To the Administrative Committee of
Delaware Valley Floral Group, LLC
401(k) Savings and Investment Plan
Sewell, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that was

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agree to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Delaware Valley Floral Group, LLC 401(k) Savings and Investment Plan

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Delaware Valley Floral Group, LLC (the "Company") 401(k) Savings and Investment Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1982, for all eligible employees of the Company. On January 1, 1986, the Plan was revised as a 401(k) Plan. All employees are eligible on the first day of the quarter following the completion of one year and a minimum of 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Administrative Committee.

Contributions

Participants may elect to contribute up to 100% of their annual compensation, as defined, subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. All employee contributions and the Company's discretionary contributions are self-directed by the participants into various investment options offered by the Plan.

Each year the Company is permitted to contribute to the Plan, on a discretionary basis, at the option of the Company's Board of Directors. Company contributions are based on employee participation and allocated accordingly. The Company currently matches 25% of each employee's contribution up to 6% of compensation. The Company automatically enrolls employees in the Plan at a 2% deferral when they become eligible to participate unless they affirmatively elect not to participate in the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching contribution and Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of the Plan (Continued)

Investment Options

Participants must direct their salary deferral contributions and employer contributions to selected investments offered by the Plan administrator. Participants may change their investment options at any time using a voice response system or the internet.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow up to one-half of their salary deferred balance with a minimum loan of \$1,000 and a maximum loan of the lesser of 50% of their account balance or \$50,000. The loan must be repaid within five years, including interest at 1% over the prime lending rate and is secured by the balance in the participant's account. Interest is recognized when paid. Loans borrowed for acquisition of a primary residence may be repaid over the length of the mortgage. The loan repayments are deducted from salary and credited to the participant's individual account. The interest rate range for outstanding loans is 4.25% to 9.50%.

Payment of Benefits

The Plan provides for distribution of benefits upon a participant's employment termination, death, total and permanent disability, or attainment of early or normal retirement age, whichever occurs earlier. The Plan also allows participants to withdraw all of their own or the Company's contributions due to financial hardship, as defined.

If the account balance is at least \$1,000 but does not exceed \$5,000, the account balance will be rolled into an IRA with an individual retirement account trustee, unless a cash payment or other direct rollover is elected. Account balances not in excess of \$1,000 are auto forced-out once a year.

December 31, 2023 and 2022

1. Description of the Plan (Continued)

Forfeited Accounts

The non-vested portion of employer contributions is forfeited upon distribution of the entire vested portion of a participant's account balance. Forfeitures can be used to reduce future employer contributions, pay plan expenses or reallocate to the remaining participants. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,258 and \$14,310, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for loan losses has been recorded at December 31, 2023 or 2022.

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of certain participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. Professional fees associated with the Plan administration are paid by the Plan sponsor or paid from forfeitures.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to information certified as complete and accurate by Capital Bank and Trust (the Trustee of the Plan).

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$34,406,305	\$33,050,857
Notes receivable from participants	493,265	409,853
Net appreciation in fair value of investments	4,512,065	
Interest and dividends	1,616,439	
Interest – participant loans	28,297	
Other income	21,317

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All of the Plan's assets are investments in registered investment companies (mutual funds and money market funds) which are level 1 on the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (Continued)

Money market fund: Valued at \$1 per share. Recorded amount approximates fair value as the average maturity of the investments in the fund is less than 90 days.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 3,058,003	\$ -	\$ -	\$ 3,058,003
Mutual funds	31,348,302	-	-	31,348,302
Investments at fair value	<u>\$34,406,305</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$34,406,305</u>

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 4,491,201	\$ -	\$ -	\$ 4,491,201
Mutual funds	28,559,656	-	-	28,559,656
Investments at fair value	<u>\$33,050,857</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$33,050,857</u>

5. Related Party and Party-In-Interest Transactions

Capital Bank and Trust is the trustee and administrator of the plan. A majority of the funds are invested in American Funds mutual funds. Capital Bank and Trust, Empower and American Funds are related companies and, therefore, these transactions qualify as party-in-interest transactions. American Funds receives revenue from mutual funds service providers for services provided to the funds. This revenue is used to offset certain amounts owed for administrative services to the plan. Any excess revenue is remitted to the Plan on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2023, the net excess paid to participants was \$20,573. The plan paid fees for administrative services of \$14,583 for the year ended December 31, 2023. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing, rather than direct payment.

6. Termination of Plan

Upon termination of the Plan, all amounts credited to participants' accounts will become 100% vested. Although the employer has not expressed any intent to discontinue the Plan, it may do so at any time subject to the provisions of ERISA.

7. Tax Status

The IRS issued a favorable opinion letter dated June 30, 2020 for plans using the third-party administrator's prototype adoption agreement. The IRS stated that the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Administrative Committee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination.

7. Tax Status (Continued)

The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions for the years 2021-2023; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

9. Plan changes

Effective October 13, 2023, the plan sponsor name was changed from Delaware Valley Floral Group, Inc to Delaware Valley Floral Group, LLC. The plan name was changed from Delaware Valley Floral Group, Inc. 401k Savings and Investment Plan to Delaware Valley Floral Group, LLC 401k Savings and Investment Plan.

10. Subsequent Events

Subsequent events were evaluated through September 20, 2024, which is the date the financial statements were available to be issued. The Plan is not aware of any significant subsequent events, other than those indicated below, which would require disclosure in the financial statements.
