REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Open Text, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Open Text, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audits). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Opinion – basis of accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audits of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note B.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Open Text, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, including definitions of key terms.

General

The Plan, established on May 1, 1992, is a defined contribution plan covering eligible U.S. employees of Open Text, Inc. (the “Company” and “Plan Sponsor”) who are age 19 or older and who have completed three months of service at a monthly enrollment period. Effective September 2019, the service requirement was eliminated. A number of participating employers are also included in the Plan. The Company is the Plan Administrator and Fidelity Management Trust Company (“FMT”) is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year, participants may elect to defer up to 60% of their total eligible compensation, as defined in the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Service (“IRS”). Participants may also elect after-tax Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified plans into the Plan.

Effective February 2, 2022, the Plan was amended to update the non-discretionary employer matching contribution percentage to 37.5% on the first 4% of participants' contributions. Additionally, the Plan was amended to match the catch-up deferral contribution by the employer at the rate specified in the non-discretionary matching percentage.

Effective January 1, 2023, the Plan was amended to update the non-discretionary employer matching contribution percentage to 50% of a participant's contribution up to 4% of eligible participant compensation. Additionally, the Plan was amended to match the catch-up deferral contribution by the employer at the rate specified in the non-discretionary matching percentage.

The Company may make discretionary nonelective contributions in an amount to be determined by the Board of Directors for each Plan year. Discretionary nonelective contributions, if any, made to the Plan will be allocated to participants' accounts based on how the ratio of participants' eligible compensation bears on the total eligible compensation paid to all participants. In order to receive the discretionary matching contribution, employees must be employed on the last day of the Plan year and have completed 1,000 hours of service. In 2023, there was no discretionary nonelective contribution made.

On October 6, 2023, an Open Text Board resolution was signed to freeze the Micro Focus US Inc. 401(k) Plan effective December 31, 2023 and allow employees of Micro Focus US Inc. and its affiliates to participate in the Open Text, Inc. 401(k) Plan effective January 1, 2024. The resolution recognizes predecessor service for eligibility and vesting, and retains the current Micro Focus employer matching formula of 50% on the first 6% of compensation contributed within the Open Text plan.

Participants' Accounts

The Plan permits each participant to allocate his or her deferral in 1% increments to the various investment funds offered by the Plan. Each participant's account is credited with the participant's contributions, allocations of the Company's matching contributions and Plan earnings, and charged with any expense relating to the participant's fund selection and/or transaction activity and Plan losses. Any forfeiture

Open Text, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS - CONTINUED

December 31, 2023 and 2022

allocations are based on participants' earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus or minus actual earnings (losses) thereon. Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after four years of credited service (25% per year). Participants who are employed by the Company on the date they become disabled shall be 100% vested, regardless of years of service. Certain participants whose balances transferred into the Plan from a plan merger have differing vesting provisions as described in the Plan document.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear a fixed interest rate based on the prevailing interest rates charged by persons in the business of lending money. The interest rate for loans outstanding at December 31, 2023 and December 31, 2022 ranged from 3.25% - 9.5% and from 3.25% - 7.25%, respectively. The period of repayment cannot exceed five years for a general-purpose loan or 10 years for a primary residence loan. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Effective January 1, 2020, at the time of termination a participant with an outstanding loan balance will no longer be due immediately, rather continue to be payable in accordance with provisions of the participant promissory note.

Payment of Benefits

Upon termination of service, retirement, death or disability, the vested portion of a participant's account balance may be distributed to the participant or beneficiary by transfer to another qualified plan or individual retirement account, through a lump-sum distribution or in installment payments. If a participant's account balance is less than \$7,000 but greater than \$1,000 upon termination, a distribution of the participant's account balance may be made automatically into an individual retirement account. If a participant's account balance is less than \$1,000 upon termination, a distribution of the participant's account balance may be made automatically in a single lump-sum cash distribution.

In-service withdrawals of a participant's vested account balance may be made by participants who have attained the age of 59½. Hardship withdrawals from a participant's deferral contribution account are permitted when certain criteria are met. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time. Per IRS regulations, participants are required to take a minimum required distribution by April 1 of the year following the year they reach age 73.

Forfeited Accounts

Upon distribution of a participant's account, the non-vested portion of the Company's matching contribution and discretionary contribution (if any) and earnings thereon are forfeited. Forfeitures shall be determined at least once during each Plan year. Forfeitures may be applied first to payment of administrative expenses. Any remaining forfeitures may be used to reduce the employer contributions, allocated to the remaining Plan participants or retained by the Plan for future disposition. For the year ended December 31, 2023, forfeited amounts used to pay administrative expenses and reduce employer contributions were approximately \$127,000 and \$0, respectively. Balances remaining in the forfeiture account as of December 31, 2023 and 2022 were approximately \$56,087 and \$94,215, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). The financial statements are maintained on the modified cash basis of accounting except for the accounting for investments at fair value. Contributions, dividends and interest are recorded when received rather than when earned. Administrative expenses and benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See also Note D for discussion of fair value measurements and investment valuation.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The investment management fees and operating expenses charged to the Plan are deducted from investment income earned on a daily basis and are included in net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received. There was no material unpaid interest at December 31, 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

NOTE C - INVESTMENTS AND INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the Trustee of the Plan, has certified that the following

Open Text, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS - CONTINUED

December 31, 2023 and 2022

information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment loss and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are actively traded open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

Open Text, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS - CONTINUED

December 31, 2023 and 2022

Money Market Fund: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are actively traded open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.

Collective Trust Funds: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the trustee, is based upon observable market prices of the underlying investments within less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of the fair value, is published and is the basis for current transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 250,094,448	\$ -	\$ -	\$ 250,094,448
Collective trust funds	722,459,489	-	-	722,459,489
Money market fund	59,170	-	-	59,170
Total investments, at fair value	\$ 972,613,107	\$ -	\$ -	\$ 972,613,107
December 31, 2022				
	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 239,433,595	\$ -	\$ -	\$ 239,433,595
Collective trust funds	603,993,195	-	-	603,993,195
Money market fund	52,567	-	-	52,567
Total investments, at fair value	\$ 843,479,357	\$ -	\$ -	\$ 843,479,357

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of Levels 1, 2 or 3.

Open Text, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS - CONTINUED

December 31, 2023 and 2022

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by subsidiaries of FMTC. FMTC is the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are also related party transactions under ERISA. All of these related party and party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE G - TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the IRS dated February 11, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the trust is tax exempt. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subjected to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through September 19, 2024, which represents when the financial statements were available for issuance, to ensure that the Plan's financial statements include appropriate disclosure of events both recognized in the financial statements as of December 31, 2023, and events which occurred subsequent to December 31, 2023, but were not recognized in the financial statements.

Following the acquisition of Microfocus, Open Text, Inc. became the sponsor of the Microfocus Plan. Microfocus employees became eligible to participate in the Open Text Plan effective January 1, 2024 and that the sponsor intends to merge the microfocus plan assets into the Open Text Plan on January 1, 2025.
