INDEPENDENT AUDITORS' REPORT

Board of Trustees of
Boilermakers Local Lodge No .5 Annuity Fund

Opinion

We have audited the financial statements of the Boilermakers Local Lodge No. 5 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Boilermakers Local Lodge No. 5 Annuity Fund as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Boilermakers Local Lodge No. 5 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Boilermakers Local Lodge No. 5 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (Continued)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Boilermakers Local Lodge No. 5 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Boilermakers Local Lodge No. 5 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year attached to Schedule H of Form 5500 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BOILERMAKERS LOCAL LODGE NO. 5 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Boilermakers Local Lodge No. 5 Annuity Fund (the “Plan”) provides only general information. Participants should refer to the Plan document and its Summary Plan Description for a more complete description of the Plan’s provisions.

General: The Plan is a collectively bargained multi-employer money purchase defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan operates as a trust to provide retirement benefits to participants who are covered employees of participating employers under contracts

Plan Administration: The administration of the Plan is the responsibility of a Board of Trustees comprised of Union and Employer Trustees. The Union Trustees and Employer Trustees have equal voting rights.

Participant accounts are maintained and administered under a deposit contract with the Plan’s trustee, the Prudential Financial Group. Prudential Retirement Services, a division of Prudential Retirement and Annuity Company is responsible for the custody and management of the Plan’s assets.

Payment of Benefits: Account distributions are made upon retirement, death, and withdrawal from the industry.

Funding: Employers make contributions for covered participants based on a fixed percentage of gross weekly wages or on a fixed amount per day or hour. The contribution rates are determined by the collective bargaining agreement in effect at the time.

Contributions for 2023 and 2022 met the minimum funding requirements of ERISA.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts: For all purposes of the Plan, the value of any account established under the plan on behalf of a participant shall be its fair market value as determined on the valuation date coinciding with or immediately preceding the date of benefit payment, withdrawal, or furnishing of statements, whichever is applicable, plus any contributions or other amounts credited to such account subsequent to such valuation dates, less any distribution, expense or other amounts charged to such account subsequent to such valuation date.

Vesting: Once an individual account has been established, all contributions are immediately vested in each participant’s account.

Loans: Participants may borrow an amount not less than \$2,000 or no more than the lesser of (i) fifty percent (50%) of the individual account balance; or (ii) \$50,000 reduced by the balance of any outstanding or unpaid loans. The loans are secured by the balance in the participant’s account and bear interest equal to the prime rate as printed in the Wall Street Journal at the time the loan is taken. Interest from repayment of participant loans are credited to their respective participant accounts.

Other: Although they have not expressed any intention to do so, the Plan’s Board of Trustees has the right under the Plan to modify benefits provided to participants. The Plan may be terminated only by the Board of Trustees, subject to the provisions set forth in ERISA.

BOILERMAKERS LOCAL LODGE NO. 5 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements were prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Employer Contributions: The amounts of employer contributions receivable and employer contribution income do not include any estimates of amounts due from employers where remittance reports were not received by the Plan office nor any amounts due but unpaid as a result of payroll audits.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Unrealized gains or losses are the differences between the fair value of the investments held at year-end and those held at the beginning of the year. Realized gains or losses on the sale of investments are based on the historical costs of the individual investments sold for financial reporting purposes, whereas the revalued cost (fair value at the beginning of the year) is used for determining the realized gain or loss for Form 5500 purposes.

Reclassification: Certain amounts in the 2022 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2023 financial statements.

Participant Loans Receivable: Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the plan document.

NOTE 3 – PROCEDURES ON TERMINATION

While it is the present intention to continue the Plan indefinitely, the Board of Trustees reserves the right to terminate the Plan at any time. Each participant shall have a non-forfeitable right to his or her account under the Plan except as otherwise stated in the Plan and authorized law, subject to the provisions of ERISA.

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 5 – EVALUATION OF SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 19, 2024 the date the financial statements were available to be issued.

BOILERMAKERS LOCAL LODGE NO. 5 ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 6 – TAX STATUS

The Internal Revenue Service has ruled and informed the Plan by letter dated October 27, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC), under Section 401(a). Plan management believes that the Plan as designed is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the related trust is tax exempt. Consequently, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – INVESTMENT CONTRACT

The Plan's traditional fully benefit-responsive guaranteed investment contract with Prudential Retirement and Annuity Company (Prudential GIA), totaled \$14,578,752 and \$15,827,434 at December 31, 2023 and 2022, respectively.

Prudential GIA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance company is contractually obligated to repay the principal and a specified interest rate that are guaranteed to the Plan. The crediting rate is based on a formula established by the insurance company but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the insurance companies ability to meet its financial obligations. The insurance company's ability to meet their contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the insurance company. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the insurance company and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the insurance company to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 8 – CONCENTRATION OF CREDIT RISK

Financial instruments that subject the Plan to concentration of credit risk include cash and short-term investments. While the Plan attempts to limit any financial exposure, its cash deposit balances may, at times, exceed federally insured limits. Short-term investments are not covered by the Federal Deposit Insurance Corporation.

NOTE 9 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interest bearing cash: Interest bearing cash is carried at cost, which approximates fair value.

Corporate stock: Valued at the closing price reported on the New York Stock Exchange and other exchanges.

Registered investment companies: Certain registered investment companies are valued at the closing price reported in the active market on which they are traded. Others are valued at estimated fair value as determined by the investment manager based on the market value and estimated fair value of the underlying investments in the portfolio. In establishing the fair value of these investments, the investment manager takes into consideration information about the net asset value of shares held by the Plan at year end.

Pooled separate accounts: Valued at net asset value (NAV) of units held (or its equivalent, such as member units or an ownership interest in partners' capital). The NAV or its equivalent is used as a practical expedient to estimate fair value. The NAV or its equivalent is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV or its equivalent.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 10 – UNALLOCATED NET ASSETS AVAILABLE FOR BENEFITS

Due to timing differences in the receipt and posting of contributions there are differences between the total of participants' account balances and the net assets available for benefits of the Plan. Additionally, the Plan maintains an administrative expense reserve, which is used to pay current and future Plan expenses.

The following is a reconciliation of participant account balances to net assets available for benefits at December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits	\$ 52,765,784	\$ 46,588,871

NOTE 13 – TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTIES

All employer contributions are initially received by the Boilermakers Local Lodge No. 5 Welfare Plan (the “Welfare Plan”) and then transferred to the Plan.

Boilermakers Welfare, Annuity, and Vacation Funds (the “Plans”) share certain professional and administrative services. The Welfare Plan pays most of the expenses except those directly incurred by the respective Plans. The amounts are then allocated quarterly to the Plans, with third-party administration expenses allocated based on workload percentages and payroll audit and legal fees based on employer contributions.

The Plan's related party transactions with the Welfare Plan for the year ended December 31, 2023 are summarized as follows:

	Totals	Welfare Plan - other	Welfare Plan - Contributions
Beginning balances	\$ 389,210	\$ (35,720)	\$ 424,930
Current period activity:			
Payments	101,880	101,880	0
Contributions received	3,394,682	0	3,394,682
Contribution transferred	(3,575,582)	0	(3,575,582)
Expense allocations	(112,414)	(112,414)	0
Total Current Activity	(191,434)	(10,534)	(180,900)
Ending balances	\$ 197,776	\$ (46,254)	\$ 244,030

The Plan has an investment contract and certain investments in registered investment companies, which are managed by Prudential. Prudential is a fiduciary of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Prudential Financial Group agreed to provide the Plan an administrative expense rebate as reimbursement for administrative expenses incurred by the Plan in the amount of \$150,000 per year. The amount received for the years ended December 31, 2023 and 2022 was \$85,071 and \$87,720, respectively.
