INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Harrison Poultry Profit Sharing Plan
Bethlehem, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Harrison Poultry Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Supplementary Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Harrison Poultry Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Harrison Poultry, Inc. (the Company) who have one year of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. The Plan was originally established as of June 1, 1978, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Effective January 1, 2022, participants may elect to contribute to the Plan, in the form of after-tax voluntary contributions, up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their employer contributions into various investment options offered by the Plan. The Company may make discretionary profit sharing contributions. The Company made discretionary profit sharing contributions of \$-0- and \$2,609,109 for the years ended December 31, 2023 and 2022, respectively. The 2022 discretionary profit sharing contribution was partially offset with \$844,641 of forfeitures in 2023. While the Company had no profit sharing contribution for the year ended December 31, 2023, the Company did make corrective contributions of \$34,921 during the year.

Participant Accounts Each participant's account is credited with the participant contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. The Company's allocations are based on a participant's eligible compensation, relative to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions. Discretionary profit sharing contributions are subject to vesting. A participant is 100% vested after three years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 60. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of December 31, 2023 and 2022, the amounts allocated to participants who elected to withdraw from the Plan but have not yet been paid totaled \$79,105 and \$-0-, respectively.

NOTES TO THE FINANCIAL STATEMENTS

Forfeitures Forfeitures attributable to discretionary profit sharing contributions may be used to reduce Plan expenses, reduce future employer discretionary profit sharing contributions, or be allocated as additional Company contributions. Forfeited nonvested account balances totaling approximately \$36,525 and \$228,487 were used to reduce Plan expenses for the years ended December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, \$844,641 of forfeitures were used to offset employer contributions from the 2022 plan year. During the year ended December 31, 2022, \$3,052,281 of forfeitures were used to offset employer contributions from the 2021 plan year. At December 31, 2023 and 2022, the remaining forfeited nonvested accounts totaled \$-0- and \$797,182, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustees. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

(Continued)

Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described on the next page:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

See note 4 for the classification of these assets within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through September 24, 2024, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income (loss) included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2023 and 2022, were not subject to auditing procedures and have been certified as complete and accurate by Matrix Trust Company (Matrix). Matrix is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

December 31, 2023	Level 1		Level 2		Level 3		Total
Mutual funds	\$	31,036,645	\$	-	\$	-	\$ 31,036,645

December 31, 2022	Level 1		Level 2		Level 3		Total
Mutual funds	\$	33,847,044	\$	-	\$	-	\$ 33,847,044

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

One of the Plan's investment options is the AUL Stable Value Fund, which is a fully benefit-responsive annuity contract issued by OneAmerica. This contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under a contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The total contract value was \$4,918,625 and \$4,846,738 for the years ended December 31, 2023 and 2022, respectively.

Harrison Poultry Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 1.14%. Cash flow volatility (for example, timing of benefit payments), as well as asset underperformance, can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) The Plan's failure to qualify under Section 401(a) of the IRC, or the failure of the trust to be tax exempt under Section 501(a) of the IRC; (2) Premature termination of the contracts; (3) Amendments to the Plan document, including complete or partial plan termination or merger with another plan; (4) Changes to the Plan's prohibition on competing investment options; or (5) Bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, or that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) Uncured violation of the Plan's investment guidelines; (2) Breach of material obligation under the contract; (3) Material misrepresentation; or (4) Material amendment to the agreements without the consent of the issuer.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company is the administrator of the Plan. The Plan's administrator may designate other persons to carry out the day-to-day operations of the Plan. OneDigital Advisors is an investment advisor to the Plan.

OneAmerica provides certain administrative services to the Plan pursuant to an agreement between the Company and OneAmerica. OneAmerica provides revenue from mutual funds and other service providers for services provided to the funds. This revenue is used to offset certain amounts owed to OneAmerica for administrative services to the Plan.

Harrison Poultry Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by OneAmerica from investment providers exceeds the amount owed under the agreement, OneAmerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to OneAmerica for administrative services not covered by revenue sharing.

7. TAX STATUS

The Plan has adopted a pre-approved non-standardized profit-sharing plan established by OneAmerica Financial Partners, Inc. The pre-approved plan obtained an opinion letter on August 19, 2020, in which the Internal Revenue Service (IRS) stated that the form of the pre-approved plan, as then designed, was acceptable under Section 401 of the IRC. Although the Plan has been amended since adopting the pre-approved plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits of the financial statements to Form 5500:

10. PLAN AMENDMENTS

Effective January 1, 2022, the Plan was restated as required by the IRS under the Cycle 3 DC restatement. There were no significant changes to the Plan operations related to this restatement.

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Securing a Strong Retirement Act of 2022 (SECURE 2.0). SECURE 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements. Generally, plans have until December 31, 2026, to formally amend the plan document to address these provisions.

Effective January 1, 2023, the Plan was amended to change the eligibility age from 21 years old to 18 years old for both employee after-tax voluntary contributions and discretionary profit sharing contributions.

Effective November 1, 2023, the Plan was amended to allow distributions within a reasonable period following the date the participant terminates employment, rather than the date the participant reaches normal retirement age.

11. SUBSEQUENT EVENT

Effective January 1, 2024, the Plan was amended to remove the employee after-tax voluntary contribution provision from the Plan.
