INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee of the
Pacifica Graduate Institute 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Pacifica Graduate Institute 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Pacifica Graduate Institute 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacifica Graduate Institute 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pacifica Graduate Institute 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacifica Graduate Institute 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Pacifica Graduate Institute 401(k) Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 11, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PACIFICA GRADUATE INSTITUTE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Pacifica Graduate Institute 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established by Santa Barbara Graduate School, Inc., dba Pacifica Graduate Institute (the "Employer") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan provides for a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Employer. The plan trustee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. American United Life Insurance Company (the "Custodian") was responsible for the custody and management of certain Plan assets.

Effective May 1, 2023, the plan sponsor elected to terminate the fully benefit-responsive insurance contract and convert plan assets to Fidelity Management Trust Company (the "Successor Trustee"). The contract termination impaired the Plan's ability to transact at contract value with the issuer. The contract account plus related interest credited, subject to a withdrawal charge, shall be paid out 365 days after the contract termination effective date. The change in service providers initiated a blackout period from April 21, 2023 through June 9, 2023, during which time participants could not request loans or distributions or make investment allocation changes. Assets of \$13,295,204, including notes receivable to participants, were transferred to the Successor Trustee on May 30, 2023 (see Notes I and J).

2. Eligibility

All non-union and non-leased employees who are U.S. residents may participate in the Plan. Employees may begin contributing to the Plan on the first day of each month following eligibility. Employees are also eligible for Employer matching contributions upon one year of service.

3. Contributions

Prior to May 1, 2023, participants could elect to contribute, on a tax-deferred basis from 1% to 100% of their eligible compensation, subject to certain limitations under the IRC. Effective May 1, 2023, participants may elect to contribute on a tax-deferred basis or as a Roth 401(k) contribution, up to 100% of their eligible compensation, subject to certain limitations under the IRC (see Note I). Unless a participant elects otherwise the Employer will automatically withhold 4% of the compensation as tax deferred contributions after attaining eligibility. Participant deferrals automatically increased 1% on the first day of the plan year, up to a maximum of 10% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may direct contributions, as desired, in any of several investments offered by the Custodian or Successor Trustee and may change their investment options daily.

In addition, the Employer may make annual discretionary matching contributions of \$.25 of every \$1.00 deferred, up to a maximum of 1% of participant deferrals.

PACIFICA GRADUATE INSTITUTE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's discretionary matching contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of 50% of their vested account balance (not to exceed \$50,000 less the highest outstanding loan balance during the prior twelve-month period). The loans are secured by the balance in the participant's account. Participants may have one loan outstanding at any time. All loans shall bear a reasonable rate of interest as determined by the plan administrator upon issuance. Loans must be paid back within five years of the date of issuance in accordance with terms established by the plan administrator. Prior to May 1, 2023, loans for the purchase of a principal residence may be paid back over thirty years. Effective May 1, 2023, loans for the purchase of a principal residence may be paid back over ten years (see Note I). Loans are due and payable upon the participant's termination of employment with the Employer.

6. Vesting

Employee contributions, rollovers and actual earnings on all such contributions are fully vested at all times. Vesting of employer discretionary matching contributions and actual earnings thereon, are based upon the participant's years of service with the Employer as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	50%
3	100%

7. Benefit Payments

Upon termination of employment with the Employer, a participant may receive a lump sum disbursement if his or her vested account balance is less than \$1,000. If the vested account balance is between \$1,000 and \$5,000, a lump sum will be distributed directly to an individual retirement account unless the participant elects otherwise. For balances greater than \$5,000, the participant is entitled to a lump sum amount. In the event of death or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account. In addition, upon attaining age 59½, participants may receive distributions. Hardship withdrawals are also permitted if certain criteria are met.

PACIFICA GRADUATE INSTITUTE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Administrative Expenses

Certain expenses of maintaining the Plan are paid from the assets of the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts will first be utilized to pay plan expenses and then may be applied against Employer contributions. During the year ended December 31, 2023, \$4,129 of forfeitures was applied against Employer contributions. As of December 31, 2023 and 2022, there was \$708 and \$1,626, respectively of unallocated forfeitures included in net assets available for benefits.

10. Plan Amendments and Termination

Although it has not expressed such intent, the Employer, by action of its board of directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

PACIFICA GRADUATE INSTITUTE 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The American United Life Stable Value Fund is a group annuity contract and is considered fully benefit responsive and is reported at contract value. The Plan's management determines the Plan's valuation policies utilizing information provided by the Custodian and Successor Trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding increase to deductions from net assets.

6. Benefit Payments

Benefits are recorded when paid.

7. Subsequent Events

Plan management has evaluated subsequent events through September 11, 2024, the date the financial statements were available to be issued.

NOTE C - CERTIFICATION BY CUSTODIAN AND SUCCESSOR TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all of the investment information, including investment income, and notes receivable from participants and related interest income, included in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by the Custodian and Successor Trustee of the Plan.

PACIFICA GRADUATE INSTITUTE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PACIFICA GRADUATE INSTITUTE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Collective investment trusts: Valued at the net asset value of units held by the Plan at year end. The unit value represents the fair value of the underlying assets, as reported by the fund manager. The Plan's investment in the collective trust funds have a readily determinable fair value because they invest primarily in equity investments, such as common stocks and mutual funds, and the net asset value is determined and published daily, is available to participants of the Plan when they log into their online account, and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

Pooled separate accounts: Valued at the fund's net asset value reflecting all investments at fair value, including direct and indirect interests in mutual funds, as reported by the fund manager, held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 14,712,609	\$ -	\$ -	\$ 14,712,609

PACIFICA GRADUATE INSTITUTE 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with the Custodian. The contract is an insurance company issued group annuity with contributions maintained in a general account.

As described in Note B, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed general account contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the Custodian. Such events include the following: (a) the complete or partial plan termination of the Plan, (b) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan, or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value, is probable.

The group annuity contract does not permit the insurance company to terminate the agreement prior to ninety days written notification.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount that is different from the contract value. Such events include (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, and (d) a material amendment to the agreement without the consent of the issuer.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Custodian and Successor Trustee are parties-in-interest with respect to the Plan. Investments are held with and managed by the Custodian and Successor Trustee. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than direct payment. Additional fees may be paid directly to the Custodian and Successor Trustee or other parties-in-interest. Notes receivable and the related interest income are considered related party transactions.

PACIFICA GRADUATE INSTITUTE 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE G - INCOME TAX STATUS

The IRS has issued an opinion letter to the Successor Trustee dated June 30, 2020, that the adopted non-standardized pre-approved plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan did not seek a favorable determination letter with respect to the initial adoption of the plan document, nor with any plan amendments, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expect to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - PLAN AMENDMENT AND RESTATEMENT

Effective May 1, 2023, the Employer elected to terminate the fully benefit-responsive insurance contract and convert plan assets to Successor Trustee (see Notes A-1 and F).

Effective May 1, 2023, the Plan was restated in connection with the transfer of assets. The restatement provided for the following modifications to the Plan's provisions:

- Roth deferrals are allowed (see Note A-3).
- Loans obtained for the purchase of a principal residence may be paid back over ten years (see Note A-5).

There were no other material modifications to the Plan.

NOTE J - SUBSEQUENT EVENTS

Effective April 29, 2024, the remaining assets of \$361,293 related to the group annuity contract were transferred from the Custodian to the Successor Trustee (see Note A-1). The Employer elected to hold the group annuity contract for 12 months after the transfer of assets to the Successor Trustee, and therefore there was no withdrawal charge.
