Independent Auditors' Report

To the Plan Administrator and Participants of
Allegiance Mobile Health 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Allegiance Mobile Health 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2023 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the 2023 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated August 24, 2023 indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of Allegiance Mobile Health 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Bluebird Medical Enterprises, LLC dba Allegiance Mobile Health (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective December 19, 2023, the Plan's recordkeeper and third-party administrator are Voya Retirement Insurance and Annuity Company ("Voya") and Nova 401(k) Associates ("Nova"), respectively. Voya provided a certification to the Plan administrator related to assets held for investment of the Plan as it is an insurance carrier regulated, supervised and subject to periodic examinations by a state or federal agency. Through December 18, 2023, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, "Empower") served as the custodians and recordkeeper of the Plan, and Administrative Fiduciary Services, Inc. administered the Plan. An officer of the Company acts as the trustee of the Plan.

Eligibility - Employees who are 18 years of age and have completed 90 days of service are eligible to participate in the Plan on the first day of the quarter coinciding with or next following the date the requirements are met. Participants must complete 1,000 hours of service during the Plan year and also be employed on December 31 to be eligible for employer contributions. Employees covered by a collective bargaining agreement, nonresident aliens with no U.S. source income and temporary, seasonal, or part-time employees, as defined, are not eligible to participate in the Plan.

Contributions - Eligible employees have the option to contribute pre-tax and Roth contributions. A participant may authorize the Company to withhold up to 90% of his or her eligible compensation, not to exceed the annual limit established by the Internal Revenue Code ("IRC"). All newly eligible and rehired employees are automatically enrolled in the Plan with a pre-tax deferral percentage of 3%, unless the employee elects otherwise. The automatic deferral contributions increase annually by 1%, not to exceed 10% of eligible compensation. A participant's pre-tax and Roth contributions are separately accounted for, as are the gains and losses attributable to each. Participants who reach age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax and Roth distributions from other qualified retirement plans or individual retirement accounts and repayments of 2020 penalty-free distributions permitted under the Coronavirus Aid, Relief, and Economic Security Act.

The Company may make discretionary employer matching contributions and discretionary employer nonelective contributions, although these were not elected for the year ended December 31, 2023.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and may be charged with an allocation of Plan expenses, as applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Notes receivable from participants are not permitted.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the Company's discretionary contributions plus actual earnings thereon after five years of credited service or upon reaching retirement age, if they become disabled while employed with the Company or terminate employment due to death. Participants are credited with a year of service for each Plan year in which they complete 1,000 hours of service.

Payment of Benefits - Benefits are generally payable upon age 59.5, disability, death, retirement or termination of employment. Benefits equal to the participant's vested account balance may be paid to a participant or beneficiary by lump sum, partial withdrawals, or rollover into a qualified plan, subject to regulatory requirements. Required minimum distributions are made to applicable participants in the absence of adequate distribution elections. Generally, if no longer employed by the Company, participants must either take a lump sum distribution or begin systematic, actuarially determined withdrawals by April 1 of the year following the year in which the participant turns 73 years of age (an increase from 72 years of age effective January 1, 2023). The Plan administrator may, without the participants' consent, i) distribute separated participants' account balances that are less than $1,000 in a lump sum or ii) transfer separated participants' account balances that are at least $1,000 but less than $5,000 into an individual retirement account. In-service distributions of rollover contributions may be taken at any time. In-service hardship distributions are permitted if certain criteria are met.

Current Legislation - The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date, all of which range over the next several years. Any SECURE 2.0 amendments must be adopted by the Plan no later than December 31, 2026, although it may operate under the new provisions as required or elected prior to amending the Plan document. Effective January 1, 2024, SECURE 2.0: i) increased the mandatory distribution threshold from $5,000 to $7,000, and ii) requires employers to allow any long-term, part-time employees to participate in a plan upon the earlier of the completion of a) one year of service (based on 1,000 hours) or b) three consecutive years of service (based on 500 hours), which is reduced to two consecutive years of service for plan years beginning after December 31, 2024. The Company is currently evaluating the impact of the remaining required and voluntary provisions of SECURE 2.0 on the Plan and its participants.

2. Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's fiduciaries determine the Plan's valuation policies utilizing information provided by the investment advisors, Empower, and Voya. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

Contributions - Contributions from participants are recorded in the year in which the participant contributions are withheld from compensation.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to distributions and investment management fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

3. Information Certified by Voya and Empower

Voya held the Plan's investment assets and executed investment transactions from December 19, 2023 to December 31, 2023, and Empower held the Plan's investment assets and executed investment transactions as of December 31, 2022, and for the period from January 1, 2023 to December 18, 2023. All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investments as of December 31, 2023 and 2022, and the related net investment gain during the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya and Empower.

4. Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Common/collective trusts are pooled investment vehicles designed primarily for certain qualified retirement plans. The fair value of these investments has been estimated using the net asset value per unit as a practical expedient, as provided by the fund managers, and is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported net asset values. There are no restrictions on participant redemptions, units may be redeemed daily and there are no unfunded commitments.

The Plan's investments recorded at fair value were as follows as of December 31:

	Fair Value Hierarchy	2023	2022
Mutual funds	Level 1	$ 65,812	$ 640,951
Total assets in the fair value hierarchy		65,812	640,951
Common/collective trust funds [(1)]	NAV	6,164,018	4,673,368
Investments at fair value		$ 6,229,830	$ 5,314,319

[(1)] In accordance with U.S. GAAP, certain investments that are measured at fair value using the net asset value per unit as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the amounts presented as investments at fair value in the statements of net assets available for benefits.

5. Fully Benefit-Responsive Investment Contracts

The Plan invests in a fully benefit-responsive investment contract with Voya (or "Issuer"), the Voya Fixed Account (4450), where the Issuer maintains the contributions in its general account. The general account is credited with contributions and earnings and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The terms of the contract prohibit transfer or assignment of rights under the contract, as defined, and there is frequent resetting of contractual interest rates based upon market conditions and no defined maturities. Certain events may limit the ability of participants to withdraw their funds. Such events include the following: i) certain amendments to the Plan documents (including complete or partial plan termination or merger with another plan); ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; iii) bankruptcy of the Company or other Company events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan; or iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. These events could limit the ability of the Plan to transact at contract value due to a market value adjustment, although the Company may elect an alternative payment option that allows for installment payments at contract value over a period not to exceed five years.

The Plan or the Issuer can terminate the contract by providing written notice to the other party 90 days prior to the termination date. If the contract was terminated, interest would not be less than the minimum interest rate established in the investment contract. The contract's crediting interest rate is based on an agreed-upon formula with the Issuer, as defined, but cannot be less than 1.00%.

Through December 18, 2023, the Plan also invested in another fully benefit-responsive investment contract with Empower, the EI Fixed Account - Series Class I, where Empower maintained the contributions in its general account. In connection with the change to Voya during 2023, the Company elected to liquidate the EI Fixed Account - Series Class I as the market value adjustment was not significant.

Each of the investment contracts are considered a "traditional" contract, meaning that the Plan owns the contract itself and not the underlying assets of the investment contract. These investments are included in the financial statements at contract value and were not significant as of December 31, 2023 or 2022.

6. Tax Status

The Company did not apply for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan was designed in accordance with applicable sections of the IRC. The Plan document is based upon a pre-approved plan instrument from Nova which received an IRS opinion letter dated June 30, 2020. Although the pre-approved plan instrument was amended since receiving the IRS opinion letter, the trustee and Plan administrator believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest and Related Party Transactions

Certain Plan investments as of December 31, 2023 and 2022 are shares of mutual funds and general accounts held by Voya and Empower or their affiliates. Fees earned by Voya, Empower, investment advisors and third-party administrators are included in administrative expenses and net appreciation in fair value of investments. Transactions such as these qualify as party-in-interest transactions. The Company pays directly certain other fees related to the Plan's operations.

8. Subsequent Events

The Company has evaluated subsequent events through September 26, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended and restated to allow part-time employees to participate in the Plan. Additionally, Note 1 describes the impact of current legislation on the financial statements.
