Independent Auditor's Report

To the Plan Committee of
Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust
Jacksonville, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Multifoods & Affiliates 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOUTHERN MULTIFOODS & AFFILIATES 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Note 1 – Description of Plan:

The following description of Southern Multifoods & Affiliates (Company) 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing and salary deferral 401(k) defined contribution plan of Southern Multifoods, Inc. (SMI) and its affiliate, Metroplex Multifoods, Inc. (MMI). Fidelity Management Trust Company (Fidelity) serves as the Plan asset custodian and record keeper (custodian). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers all full-time employees who have completed one year of service, 1,000 hours, and are age twenty-one or older. Participants are considered to have completed one year of service for purposes of eligibility on the anniversary of their first day of employment. Employees may enter the Plan on the first day of the following month that eligibility requirements are met.

Participant Contributions

Participant deferrals cannot exceed a maximum dollar amount determined by the Internal Revenue Service (IRS) each year, including catch-up contributions for participants who have attained age 50 before the end of the Plan year.

Employer Contributions

We operate as a safe harbor 401(k) Plan with the Company making matching contributions in an amount equal to 100 percent of participants' first 3 percent of eligible compensation and 50 percent of participants' next 2 percent of eligible compensation. Maximum matching contributions may not exceed 4 percent of eligible annual compensation. The Company may also make discretionary contributions in any Plan year. There were no discretionary contributions in 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, investment earnings on the participant's account balance, as defined, and an allocation of forfeitures based on the participants' eligibility in the respective type of contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in Safe Harbor employer matching contributions.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Loans bear interest rates which commensurate with local prevailing rates as determined periodically.

Note 1 – Description of Plan: (continued)

Participant loans are measured at the unpaid principal balance plus accrued but unpaid interest. All participant loans are secured by the participant's account balance. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Management considers all loans to be well-collateralized and determined that no reserve was necessary to properly state the receivables balances at December 31, 2023 and 2022.

Payment of Benefits

Upon death, disability, retirement, or termination, a participant may elect to receive a lump-sum distribution equal to the vested balance of their account or may elect to have the distribution rolled over to another qualifying plan. Upon obtaining the age of 59.5, participants may elect in-service distributions.

At December 31, 2023 and 2022, there were no Plan assets allocated to accounts of persons who had withdrawn from the Plan but had not been paid.

Forfeitures

Forfeitures represent the portion of non-vested benefit payments remaining in the Plan for terminated employees. Forfeitures are used to reduce employer matching contributions or pay Plan expenses. No significant forfeiture balances were available or applied toward the employer's contribution for the years ended December 31, 2023 and 2022.

Expenses of the Plan

All reasonable expenses of administering the Plan will be paid out of the Plan assets, unless paid for by the Company. The Company paid or reimbursed the Plan for Plan expenses which amounted to \$9,000 for the years ended 2023 and 2022.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Company contributions to various investment options. These options include money market funds, bond funds, domestic and international equity mutual funds, and age-based portfolio retirement funds. Participants may change their investment options daily via online account access.

Note 2 – Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from those estimates. Accordingly, actual results may differ from those estimates.

Note 2 – Summary of Significant Accounting Policies: (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on an ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 3 – Federal Income Tax:

The IRS in its letter dated June 30, 2020, stated that the Fidelity prototype plan as adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan has no income subject to unrelated business income tax.

Note 4 – Information Prepared and Certified by Plan Custodian:

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the custodian.

The Plan has received certification from the custodian of the market value of all the Plan's investments as of December 31, 2023 and 2022, and of interest income and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2023 and 2022. The Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, have been prepared based upon this certified information and reflect the amounts certified by the custodian.

Note 5 – Concentration of Credit Risk:

The Plan contains certain investment options, whose balances represent a significant concentration of Plan investments. For the years ended December 31, 2023 and 2022, Fidelity 2035, 2040, and 2045 target date retirement funds represented 41 percent and 58 percent, respectively, of total investments, and each individually represented in excess of 10 percent of total investments.

Note 6 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. Following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 – inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 – observable inputs, such as, quoted market prices of similar assets or liabilities in active markets or for identical assets or liabilities in markets that are not active; and Level 3 – inputs are unobservable and have the lowest priority. As discussed above, the Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

	<u>2023</u>	<u>2022</u>
Level 1:		
Interest bearing cash	\$ 714,000	\$ 798,488
Mutual funds	<u>9,369,276</u>	<u>7,179,609</u>
Investments at Fair Value	<u>\$ 10,083,276</u>	<u>\$ 7,978,097</u>

Note 7 – Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>December 31,</u> <u>2023</u>	<u>2022</u>

Note 7 – Reconciliation of Financial Statements to Schedule H of Form 5500: (continued)

The following is a reconciliation of changes in net assets available for benefit per the financial statements for the years ended December 31 to Schedule H of Form 5500:

	<u>2023</u>	<u>2022</u>
Changes in net assets available for benefit per the financial statements	\$ 2,307,243	\$ (880,576)
Add: Prior year contributions receivable	90,503	82,968
Less: Current year contributions receivable	<u>(93,475)</u>	<u>(90,503)</u>
Changes in net assets available for benefit per Schedule H of the Form 5500	<u>\$ 2,304,271</u>	<u>\$ (888,111)</u>

Note 8 – Amendment and Termination:

There were no significant Plan amendments during years 2023 and 2022.

Although it has not expressed an interest to do so, the Company has the right to amend or terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100 percent vested in the accounts.

Note 9 – Party-in-Interest and Related Party Transactions:

Certain Plan investments are shares of investment options that are managed by the Trustee or its affiliates. The Plan and its participants pay both direct and indirect fees to the custodian for investment management services. The Company may pay directly certain other fees related to Plan operations. Transactions such as these qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

Note 10 – Risks and Uncertainties:

The Plan holds various investment instruments via mutual funds and interest-bearing cash options. Each of the instruments is designed to offer participants various levels of risk tolerance. In general, all investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market volatility can be impacted by both domestic and global economic conditions. Due to the level of risk associated with certain investment options, it is reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported on the financial statements. However, it is difficult to forecast these conditions future impact on the Plans operations and assets with any certainty.

Note 11 – Subsequent Events:

Management has evaluated subsequent events through September 26, 2024, the date which the financial statements were available to be issued.
