Independent Auditor's Report

Trustees
Larson Gross P.L.L.C. 401(k) Profit Sharing Plan and Trust
Bellingham, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Larson Gross P.L.L.C. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements, are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Larson Gross P.L.L.C. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Larson Gross P.L.L.C. (the "Plan Sponsor" or the "Company") under the provisions of Section 401(a) of the United States Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as certain provisions of the federal income tax laws.

All employees of the Company are subject to the following eligibility requirements:

- Age: 21
- Service: 0 months for elective deferrals; one year or 1,000 hours for non-elective deferrals
- Other employer service: count years of service with Homchick Smith & Associates ("HSA"), effective January 1, 2023, for all purposes for individuals who were employees of HSA prior to merger with Larson Gross P.L.L.C.
- Status exclusions:
  - Members of collective bargaining agreement
  - Residents of Puerto Rico

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of next month for elective deferrals and on January 1st or July 1st for non-elective deferrals.

The Plan's trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Plan amendment and restatement

The Plan was amended and restated effective January 1, 2023. The Plan amendment included the following key changes:

- Eligible compensation includes post year-end and post severance compensation
- Elective deferrals include compensation earned before eligibility
- Employees previously employed at Homchick, Smith & Associates will be considered fully vested upon Plan entry on January 1, 2023

The Securing a Strong Retirement Act ("SECURE 2.0 Act") was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. Written amendments to the Plan related to the SECURE 2.0 Act, as applicable, will be drafted in accordance with applicable law and regulatory guidance. The following descriptions reflect the above amendments and mandatory provisions with effective dates in 2023 and optional provisions that have been adopted by the Plan.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

1. Description of plan (continued)

Contributions (continued)
The following contribution types are allowed by the Plan:

- Elective deferrals
- Roth deferrals
- Employer safe harbor
- Employer profit-sharing
- Rollover contributions

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Company makes non-elective safe harbor contributions each pay period of 3% of participants' salaries. The Company may also make discretionary profit sharing contributions. For the year ended December 31, 2023, the Company made profit sharing contributions between 2% and 12% of eligible compensation to participations based on length of service and position. The Company may make other qualified non-elective contributions.

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which makes the Plan exempt from certain compliance testing requirements.

The Plan includes an automatic enrollment provision; whereby, all newly-eligible employees and each eligible employee that doesn't have an affirmative election in effect will be automatically enrolled in the Plan on the effective date. Automatically enrolled participants have their deferral rates set at 5%. Contributions are invested in a designated fund until changed by the participant.

Participant accounts
Each participant’s account is credited with the participant’s contributions and the Company’s contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting
Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Benefits paid to participants
Upon termination of service, disability or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account as a lump sum or required minimum distributions in the case of a retired participant. Distribution of a deceased participant's account will be made to the designated beneficiary.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72 or 73 if the participant is not 72 prior to December 31, 2022 or (ii) the year in which the participant retires.

1. Description of plan (continued)

Benefits paid to participants (continued)
The following types of distributions are also allowed by the Plan:

- In-service
- Hardship
- Involuntary cash-outs

2. Summary of significant accounting policies

Basis of accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefits are recorded when paid.

Expenses
The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through September 3, 2024, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank ("Charles Schwab"), the custodian.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022:

Registered investment companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices.

Stable value collective trust fund: A stable value fund composed primarily of fully benefit-responsive investment contracts that is valued at NAV of units of a bank collective trust. The NAV, as provided by Charles Schwab, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2023, there were no unfunded commitments nor were there any restrictions on payments or redemptions. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Fair value measurements (continued)

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2023			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 21,960,968	$ -	$ -	$ 21,960,968
Investments measured at net asset value	-	-	-	2,260,873
Total investments at fair value	$ 21,960,968	$ -	$ -	$ 24,221,841

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 17,521,065	$ -	$ -	$ 17,521,065
Investments measured at net asset value	-	-	-	2,486,821
Total investments at fair value	$ 17,521,065	$ -	$ -	$ 20,007,886

Certain investments measured at net asset value per share (or its equivalent), have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related party transactions and transactions with parties-in-interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator ("TPA"), investment managers, investment advisors, legal counsel and Plan auditor.

During the year ended December 31, 2023, the Plan made direct payments of $71,731 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan. The Company will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable.

7. Tax status

The Plan Sponsor adopted a plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the Plan, as then designed, was in accordance with the applicable sections of the IRC. The Plan has been amended and restated since receiving the opinion letter. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
