Independent Auditors' Report

To the administrators of the Olathe Ford 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of the Olathe Ford 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA section 103(a)(3)(c) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audit of the Olathe Ford 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, a presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(c).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Olathe Ford 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Olathe Ford 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, where due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Olathe Ford 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Olathe Ford 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(c).

OLATHE FORD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the Olathe Ford 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all full-time employees of Olathe Ford Sales, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are required to be at least 18 years of age and have completed 2 consecutive months of service in order to participate in the Plan. Participation is voluntary and effective on the first day of the month following the date the eligibility requirements are met.

Contributions – The Plan provides for employee salary deferrals up to a maximum of 100% of the annual eligible compensation, subject to deferral limitations established by the Internal Revenue Service. The Plan includes an automatic deferral feature. Accordingly, all employees are automatically enrolled in the Plan upon meeting eligibility requirements. Salary deferrals begin at the rate of 4%, and are automatically increased by 1% each year on April 1, until the elective deferral percentage reaches 10% of compensation (unless the employee elects a different rate or elects not to participate in the Plan). Participants can elect for Roth IRA deferrals on an after-tax basis, and may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes discretionary matching contributions of 25% of each dollar, up to 4% of base compensation, which a participant contributes to the Plan. The Company may also make a discretionary non-elective contribution at the option of the Company's board of directors.

The elective deferral 401(k) contribution limit established by the Internal Revenue Service is \$22,500 for 2023. Participants age 50 or older can contribute an additional \$7,500 for 2023.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant self-directs their individual account in various fund company investments. Each participant's account is credited with the participant's contributions, the Company's discretionary contribution and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

OLATHE FORD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2023 and 2022

1. DESCRIPTION OF PLAN (continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution and the earnings thereon, is based on years of continuous service. A participant receives a year of service for vesting when they have completed at least 1,000 hours of service during the year. After 6 years, a participant is 100% vested.

Payment of Benefits – Benefits are payable upon the retirement, death, disability or termination of employment, in the form of a lump-sum amount equal to the balance of a participant's account. If the benefit is in excess of \$1,000, the participant may elect to keep the benefit in the Plan until the participant's retirement date, or receive a lump-sum distribution equal to the value in the account. Participants may request that a portion of their account be distributed in the case of severe financial hardship, as defined in the Plan document. Participants receiving this hardship distribution are prohibited from contributing to the Plan for a period of 6 months from the date of distribution.

Forfeited Accounts – If a participant is not fully vested on their termination date, the non-vested amount in their account is forfeited. These forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$4,828 and \$13,208, respectively.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. These notes are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate, if deemed commercially reasonable. Principal and interest are paid ratably through payroll deductions.

These notes are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes are recorded as a distribution based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of Benefits – Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Administrative Expenses – Administrative expenses are recorded when incurred. Investment related expenses are included in net depreciation in fair value of investments.

Date of Management's Review of Subsequent Events – Subsequent events have been evaluated through August 20, 2024, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and schedule, that was prepared by or derived from information prepared by Charles Schwab Trust Bank and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

American Century One Choice 2040	\$ 1,208,318	\$ 894,716
Morley Stable Value	\$ 1,165,005	\$ 1,229,255

During the year ended December 31, 2023, the Plan's investments, including investments bought, sold and held during the year, appreciated in value as follows:

	December 31, 2023
Common collective trusts, mutual funds and guaranteed investment contract	<u>\$ 1,747,105</u>

5. RELATED-PARTY TRANSACTIONS

The custodian of the Plan's assets at December 31, 2023 and 2022, is Charles Schwab Trust Bank. Contract administrator fees of \$25,048 and investment advisory fees of \$32,031 were paid to the custodian by the Plan during the year ended December 31, 2023.

The Company bears all administrative costs for the Plan, including the costs of officers and employees who perform certain administrative functions. These expenses are excluded from these financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. FIDELITY BOND

The Department of Labor requires that all qualified plans be bonded in an amount that is not less than 10% of plan assets up to a maximum of \$500,000. At December 31, 2023 and 2022, the Company had bond coverage of \$500,000.

9. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2023 and 2022

9. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Common Collective Trusts – Valued using pricing data provided by outside valuation service providers. Each account is based on its net asset value (NAV), which is used as a practical expedient to estimate fair value. The net asset value of the account is determined daily and includes adjustments for investment fees.
- Mutual Funds – Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Assets at Fair Value as of December 31, 2023				
	Fair Value	Level 1	Level 2	Level 3
Common collective trusts	\$ 13,822,905	\$ -	\$ 13,822,905	\$ -
Mutual funds	1,113,854	1,113,854	-	-
Investments at fair value	<u>\$ 14,936,759</u>	<u>\$ 1,113,854</u>	<u>\$ 13,822,905</u>	<u>\$ -</u>

9. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Fair Value	Level 1	Level 2	Level 3
Common collective trusts	\$ 11,700,258	\$ -	\$ 11,700,258	\$ -
Mutual funds	866,583	866,583	-	-
Investments at fair value	<u>\$ 12,566,841</u>	<u>\$ 866,583</u>	<u>\$ 11,700,258</u>	<u>\$ -</u>

Realized and unrealized gains and losses included in net increase in net assets available for benefits for the period from January 1, 2023, through December 31, 2023, are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no such transfers for the years ended December 31, 2023 and 2022.

10. INVESTMENT AT CONTRACT VALUE

In 2023 and 2022, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Charles Schwab Trust Bank (Schwab). Schwab maintains the contributions in a general account. The account is credited with earning on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Schwab, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

OLATHE FORD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2023 and 2022

10. INVESTMENT AT CONTRACT VALUE (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$1,165,005 and \$1,229,255, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and varies based on the length of the term. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Schwab. Such events include the following: (a) amendments to the Plan documents, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include: (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

11. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated September 21, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination for years prior to December 31, 2021.
