INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Prairie School Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Prairie School Defined Contribution Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Prairie School Defined Contribution Retirement Plan (the plan) follows the modified cash basis of accounting. Under that basis, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. That basis differs from accounting under accounting principles generally accepted in the United States of America (GAAP) primarily because the plan has not recognized contributions receivable and the related effect on changes in net assets in the accompanying financial statements.

Accounting estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through September 24, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Key parties of the plan - The Prairie School is the plan sponsor/employer and the plan administrator. TIAA and CREF (TIAA-CREF) is the custodian of the plan's investment assets, recordkeeper that maintains plan participant records and tax counsel. Pentegra performs various compliance tests and is the plan's investment advisor.

Investments - The plan sponsor determines investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings on investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits - modified cash basis. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value:

Pooled separate account - The pooled separate account (PSA) is a direct filing entity valued at the net asset value (NAV) based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as certified by TIAA-CREF, is used as a practical expedient to estimate fair value. The practical expedient would not be used if it was determined that the PSA would sell the investment for an amount different than the reported NAV.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2023 and 2022

Fixed annuity contracts - NFBR - These investments are valued at fair value as certified by TIAA-CREF. See Note 2 for further discussion.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$19,931,654	\$ -	\$ -	\$19,931,654
Fixed annuity investment contracts - NFBR	-	-	6,571,116	6,571,116
Total investments in the fair value hierarchy	<u>\$19,931,654</u>	<u>\$ -</u>	<u>\$6,571,116</u>	26,502,770
Investments measured at NAV (a)				1,067,160
Total investments at fair value				<u>\$27,569,930</u>

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$17,036,571	\$ -	\$ -	\$17,036,571
Fixed annuity investment contracts - NFBR	-	-	6,736,425	6,736,425
Total investments in the fair value hierarchy	<u>\$17,036,571</u>	<u>\$ -</u>	<u>\$6,736,425</u>	23,772,996
Investments measured at NAV (a)				960,668
Total investments at fair value				<u>\$24,733,664</u>

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

The following table summarizes investments for which fair value is measured using the NAV practical expedient. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate account	\$1,067,160	n/a	Quarterly	Daily
December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2023 and 2022

Changes in the fixed annuity investment contracts - NFBR, level 3 investments, for the years ended December 31 are as follows:

	<u>2023</u>	<u>2022</u>
Balance, beginning of year	\$6,736,425	\$6,808,703
Interest income and net appreciation in fair value	320,320	282,558
Purchases, sales, issuances and settlements (net)	(485,629)	(354,836)
Balance, end of year	<u>\$6,571,116</u>	<u>\$6,736,425</u>

2. FIXED ANNUITY CONTRACTS

The fixed annuity contracts consist of investment options available to participants known as the TIAA Traditional Annuity Contracts. These annuity contracts are established between the participants and TIAA. The investment option is offered in a variety of formats, including Retirement Annuities (RA), Retirement Choice Annuities (RC), Supplemental Retirement Annuities (SRA), and Group Supplemental Retirement Annuities (GSRA). The return of annuity contributions plus interest to participants is subject to TIAA's claims-paying abilities. TIAA's claims-paying abilities to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date the financial statements were available to be issued, plan management is not aware of any events that are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuer or that would limit the ability of the plan to transact at contract value with the participants.

Annuity amounts are credited with a guaranteed minimum rate of interest, generally 3%, that is determined annually. Participants may also earn interest in addition to the guaranteed rate, at the discretion of TIAA. Such discretionary interest is declared by TIAA on an annual basis and remains in effect for the subsequent twelve-month declaration year.

Contributions to the annuity contracts are grouped into "vintages" comprised of premiums received over defined time periods of one or more continuous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting the vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA's general account.

During the year ended December 31, 2023 and 2022, the crediting rates of the annuity contracts were as follows:

	<u>2023</u>	<u>2022</u>
RA	6.50%	6.60%
RC	6.75%	6.85%
SRA	5.75%	5.85%
GSRA	5.75%	5.85%

RA and RC account balances may only be withdrawn over ten annual payments. RAs and RCs are not considered to be fully-benefit responsive investment contracts because this requirement is considered to restrict participants' "reasonable access" to their contract balances. The plan refers to these investments as fixed annuity contracts - NFBR.

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2023 and 2022

SRA's and GSRA's are considered to be fully benefit responsive investment contracts, as they are fully liquid and can be immediately withdrawn once a participant terminates employment with the plan sponsor. The plan refers to these investments as fixed annuity investment contracts - FBR. As a result of FBR fixed annuity investment contracts meeting the fully benefit-responsive investment contract criteria, they are reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value. The NFBR fixed annuity contracts do not meet the fully benefit responsive investment contract criteria and therefore are reported at fair value (see Note 1).

3. DESCRIPTION OF PLAN

The following description of the plan provides general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was established on September 1, 1965 as a defined contribution plan established under Internal Revenue Code Section 403(b). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Eligibility - All employees who sign full-time employment contracts and are expected to complete at least 1,000 hours of service are considered immediately eligible to participate in the plan. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of several investment options.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants are required to contribute 3% of pretax annual compensation (mandatory employee contributions). Participants may contribute more than the mandatory 3% if they so desire (elective employee contributions).
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. The employer is required to make a nonelective contribution to each employee who makes a mandatory employee contribution equal to 7.1% of the participant's pretax annual compensation (up to \$330,000).

Participant accounts - Contributions are remitted to the custodian who invests them in accordance with the investment options selected by the participant. The value of the investments is adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). Participants are allowed to transfer between the various investment options at any time. Participants can change their deferral percentages at any time.

Vesting - Participants are always 100% vested in their account balances.

Payment of benefits - Benefit payments can commence upon termination of employment, death, disability, or retirement (defined as 59½). Distributions can be made in the form of a lump-sum payment, installments or an annuity. In addition, hardship withdrawals are permitted under certain circumstances. In-service withdrawals can commence upon attaining the age of 59½.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other fees are paid to the plan using plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for services and administrative fees. Nonparticipant directed fees are allocated to participants on an account value basis.

Notes receivable from participants - Participants can obtain loans from their accounts with the approval of the plan administrator. Each participant may have a maximum of three loans outstanding at any time. The total outstanding loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. The repayment term generally cannot exceed 5 years, the exception being when the loan is for the purchase of a primary residence. As of December 31, 2023, loans outstanding had repayment schedules through July 2028 with interest rates ranging from 4.25% to 9.25%.

4. PARTY-IN-INTEREST TRANSACTIONS

The plan invests in certain TIAA-CREF investments. TIAA-CREF is the custodian of the plan's investment assets and executes transactions in these investments. As such, these transactions qualify as party-in-interest transactions.

The plan also entered into an administrative service agreement with TIAA-CREF in which TIAA-CREF provides certain administrative services to the plan. TIAA-CREF receives revenue from mutual fund service providers for services TIAA-CREF provides to the funds. Under the administrative service agreement, this revenue is used to reduce fees that would otherwise be owed by the plan to pay plan expenses. Service credits received by the plan to pay plan expenses, recorded as other income, were \$16,000 and \$23,000 in 2023 and 2022. Direct fees paid to TIAA-CREF were insignificant in 2023 and 2022. In addition, indirect fees paid to TIAA-CREF by the plan, included as a reduction of the return earned on the investments, were \$105,000 and \$101,000 in 2023 and 2022.

Notes receivable from participants also qualify as party-in-interest transactions.

All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA.

6. INCOME TAX STATUS

The plan is operating under a TIAA ERISA 403(b) Volume Submitter Plan that received a favorable opinion letter on August 7, 2017. The Internal Revenue Service opinion letter stated that the volume submitter plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. However, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are no audits in progress.

7. INFORMATION CERTIFIED BY THE CUSTODIAN

Management has obtained certifications from TIAA-CREF, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate:

- a. Investments held by the custodian and the fair values and contract values of such as of December 31, 2023 and 2022;
- b. Interest and dividend income and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2023 and 2022;
- c. Purchases and sales of investments for the years ended December 31, 2023 and 2022; and
- d. Contributions to, withdrawals from, purchases and sales of investments and transfers between investment accounts as of and for the years ended December 31, 2023 and 2022.
