AeroTEC 401(K) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AeroTEC 401(K) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AeroTEC 401(K) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AeroTEC 401(K) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AeroTEC 401(K) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AeroTEC 401(K) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AeroTEC 401(K) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AEROTEC 401(K) RETIREMENT PLAN
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

NOTE 1 – PLAN DESCRIPTION

The following description of the AeroTEC, Inc. (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) salary deferral plan covering substantially all employees of AeroTEC, Inc. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan after reaching 18 years of age and completing one month of service. All newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, increasing every Plan year by 1%, up to a maximum of 10%, if no other election is made. Employees are auto enrolled into the Plan on the beginning of the month coinciding with or next following their date of eligibility. Effective March 15, 2021 the Plan was amended to exclude interns, temporary employees and seasonal employees from participating in the Plan.

Contributions – Each year, participants may contribute annual compensation, as defined in the Plan, not to exceed limits imposed by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer discretionary contributions are invested as directed by the participant. Contributions are subject to certain limitations and are tested annually to determine the amount, if any, of excess contributions required to be repaid to the participant.

The Plan provides that the Company may make matching contributions to the Plan at its discretion. Matching contributions are based upon participants' eligible contributions made during the year. The Company matched 100% of eligible employees' contributions up to 3% of their eligible compensation.

Each Plan year, the Employer may make a discretionary profit-sharing contribution that is allocated to participants' accounts based on a formula defined by the Plan document. The Plan made profit-sharing contributions for the years ended December 31, 2023 and 2022 totaling \$-0- and \$-0-, respectively.

Participant Accounts – Each participant's account is credited with an allocation of (a) the participant's contributions, (b) Company matching (c) allocations of the Company's discretionary profit-sharing contributions, (d) Plan earnings, and (e) investment expense charges. Separate accounts are maintained for each participant by investment fund and type of contribution or allocation. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

AEROTEC 401(K) RETIREMENT PLAN
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

NOTE 1 – PLAN DESCRIPTION - continued

Vesting – Participants are immediately vested in their salary deferral contributions and related earnings.

Participants who entered the Plan prior to January 1, 2021, are immediately vested in employer matching contributions and related earnings. Vesting in employer matching contributions and related earnings for employees who become a participant in the Plan on or after January 1, 2021, are 50% vested after completing 1 year of service and 100% vested after completing 2 years of service.

Vesting in the employer's non-elective contributions portion of participant accounts and related earnings are based on a schedule of continuous service. A participant is 20% vested after completing 2 years of service. Vesting will increase 20% per year for each year of service thereafter until the participant is 100% vested. Additionally, a participant becomes 100% vested upon reaching retirement age (65) or in the event of death or disability if employed by the Company at that time.

Forfeitures – The portion of a terminated participant account that is not vested (forfeitures) will be used first to pay expenses of the Plan and then to reduce employer contributions. The Plan used forfeitures to fund employer contributions for the years ended December 31, 2023 and 2022 totaling \$5,000 and \$20,007, respectively. The Plan used forfeitures to fund plan expenses for the years ended December 31, 2023 and 2022 totaling \$-0- and \$-0-, respectively.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into a variety of investment options, which may be changed at the participant's discretion either by written request, telephone, or via the internet.

Notes Receivable from Participants – Participants are allowed a maximum of one loan at a time. Loans range from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participants account and bear interest which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions over a period of generally no more than five years.

Payment of Benefits – Upon termination of service due to separation, death, disability or retirement, participants will receive lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a specified time period not exceeding the participant's individual or joint life expectancy.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Matching contributions from the Company are recorded in the period in which the related participant contributions are recorded. Non-elective contributions are recorded in the period in which the related participant compensation is earned.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Management has evaluated subsequent events through September 14, 2024, the date the financial statements were available to be issued.

NOTE 3 – PLAN ADMINISTRATION

The Plan has elected to use consultants to assist in the administration of the Plan, specifically for the performance of contribution limits and calculations ensuring compliance with ERISA for participation guidelines.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2023</u>	<u>2022</u>
Investments, at fair value:		
Interest in registered investment companies	\$ 7,745,397	\$ 6,458,049
Notes receivable from participants	62,477	43,369
Net appreciation/(depreciation) in fair value of investments	1,297,075	(1,471,766)
Interest income on notes receivable from participants	2,805	3,006

NOTE 6 – TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7 – ADMINISTRATIVE COSTS

The Company has elected to absorb portions of the administrative costs of operating the Plan. The Plan paid administrative expenses for the years ended December 31, 2023 and 2022 totaling \$47,972 and \$42,345, respectively.

NOTE 8 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 “Fair Value Measurements” establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Registered investment companies (mutual funds): Valued at the net asset value (“NAV”) of shares held by the plan at year end.

NOTE 8 – FAIR VALUE MEASUREMENTS - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,745,397	\$ -	\$ -	\$ 7,745,397
Investments at fair value	\$ 7,745,397	\$ -	\$ -	\$ 7,745,397

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 6,458,049	\$ -	\$ -	\$ 6,458,049
Investments at fair value	\$ 6,458,049	\$ -	\$ -	\$ 6,458,049

NOTE 9 – RELATED PARTY TRANSACTIONS

Plan investments include shares of pooled separate accounts that invest in registered investment company funds and collective trusts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
