Independent Auditors' Report

Board of Directors and Plan Participants
Graceland College Center 403(b) Plan
Mission, Kansas

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Graceland College Center 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion:

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRACELAND COLLEGE CENTER 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of The Plan

The following description of Graceland College Center 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 403(b) feature established by Graceland College Center for Professional Development and Lifelong Learning, Inc. (the Company) under Section 401(a) of the Internal Revenue Code (IRC). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was restated effective January 1, 2023.

Eligibility

All employees of the Company are eligible to participate on their first day of employment. Employees participating in the Plan are eligible to receive employer contributions upon first day of employment.

Contributions

Eligible employees may elect to contribute a portion of their eligible pretax and post-tax compensation, as defined in the Plan, up to the annual limited allowed by the IRC. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company may make discretionary matching contributions. Effective January 1, 2021, the Company discretionary matching contribution was at a rate of 50% up to 6% of eligible compensation.

Also, annually the Company may elect to make a discretionary contribution to participants who are employed by the Company on the last day of the Plan year and participated in the Plan. There were no discretionary contributions made for the years ended December 31, 2023 or 2022.

Contributions are subject to certain limitations.

GRACELAND COLLEGE CENTER 403(B) PLAN

Notes To Financial Statements *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, the employer discretionary matching contribution, the employer discretionary contribution and an allocation of Plan earnings. Allocations are based on account balances, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may change their investment options daily (subject to a maximum daily number of trade limits) over the phone or the internet.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of continuous service. A participant is fully vested after 5 years of continuous service, in accordance with the vesting schedule shown below. The nonvested balance is forfeited upon termination of service.

<u>Years Of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Forfeitures may be used to reduce employer matching contributions. At December 31, 2023 and 2022, there were forfeited nonvested accounts of \$277,208 and \$260,666, respectively, available for use. There were no forfeited nonvested accounts utilized during the years ended December 31, 2023 or 2022.

Notes Receivable From Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000. These transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. These borrowings are secured by the participant's vested account balance. A reasonable rate of interest, based on the prevailing lending rates, is determined by the Plan Administrator. Interest rates being charged at December 31, 2023, were 3.25% to 9.5% and were commensurate with prevailing rates. Payments of principal and interest must be made in equal installments over a maximum five-year period. Principal and interest are paid ratably through payroll deductions.

GRACELAND COLLEGE CENTER 403(B) PLAN

Notes To Financial Statements *(Continued)*

Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon retirement, death, disability or termination of service, participants may receive a lump-sum amount equal to the value of the participant's vested account. In-service distributions are not permitted unless the participant has attained age 59 ½, certain hardship conditions are met or rollover contributions are available.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion. For administrative expenses charged to the Plan, expenses are allocated to participants on a per-capita basis. Certain expenses are netted against earnings and are included in investment income on the statement of changes in net assets available for benefits.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments, other than fully benefit-responsive investment contracts, are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

GRACELAND COLLEGE CENTER 403(B) PLAN

Notes To Financial Statements (*Continued*)

Investment contracts held by a defined contribution plan are generally reported at contract value except for those contracts that are non-fully benefit-responsive. In that instance, these contracts are required to be reported at fair value. A portion of the Plan's investment in the TIAA Traditional Annuity account is not a fully benefit-responsive investment contract and is reported at fair value in the statement of net assets available for benefits. The remainder of the balance in the TIAA Traditional Annuity is fully-benefit responsive and has been reported at contract value in the statement of net assets available for benefits.

Net change in fair value of investments represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplements schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and the net change in fair value of investments, dividends and interest income for the years ended December 31, 2023 and 2022, is based on information provided by Teachers Insurance And Annuity Association and College Retirement Equities Fund (TIAA-CREF). The Plan Administrator has obtained a certification from TIAA-CREF, that such information is complete and accurate. This information has not been audited by the Plan's independent auditors.

Guaranteed Investment Contracts

The Plan offers as an investment option the TIAA Traditional Annuity. The TIAA Traditional Annuity is offered through a variety of contract types, including: the Group Retirement Annuity (GRA); Retirement Choice Annuity (RC); Group Supplemental Retirement Annuity (GSRA); Supplemental Retirement Annuity (SRA); and the Retirement Choice Plus Annuity (RCP).

Group Retirement Annuity And Retirement Choice Annuity

The GRA and RC are not fully benefit-responsive and reported at fair value, which approximates contract value as estimated by TIAA. The GRA and RC contain liquidity restrictions where lump-sum withdrawals are permitted within 120 days following termination of employment, are subject to a 2.5% surrender charge, and contain certain limitations on the number of periodic installment payments.

Group Supplemental Retirement Annuity, Supplemental Retirement Annuity, And Retirement Choice Plus Annuity

The GSRA, SRA, and RCP are fully benefit-responsive and are reported at contract value. The contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any.

The GSRA and SRA provide a guarantee of principal, a guaranteed minimum rate of interest of 3% and the potential for additional interest, if declared by TIAA. The RCP provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3% redetermined annually each March 1, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. The crediting rate is supported by the investment performance of a large, diversified portfolio, is correlated with the highest quality debt security yields, and is adjusted for contract liquidity.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

GRACELAND COLLEGE CENTER 403(B) PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value.

Guaranteed Investment Account

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Variable Annuity Accounts

Certain variable annuity accounts are valued at the daily closing price as reported by the investment. These variable annuity accounts held by the Plan are open-end registered investment companies that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. These variable annuity accounts held by the Plan are deemed to be actively traded.

The remainder of the variable annuity accounts are valued at the NAV of units held by the Plan at year end. The individual variable annuity accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2023 and 2022. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) are reported by the insurance company approximates fair value of the investments. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the variable annuity accounts and, consequently, the fair value of the Plan's investments.

Pooled Separate Account

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The pooled separate account is comprised of real property, real estate joint ventures and marketable securities held through subaccounts of a separate account of an insurance company as of December 31, 2023 and 2022. There are no unfunded commitments related to these investments and the pooled separate account is redeemable daily at the adjusted NAV under agreements with the insurance company.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

Effective January 1, 2022, the Plan was restated and uses a volume submitter plan document sponsored by TIAA. TIAA received an opinion letter from the IRS, dated August 7, 2017, which states that the volume submitter plan document satisfies the applicable provisions of the IRC and that, therefore, the Plan is exempt from federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Effective January 1, 2023, the Plan was restated and uses a volume submitter plan document sponsored by Pentegra Services Inc. (Pentegra). Pentegra received an opinion letter from the IRS, dated March 31, 2017, which states that the volume submitter plan document satisfies the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

7. Party In Interest Transactions

Certain Plan investments are managed by TIAA-CREF. The related transactions with TIAA-CREF qualify as allowable party in interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2023 and 2022. These loans are considered party in interest transactions.

8. Risks And Uncertainties

The Plan invests in various investment securities, which in general are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
