Independent Auditor's Report

To the Participants and Plan Administrator of the
QuidelOrtho Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the QuidelOrtho Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the QuidelOrtho Savings and Retirement Plan (the Plan), formerly the Quidel Savings and Retirement Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of QuidelOrtho Corporation (the Company or Plan Sponsor) who have attained age 21. Effective December 1, 2023, there is no age requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee, custodian and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee).

Effective December 1, 2023, the Ortho Clinical Diagnostics 401(k) Plan was merged into the Plan and the Plan became the surviving plan. As part of the merger, the assets of the Ortho Clinical Diagnostics 401(k) Plan were transferred to the Plan. Concurrent with the merger, the Plan was renamed the QuidelOrtho Savings and Retirement Plan.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 100% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 50% of the participant pre-tax and after-tax contributions, up to a maximum of 6% of base compensation, as defined by the Plan. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as Plan investment earnings (losses), and are charged with withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows: 1 year - 25%, 2 years - 50%, 3 years - 75%, 4 years - 100%.

Effective December 1, 2023, the vesting schedule for Company matching contributions was amended as follows: 1 year - 33%, 2 years - 66%, 3 years - 100%. Employees who were active in the Ortho Clinical Diagnostics 401(k) Plan at the time of the plan merger as discussed in Note 1, are immediately vested in Company matching contributions and are not subject to these vesting schedules.

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 (less the highest outstanding balance in the previous 12 month period) or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. The maximum number of loans outstanding at any one time is one.

Payment of benefits

On termination of service, death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installment payments. The Plan also provides for in-service hardship withdrawals and age 59 ½ in-service withdrawals, subject to limitations. Participants with a vested account balance of \$1,000 or less will receive an automatic lump-sum cash payout, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Company.

Forfeitures

Forfeited nonvested accounts may be used to reduce future Company contributions and pay Plan expenses. During the years ended December 31, 2023 and 2022, forfeitures of \$93,550 and \$102,291, respectively, were used to reduce employer contributions and \$53,423 and \$51,052, respectively, were used to pay Plan expenses. Forfeited nonvested accounts available at December 31, 2023 and 2022 were \$304,831 and \$135,704, respectively.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent events

The Plan has evaluated subsequent events through September 26, 2024, the date that the financial statements were available to be issued.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Plan administration fees are either paid by the forfeiture account or are allocated amongst participants of the Plan. Expenses incurred by the Company in administering the Plan are excluded from these financial statements. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, schedule of assets (held at end of year) as of December 31, 2023, and the investment activity (including interest and dividends, net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants) reflected on the statements of changes in net assets available for benefits for the years then ended.

4. Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value.

QuidelOrtho Savings and Retirement Plan **Notes to Financial Statements** **December 31, 2023 and 2022**

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value funds – These funds primarily invest in guaranteed investment contracts issued by insurance companies, banks or other financial institutions and are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Money market fund – Valued at one dollar per share held by the Plan at year end. The money market fund held by the Plan is a mutual fund invested in highly liquid, near-term instruments and is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$514,258,062	\$ -	\$ -	\$514,258,062
Money market fund	69,025	-	-	69,025
Stable value funds measured at NAV*	-	-	-	19,394,402
Total assets at fair value	<u>\$514,327,087</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$533,721,489</u>

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$119,087,926	\$ -	\$ -	\$119,087,926
Money market fund	9,268	-	-	9,268

Total assets at fair value	<u>\$119,097,194</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$123,868,528</u>

* Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2023 and 2022

5. Guaranteed Investment Contract with Voya

The Ortho Clinical Diagnostics 401(k) Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

In connection with the Ortho Clinical Diagnostics 401(k) Plan merging into the Plan, the Company elected to end the contract with VRIAC and transfer funding and servicing to Fidelity, and the value of the contract is now included in the Fidelity blended stable value fund. Due to redemption restrictions, the VRIAC fixed account balance will be liquidated over five years and the proceeds will be transferred to the Fidelity blended stable value fund in six equal installment payments, with interest, through 2028. As a result of the impending liquidation of this investment contract, this fund is no longer a fully benefit-responsive investment contract.

The initial rate credited to the remaining fixed account balance was determined at the time the first installment payout was made in connection with the plan merger and is subject to change from time to time, but it may not be less than 1.00%. The crediting interest rate was 2.15% as of December 31, 2023.

6. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan sponsored by FMR LLC. The pre-approved plan provider has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee as defined by the Plan and therefore, transactions involving these investments qualify as party-in-interest transactions. The Plan also pays fees to the Trustee. Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company, and who are therefore parties-in-interest with respect to the Plan.

QuidelOrtho Savings and Retirement Plan **Notes to Financial Statements** **December 31, 2023 and 2022** ---

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 and for the year ended December 31, 2023, to the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 541,819,792	\$126,004,841
Less: Employer contribution receivable	<u>(1,156,077)</u>	<u>(98,526)</u>
Net assets available for benefits per the Form 5500	<u>\$ 540,663,715</u>	<u>\$125,906,315</u>
Net increase in net assets available for benefits per the financial statements	\$ 50,071,788	
Less: Current year employer contribution receivable	(1,156,077)	
Plus: Prior year employer contribution receivable	<u>98,526</u>	
Net income per the Form 5500	<u>\$ 49,014,237</u>	

11. Prohibited Transactions

During 2023, the Company failed to deposit \$768,540 of participant deferrals and \$81,026 of participant loan repayments within the required time frame as stated by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Delinquent participant deferrals are subject to excise tax penalties. During January 2024, lost earnings related to these delinquent contributions were remitted to the Plan.

Independent Auditor's Report

To the Participants and Plan Administrator of the
QuidelOrtho Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the QuidelOrtho Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the QuidelOrtho Savings and Retirement Plan (the Plan), formerly the Quidel Savings and Retirement Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of QuidelOrtho Corporation (the Company or Plan Sponsor) who have attained age 21. Effective December 1, 2023, there is no age requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee, custodian and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee).

Effective December 1, 2023, the Ortho Clinical Diagnostics 401(k) Plan was merged into the Plan and the Plan became the surviving plan. As part of the merger, the assets of the Ortho Clinical Diagnostics 401(k) Plan were transferred to the Plan. Concurrent with the merger, the Plan was renamed the QuidelOrtho Savings and Retirement Plan.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 100% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 50% of the participant pre-tax and after-tax contributions, up to a maximum of 6% of base compensation, as defined by the Plan. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as Plan investment earnings (losses), and are charged with withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows: 1 year - 25%, 2 years - 50%, 3 years - 75%, 4 years - 100%.

Effective December 1, 2023, the vesting schedule for Company matching contributions was amended as follows: 1 year - 33%, 2 years - 66%, 3 years - 100%. Employees who were active in the Ortho Clinical Diagnostics 401(k) Plan at the time of the plan merger as discussed in Note 1, are immediately vested in Company matching contributions and are not subject to these vesting schedules.

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 (less the highest outstanding balance in the previous 12 month period) or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. The maximum number of loans outstanding at any one time is one.

Payment of benefits

On termination of service, death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installment payments. The Plan also provides for in-service hardship withdrawals and age 59 ½ in-service withdrawals, subject to limitations. Participants with a vested account balance of \$1,000 or less will receive an automatic lump-sum cash payout, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Company.

Forfeitures

Forfeited nonvested accounts may be used to reduce future Company contributions and pay Plan expenses. During the years ended December 31, 2023 and 2022, forfeitures of \$93,550 and \$102,291, respectively, were used to reduce employer contributions and \$53,423 and \$51,052, respectively, were used to pay Plan expenses. Forfeited nonvested accounts available at December 31, 2023 and 2022 were \$304,831 and \$135,704, respectively.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent events

The Plan has evaluated subsequent events through September 26, 2024, the date that the financial statements were available to be issued.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Plan administration fees are either paid by the forfeiture account or are allocated amongst participants of the Plan. Expenses incurred by the Company in administering the Plan are excluded from these financial statements. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, schedule of assets (held at end of year) as of December 31, 2023, and the investment activity (including interest and dividends, net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants) reflected on the statements of changes in net assets available for benefits for the years then ended.

4. Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value.

QuidelOrtho Savings and Retirement Plan **Notes to Financial Statements** **December 31, 2023 and 2022**

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value funds – These funds primarily invest in guaranteed investment contracts issued by insurance companies, banks or other financial institutions and are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Money market fund – Valued at one dollar per share held by the Plan at year end. The money market fund held by the Plan is a mutual fund invested in highly liquid, near-term instruments and is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$514,258,062	\$ -	\$ -	\$514,258,062
Money market fund	69,025	-	-	69,025
Stable value funds measured at NAV*	-	-	-	19,394,402
Total assets at fair value	<u>\$514,327,087</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$533,721,489</u>

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$119,087,926	\$ -	\$ -	\$119,087,926
Money market fund	9,268	-	-	9,268

Total assets at fair value	<u>\$119,097,194</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$123,868,528</u>

* Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2023 and 2022

5. Guaranteed Investment Contract with Voya

The Ortho Clinical Diagnostics 401(k) Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

In connection with the Ortho Clinical Diagnostics 401(k) Plan merging into the Plan, the Company elected to end the contract with VRIAC and transfer funding and servicing to Fidelity, and the value of the contract is now included in the Fidelity blended stable value fund. Due to redemption restrictions, the VRIAC fixed account balance will be liquidated over five years and the proceeds will be transferred to the Fidelity blended stable value fund in six equal installment payments, with interest, through 2028. As a result of the impending liquidation of this investment contract, this fund is no longer a fully benefit-responsive investment contract.

The initial rate credited to the remaining fixed account balance was determined at the time the first installment payout was made in connection with the plan merger and is subject to change from time to time, but it may not be less than 1.00%. The crediting interest rate was 2.15% as of December 31, 2023.

6. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan sponsored by FMR LLC. The pre-approved plan provider has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee as defined by the Plan and therefore, transactions involving these investments qualify as party-in-interest transactions. The Plan also pays fees to the Trustee. Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company, and who are therefore parties-in-interest with respect to the Plan.

QuidelOrtho Savings and Retirement Plan **Notes to Financial Statements** **December 31, 2023 and 2022** ---

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 and for the year ended December 31, 2023, to the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 541,819,792	\$126,004,841
Less: Employer contribution receivable	<u>(1,156,077)</u>	<u>(98,526)</u>
Net assets available for benefits per the Form 5500	<u>\$ 540,663,715</u>	<u>\$125,906,315</u>
Net increase in net assets available for benefits per the financial statements	\$ 50,071,788	
Less: Current year employer contribution receivable	(1,156,077)	
Plus: Prior year employer contribution receivable	<u>98,526</u>	
Net income per the Form 5500	<u>\$ 49,014,237</u>	

11. Prohibited Transactions

During 2023, the Company failed to deposit \$768,540 of participant deferrals and \$81,026 of participant loan repayments within the required time frame as stated by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Delinquent participant deferrals are subject to excise tax penalties. During January 2024, lost earnings related to these delinquent contributions were remitted to the Plan.

Independent Auditor's Report

To the Participants and Plan Administrator of the
QuidelOrtho Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the QuidelOrtho Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QuidelOrtho Savings and Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the QuidelOrtho Savings and Retirement Plan (the Plan), formerly the Quidel Savings and Retirement Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of QuidelOrtho Corporation (the Company or Plan Sponsor) who have attained age 21. Effective December 1, 2023, there is no age requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee, custodian and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee).

Effective December 1, 2023, the Ortho Clinical Diagnostics 401(k) Plan was merged into the Plan and the Plan became the surviving plan. As part of the merger, the assets of the Ortho Clinical Diagnostics 401(k) Plan were transferred to the Plan. Concurrent with the merger, the Plan was renamed the QuidelOrtho Savings and Retirement Plan.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 100% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 50% of the participant pre-tax and after-tax contributions, up to a maximum of 6% of base compensation, as defined by the Plan. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as Plan investment earnings (losses), and are charged with withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows: 1 year - 25%, 2 years - 50%, 3 years - 75%, 4 years - 100%.

Effective December 1, 2023, the vesting schedule for Company matching contributions was amended as follows: 1 year - 33%, 2 years - 66%, 3 years - 100%. Employees who were active in the Ortho Clinical Diagnostics 401(k) Plan at the time of the plan merger as discussed in Note 1, are immediately vested in Company matching contributions and are not subject to these vesting schedules.

Notes to Financial Statements

December 31, 2023 and 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 (less the highest outstanding balance in the previous 12 month period) or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. The maximum number of loans outstanding at any one time is one.

Payment of benefits

On termination of service, death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installment payments. The Plan also provides for in-service hardship withdrawals and age 59 ½ in-service withdrawals, subject to limitations. Participants with a vested account balance of \$1,000 or less will receive an automatic lump-sum cash payout, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Company.

Forfeitures

Forfeited nonvested accounts may be used to reduce future Company contributions and pay Plan expenses. During the years ended December 31, 2023 and 2022, forfeitures of \$93,550 and \$102,291, respectively, were used to reduce employer contributions and \$53,423 and \$51,052, respectively, were used to pay Plan expenses. Forfeited nonvested accounts available at December 31, 2023 and 2022 were \$304,831 and \$135,704, respectively.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent events

The Plan has evaluated subsequent events through September 26, 2024, the date that the financial statements were available to be issued.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2023 and 2022

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Plan administration fees are either paid by the forfeiture account or are allocated amongst participants of the Plan. Expenses incurred by the Company in administering the Plan are excluded from these financial statements. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, schedule of assets (held at end of year) as of December 31, 2023, and the investment activity (including interest and dividends, net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants) reflected on the statements of changes in net assets available for benefits for the years then ended.

4. Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value.

QuidelOrtho Savings and Retirement Plan **Notes to Financial Statements** **December 31, 2023 and 2022**

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value funds – These funds primarily invest in guaranteed investment contracts issued by insurance companies, banks or other financial institutions and are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Money market fund – Valued at one dollar per share held by the Plan at year end. The money market fund held by the Plan is a mutual fund invested in highly liquid, near-term instruments and is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$514,258,062	\$ -	\$ -	\$514,258,062
Money market fund	69,025	-	-	69,025
Stable value funds measured at NAV*	-	-	-	19,394,402
Total assets at fair value	<u>\$514,327,087</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$533,721,489</u>

	December 31, 2022			
	Level 1	Level 2	Level 3	Total

Money market fund	9,268	-	-	9,268
Stable value fund measured at NAV*	-	-	-	4,771,334
Total assets at fair value	<u>\$119,097,194</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$123,868,528</u>

* Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Guaranteed Investment Contract with Voya

The Ortho Clinical Diagnostics 401(k) Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

In connection with the Ortho Clinical Diagnostics 401(k) Plan merging into the Plan, the Company elected to end the contract with VRIAC and transfer funding and servicing to Fidelity, and the value of the contract is now included in the Fidelity blended stable value fund. Due to redemption restrictions, the VRIAC fixed account balance will be liquidated over five years and the proceeds will be transferred to the Fidelity blended stable value fund in six equal installment payments, with interest, through 2028. As a result of the impending liquidation of this investment contract, this fund is no longer a fully benefit-responsive investment contract.

The initial rate credited to the remaining fixed account balance was determined at the time the first installment payout was made in connection with the plan merger and is subject to change from time to time, but it may not be less than 1.00%. The crediting interest rate was 2.15% as of December 31, 2023.

6. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan sponsored by FMR LLC. The pre-approved plan provider has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee as defined by the Plan and therefore, transactions involving these investments qualify as party-in-interest transactions. The Plan also pays fees to the Trustee. Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company, and who are therefore parties-in-interest with respect to the Plan.

QuidelOrtho Savings and Retirement Plan **Notes to Financial Statements** **December 31, 2023 and 2022** ---

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 and for the year ended December 31, 2023, to the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 541,819,792	\$126,004,841
Less: Employer contribution receivable	<u>(1,156,077)</u>	<u>(98,526)</u>
Net assets available for benefits per the Form 5500	<u>\$ 540,663,715</u>	<u>\$125,906,315</u>
Net increase in net assets available for benefits per the financial statements	\$ 50,071,788	
Less: Current year employer contribution receivable	(1,156,077)	
Plus: Prior year employer contribution receivable	<u>98,526</u>	
Net income per the Form 5500	<u>\$ 49,014,237</u>	

11. Prohibited Transactions

During 2023, the Company failed to deposit \$768,540 of participant deferrals and \$81,026 of participant loan repayments within the required time frame as stated by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Delinquent participant deferrals are subject to excise tax penalties. During January 2024, lost earnings related to these delinquent contributions were remitted to the Plan.
