Independent Auditors' Report

Board of Trustees
HTH Companies, Inc. Retirement Plan
Union, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HTH Companies, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA") as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held (at end of year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

1. Plan Description

The following description of the HTH Companies, Inc. Retirement Plan (the "Plan") is provided for financial reporting purposes only. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1994, amended and restated January 1, 2023, and is a defined contribution plan as defined by Section 401 of the Internal Revenue Code ("IRC") covering all eligible employees of HTH Companies, Inc. and Clearview Enterprises, LLC (collectively the "Plan Sponsor"). Effective January 1, 2023, Clearview Enterprises, LLC terminated its participation in the Plan and the account balances of all Clearview Enterprises, LLC participants were transferred to the QuesTec 401(k) defined contribution retirement plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees may become participants following six months of service and attaining 18 years of age. The Plan entry date is the first day of the calendar month following the date the eligibility requirement is satisfied.

Contributions

Participants may contribute up to 100 percent of pretax annual eligible compensation, as defined in the plan document, not to exceed certain dollar limits established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor provides for a discretionary employer matching contribution of 3 percent of eligible compensation. These contributions may be suspended or discontinued at any time.

The Plan Sponsor may also make an annual discretionary profit sharing contribution to the Plan. Contributions are allocated to eligible participants' accounts based upon the ratio that each participant's eligible compensation bears to the total eligible compensation paid to all participants. Participants must be actively employed at the end of the Plan year to receive the profit sharing contribution.

**HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Certain employees are eligible to participate in the prevailing wage portion of the Plan on the first day of the calendar month following their date of employment provided that they are at least 18 years of age. Any eligible employee who receives wages under a prevailing wage law may have a contribution made on their behalf based on the hourly contribution rate required under the prevailing rate applicable to the employment classification for that construction project. After six months, employees are entitled to make elected deferral contributions. Employees must complete 501 hours of service or be employed on the last day of the Plan year to receive any Plan Sponsor discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their contributions and the Plan Sponsor's prevailing wage contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary match and profit sharing is based on years of service, as defined in the plan document. Participants are considered fully vested after three years of credited service. Participants complete a year of credited service for vesting upon completion of 1,000 hours during a Plan year.

The nonvested balance is forfeited upon termination of service. Participants become fully vested upon death, termination of the Plan, normal retirement age, or total disability.

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,176 and \$7,288, respectively. These accounts can be used to pay for administrative expenses or to reduce employer contributions. For the years ended December 31, 2023 and 2022, employer contributions were reduced by \$4,112 and \$5,312, respectively, from forfeited nonvested accounts.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The maximum number of loans available to any participant is two. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.50 percent, which are determined by the plan administrator and are based on the rates available for similar loans from commercial lending institutions. The loan repayment period is dictated by the plan document based on the original use of the funds. Principal and interest are paid ratably through payroll deductions.

**HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Payment of Benefits

Prior to separation from service with the Plan Sponsor, a participant may request a distribution of rollover contributions. In the event of a financial hardship, certain participant funds, as defined in the plan document, may be requested for distribution. In-service distributions may also be requested by participants who are at least age 59 1/2.

Upon attainment of normal retirement age, total disability, or death, the amount credited to a participant's account is payable in a lump sum or installments. Upon termination of employment for reasons other than retirement, total disability, or death, the participant's account balance will be distributed in a manner based on the value of the account. If a separated participant's account does not exceed \$5,000, the benefit will be distributed in a lump sum within a reasonable time after termination of employment. If the participant's account balance exceeds \$5,000, the participant may elect to receive the benefit in a lump sum or installments in accordance with the plan document.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount that would be received from permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of investments.

3. Change in Accounting Principle

Effective January 1, 2023, the Plan adopted ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, as amended. FASB ASC 326 replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss ("CECL") methodology. CECL requires an estimate of future credit losses for the remaining estimated lives of financial assets based on relevant information about historical experience, current conditions, and reasonable and supportable financial forecasts that affect the collectibility of the reported amounts. The measurement of expected credit losses under CECL is applicable to financial assets measured at amortized cost. Such assets are presented at the net amount expected to be collected over their remaining contractual lives using an allowance for credit losses. The adoption of FASB ASC 326 resulted in no change in the allowance for credit losses as of January 1, 2023.

4. Information Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) of investments and interest income on notes receivables from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Lincoln National Life Insurance Company ("Lincoln"), the custodian of the Plan. The contract value of the stable value fund was also certified by Lincoln.

5. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments, at fair value, consist of pooled separate accounts which are directly invested in mutual funds, equity securities, or fixed maturity securities. These securities are valued at the net asset value ("NAV") based on the observable underlying investments. The NAV is used as a practical expedient to estimate fair value.

The fair value leveling table has been excluded from these financial statements as all investments are measured at NAV, as a practical expedient, or at contract value.

HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Investments measured at fair value based on NAV per share as a practical expedient as of December 31, are as follows:

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	\$ 5,773,033	None	Daily	N/A
<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	\$ 5,034,278	None	Daily	N/A

6. Stable Value Funds

The Plan holds stable value funds with Lincoln, which are fully benefit-responsive investment contracts. Lincoln maintains the contributions in a general account. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of December 31, 2023 and 2022, the contract value of the fully benefit-responsive investment contracts were \$76,956 and \$139,864, respectively.

These traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value funds. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the Plan for employee contributions; any change in law, regulation or administrative rulings applicable to the Plan that could have a material adverse effect on the stable value fund's cash flow; any communication given to unitholders by the Plan Sponsor, any other Plan fiduciary or Lincoln that is designed to induce or influence unitholders not to invest in the stable value fund or to transfer assets out of the stable value fund; any transfer of assets from the stable value fund to a competing investment option; or withdrawals initiated by the Plan Sponsor. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

7. Related Party and Party-in-Interest Transactions

At December 31, 2023 and 2022, Plan investments are shares of pooled separate accounts and stable value funds of Lincoln. Lincoln provides custodian services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) of investments.

During 2023 and 2022, the Plan Sponsor paid certain administrative and other operating expenses of the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of their account.

9. Tax Status of Plan

The Plan adopted a prototype plan provided by Lincoln. The prototype plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

HTH Companies, Inc. Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

In accordance with GAAP, the Plan Sponsor is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2020. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Delinquent Participant Contributions

In 2019, the Plan Sponsor failed to remit certain participant contributions totaling \$94,910 to the Plan on the earliest date these amounts could reasonably have been segregated from the Plan Sponsor's general assets. Late remittances of participant contributions constitute a prohibited transaction under ERISA. Related lost earnings and excise taxes were paid by the Plan Sponsor in October 2020 and February 2022.

In 2022, the Plan Sponsor failed to remit certain participant contributions totaling \$115,978 to the Plan on the earliest date these amounts could reasonably have been segregated from the Plan Sponsor's general assets. Related lost earnings and excise taxes were paid by the Plan Sponsor in November 2023.

In 2023, the Plan Sponsor failed to remit certain participant contributions totaling \$317,627 to the Plan on the earliest date these amounts could reasonably have been segregated from the Plan Sponsor's general assets. The 2023 late remittances have not been corrected as of the date of the report.
