract values for credit risk of the contract issuer or otherwise.

The insurance company general account contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is reset periodically by the issuer, and is subject to a minimum rate of 1% and a maximum rate of 3%.

NOTE 5 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$ 6,404,499	\$ -	\$ -	\$ 6,404,499
Investments at fair value	\$ 6,404,499	\$ -	\$ -	\$ 6,404,499

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recorded at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	\$ 4,932,157	\$ -	\$ -	\$ 4,932,157
Investments at fair value	\$ 4,932,157	\$ -	\$ -	\$ 4,932,157

NOTE 6 - TAX STATUS

The Plan is intended to be a qualified trust under Section 401(a) of the Internal Revenue Code (“IRC”) and is subject to the provisions of ERISA. The amended Plan is prepared and maintained by Great-West Trust Company (Empower Retirement). The Plan document, as adopted, is a non-standardized pre-approved profit-sharing plan with CODA that has received an opinion letter from the IRS, dated November 14, 2022, stating that the form of the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of employees. The Plan administrator believes that the adopted and amended Plan is currently designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RELATED-PARTY TRANSACTIONS

During 2023, certain Plan investments were managed by an affiliate of the Plan Custodian and, therefore, these transactions qualify as party-in-interest transactions.
